WG B.O.S.S III Body Orifice Security Scanner

B.O.S.S III Body Orifice Security Scanner helps to make prisons safe for inmates and staff by providing a non-intrusive method of detecting objects concealed in body cavities.

Three Detection Zones, Abdominal Cavity, Rectal-Vaginal Cavity, Shin Area.

The B.O.S.S III Body Orifice Security Scanner chairs are being used in some of the toughest jails and prisons throughout the world to detect unwanted metallic contraband objects hidden within the body cavities of detainees and inmates.

Proven effective in USA & UK prisons. Fast, harmless, safe and sanitary. Assists to eliminate carrying of blades, contraband, mobile phones and sim cards.
