-  **Scan of the entire body in a single walk-by**
-  **Maintenance free**
-  **Wall mounted or stand alone**
-  **Throughput of 50-60 people per minute**
-  **100% safe**

## Overview

The **WG Portable Walk-By Mobile Phone & Metal Detector** is a rapid deployable solution for the detection of contraband items located on or within body cavities.

The easy to deploy system can be set up in 10 seconds, it has a throughput of 50-60 people per minute.

It can function in both horizontal and vertical positions in order to screen people and their belongings.

The system can detect mobile phones when on or off, and anywhere on the person or in body cavities. It can be placed out of view behind objects, doors and walls made of concrete, drywall, cinder block and steel studs. It is ideal for surprise and covert screenings.

A fully charged battery provides 10 to 16 hours operation.

The combination of the visual alert system and audio alerts makes detection easy for operators, however the system can be operated in stealth mode, allowing the device to work without visual and audio alerts.

### Features

- Audible & visual alarm or stealth mode
- Set up in 10 seconds
- 10-16 hours operation time on fully charged batteries.
- Can be used for covert screening
- Rapid deployable
- Throughput 50 to 60 persons per minute

## Controls

On/ Off push button

Sensitivity control for red alert

## Power Supply

Battery – 12V DC 4.5A h sealed lead acid,  
100/ 240V AC battery charger

Battery Run Time - 10 – 16 hours on full charge

Charge Time – 4 hours

Charging Ports - 1 on front of unit, 1 on bottom of unit

## Temperature Range

-10°C - +50°C | +14°F– +122°F

## Relative Humidity

0 – 95%NC

## Weight

Unit – 19.8 lbs

Base – 19.8 lbs

## Dimensions

Unit: W13.46 cm x D8.64 cm x H182.12 cm

Base: W34cm x D34cm x H36cm

## Wall Mount Profile

9.14 cm
