WG UVM-TT Under Vehicle Search Mirror

A robust 'all metal' wheeled under vehicle mirror, specifically designed and developed with security personnel in mind, for searching the underside of vehicles.

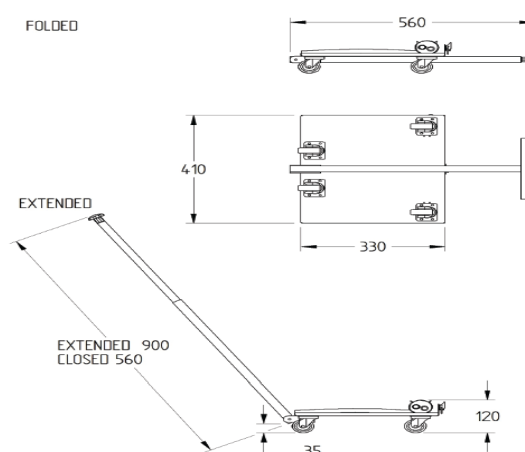

A large unbreakable plastic mirror provides a wide angle image, illuminated by a powerful light.

The "T" handle, which assists in tilting the mirror, is telescopic and folds away when not in use, can also be tilted to improve viewing angle.

SPECIFICATION

- Base: Steel painted black
- Casters: Swivel, un-braked, rubber wheel, nylon hub
- Light unit: Aluminium, Acrylic, Polyacetal
- Mirror: Convex Polycarbonate
- Telescopic Handles: Steel box section painted black
- Operational temperature range: -20 °C to +55 °C
