In April 2020, directors and employees exercised 1,095,000 stock options with strike prices of \$0.10 to \$0.16 and expiry dates of April 26, 2020 to July 28, 2020 to acquire the same number of common shares. Cash proceeds were \$116,500.

The ongoing COVID-19 global pandemic, and actions taken by governmental authorities in response thereto has resulted in volatility in financial and commodity markets; an overall slowdown in the global economy; disruptions to global supply chains; reductions in trade volumes; temporary operational restrictions and restrictions on gatherings of individuals, business closures and travel bans. The global pandemic could cause interruptions in and to the Company's customers. The current decline in energy prices have significantly impacted the demand for petroleum products and related transportation services and exposes our customers to risk of a decline in transportation revenue. The full extent and impact of the COVID-19 pandemic is unknown at this time and the degree to which it may impact our business operations and financial results will depend on future developments, which are highly uncertain and cannot be predicted with any degree of confidence, including: the duration, severity and geographic spread of the COVID-19 virus; further actions that may be taken by governmental authorities, including in respect of travel restrictions and business disruptions; the effectiveness of actions taken to contain the virus and treat the disease; and how quickly and to what extent normal economic and operating conditions can resume. While to date
