

# UV-C Portable Mobile

## Area Sanitising System

Product Code: 3570-12

### Key Features

**360° Surface Coverage**

**Up to 99.99% Disinfection**

**Kills Bacteria & Viruses**

**Utilises UV-C Lamps**

**Portable Mobile System**

**Lightweight**

### Overview

This is an ideal portable mobile solution for the sanitisation of surfaces in areas that require quick, efficient disinfection, such as buses, food preparation facilities, hotels, offices, medical centres, schools, shops, transport hubs, toilets, trains, warehouses etc.

The UV-C penetrates the outer structure of the cell and alters the DNA molecule, preventing replication and causing cell death.

Typical configuration 4 x C110 lamps on the base and 2 x XXL55 lamps on the wings with a smart controller.

The system should be strategically placed to eliminate shadowing; several operations may be required to cover larger areas with furniture etc.

### Features

Automatic Surface Disinfection

360° Coverage

Disinfects 25 m<sup>2</sup> in 2.5 minutes

220-240v, 50 / 60 Hz
