

Ground Security Operative (GSO) - Refresher

Our DfT mandated GSO refresher course is specifically designed for UK Ground Security Operatives working within the operational environment who are responsible for airport/airside security.

Overview

Our 1-day GSO refresher course is designed for staff who are already certified as a GSO and are required to refresh their training every 13 months under the mandatory syllabus. This can include the National X-ray Competency Test (NXCT) for x-ray screeners.

Our course will utilise your own existing knowledge and experiences and will incorporate updates on the threat to aviation, any recent relevant incidents and any changes to regulations or procedures, using best practices from throughout the aviation security industry.

Content

- The threat to aviation
- Controlling access points to Airside, SRA and CPSRA
- Preparing people for security checks
- Screening of baggage (cabin and hold) and items carried, including searching by hand
- Screening and searching of airport supplies
- Searching by hand of passengers and staff
- Using liquids testing equipment
- Using Explosive Trace Detection (ETD) equipment
- Screening and searching by Security Scanners, Walk Through Metal Detectors (WTMDs) or Hand Held Metal Detectors (HHMDs) of passengers and staff
- Searching and / or patrolling areas required by regulation
- Searching / protection of aircraft
- X-ray Training on all equipment including National X-ray Competency Test (NXCT)

Type: Classroom

Courses can be delivered at your location if required

Duration: 1 – 2 days (depending on modules required)

Please note

Before you can receive any aviation security training you must have successfully completed a background check that your employer must carry out. Once your employer has provided us with written confirmation that this has been completed, you can receive joining instructions to complete the training.

If you are a sole trader, please contact us and we will provide you with the necessary self-declaration.
