

# Ground Security Operative (GSO) - Initial

Our DfT mandated GSO initial and refresher courses are specifically designed for UK Ground Security Operatives working within the operational environment who are responsible for airport/airside security

## Overview

Our Ground Security Officer course will provide a foundation of knowledge and skills to your staff and ensure they are prepared for the operational challenges they encounter within your organisation

Following the new DfT syllabus, our GSO course will provide you with the knowledge and guidance to enable you to effectively implement security controls at any airport, ensuring compliance with national and international regulatory requirements

## Content

- The threat to aviation
- Recognition of firearms & explosives
- Controlling access points to Airside, SRA and CPSRA
- Preparing people for security checks
- Screening of baggage (cabin and hold) and items carried, including searching by hand
- Screening and searching of airport supplies
- Searching by hand of passengers and staff
- Using liquids testing equipment
- Using Explosive Trace Detection (ETD) equipment
- Screening and searching by Security Scanners, Walk Through Metal Detectors (WTMDs) or Hand Held Metal Detectors (HHMDs) of passengers and staff
- Searching and / or patrolling areas required by regulation
- Searching / protection of aircraft
- X-ray Training on all equipment including National X-ray Competency Test (NXCT)

## Course Details

Type: Classroom

Courses can be delivered at your location if required

Duration: 1 – 5 days (depending on modules required)

## Please note

Before you can receive any aviation security training you must have successfully completed a background check that your employer must carry out. Once your employer has provided us with written confirmation that this has been completed, you can receive joining instructions to complete the training.

If you are a sole trader, please contact us and we will provide you with the necessary self-declaration.
