

SIA Level 2 – Working as a Security Officer

WESTMINSTER
GROUP PLC

This course is delivered in a classroom environment over 3 days with pre course distance learning and 1 workbook which students must complete and bring with them on day 1 of training

Overview

This course meets the requirements for candidates seeking to obtain an SIA security officers license to work as a security officer in a range of environments. The course covers 3 modules including conflict management. The course is run over 3 days and with 18.5 hours of guided contact learning.

Following successful completion of the programme candidates can create an online account with the SIA and complete their online license application on the official SIA website.

Trainees need to be physically healthy and must have a basic grasp of English both written and verbal. The course includes 3 level 2 knowledge exams (Multiple Choice).
