

Versant Mobile

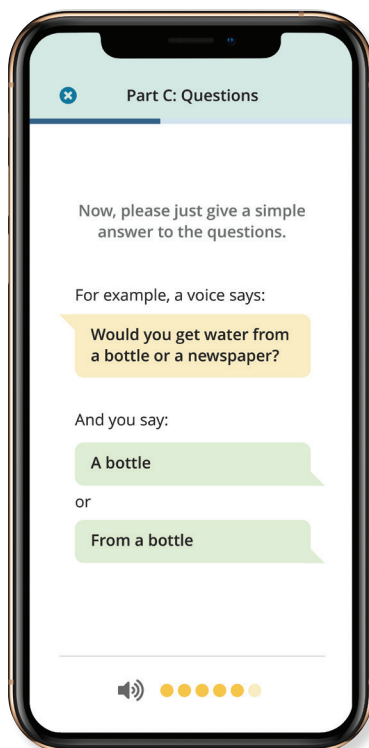

Language assessments at your fingertips

There's no such thing as business as usual anymore. Corporations are being challenged to go digital in every aspect of their business. From anywhere you are, Versant language tests can help you streamline your staffing and talent management processes, empowering you to quickly and objectively screen your candidates.

A new way of testing for a mobile-friendly world

Versant Mobile is our newest test delivery method, available right from your smartphone. HR professionals can easily administer tests, manage test takers, look up scores and more. Versant Mobile offers more flexibility, more convenience, and on-the-go test management at your fingertips.

Flexible testing wherever you are

Versant Mobile is designed for any testing situation:

- Large recruiting events when speed and scale means everything
- In the office for onsite interviews
- At-home testing as a pre-screening tool
- Offline testing for low bandwidth conditions

Testing has never been so easy

Simply provide a company phone or have candidates use their own device.

1. Download the Versant Mobile app from either the Apple App or Google Play store
2. Candidates enter their Test Identification Number
3. Candidates complete their test
4. Admins view scores from either the company device or from ScoreKeeper 1
