

# X-Ray Image Recognition Training (6x6)

Our x-ray image recognition training is a recurrent requirement for all x-ray screeners and x-ray screening supervisors and is specifically designed to give staff flexibility to complete their 6 hours of x-ray image recognition training for every 6 month period

## Overview

This training is required for all cabin baggage, hold baggage and cargo & mail x-ray screeners and x-ray supervisors. It follows on immediately from initial screener training and is designed to enhance image interpretation skills and increase screeners ability to recognise prohibited articles.

## Content

Our x-ray images and training packages are created to cater for all experience and skills levels.

Unlimited 24/7 access allows for flexibility and ensures training can fit around operational commitments and still fulfil the 6x6 requirement

(Discount available for multiple licences)

## Please note

Before you can receive any aviation security training you must have successfully completed a background check that your employer must carry out. Once your employer has provided us with written confirmation that this has been completed, you can receive joining instructions to complete the training.

If you are a sole trader, please contact us and we will provide you with the necessary self-declaration.
