

### **Forest School Poor Weather Conditions Procedure**

At Little Owls Forest School, as far as possible we wish to embrace and instil in our participants the idea that, "There is no such thing as bad weather, just unsuitable clothing". We do however recognise that this does not apply in every weather condition that we experience here in the rural side of Dorset. The main exception to this idea is the case of strong winds.

If the forecast weather conditions are considered to be dangerous for participants, Little Owls Pre-School will rearrange for another time.
