IT'S THE  
MOVE OF  
GOD IN THE  
HEARTS  
OF THE  
PEOPLE WE  
CELEBRATE.

This past year was a tremendous year as we saw God move more powerfully than ever. Men, women, and children experienced the love and salvation of God as they were brought into His kingdom in mass. I've personally never seen a move of God more striking than what God is doing in South Sudan.

The first quarter, it was a witch doctor, Abraham, who was radically saved and immediately wanted to plant a church. The fourth quarter, it was over five hundred people in five villages who suddenly professed allegiance to Jesus Christ. There was no evangelist among them – they had simply heard the Word of God by radio, were saved, and had churches planted in each village.

The stories from 2016 were so many. In the pages to follow, we hope the pictures and figures reflect some of what God is doing in South Sudan. Every Village experienced greater growth than ever before, led by a godly and gifted board and team. But it's the move of God in the hearts of the people we celebrate the most.

Thank you from the bottom of our hearts for your passion for South Sudan and your partnership in this movement. May our great God be deeply glorified as His grace and power saturate the country we love.

## WE ARE WITNESSING A SOVEREIGN, POWERFUL MOVE OF THE HOLY SPIRIT IN SOUTH SUDAN

From a heart of gratitude, I can report that our God is moving in great power in South Sudan. And by His grace, the ministry of Every Village advanced mightily in 2016. The integrated impact of our water, radio and missionary strategies is literally transforming villages.

I believe the prophetic promise of Isaiah 43:19 rests upon our future: Behold I am doing a new thing. Now it springs forth, do you not perceive it? I will make a way in the wilderness and rivers in the desert.

This year we drilled even more life-giving water wells. Our radio network – operating from Aweil, Tonj and Mvolo – achieved a broadcast reach of 3 million people. And as their air waves are saturated with the Gospel, our missionaries joyfully report thousands, even tens of thousands, coming to faith in Jesus.

As a Board, we are keenly aware that we are witnessing a sovereign, powerful move of the Holy Spirit in South Sudan. We are united in prayer for the wisdom to steward it well.

Your partnership with us is building the Kingdom! We are so deeply grateful for your prayer and financial support that undergird all we do.

# WATER

Water is the greatest physical need that the South Sudanese face. 40% of the country does not have access to clean drinking water. The need for water stunts church growth, as people often have to walk hours for water and can't go to church. Where wells are located, churches are often planted or existing churches experience substantial growth. Our prayer is that clean physical water will lead to corporate worship of the Living Water of Jesus Christ.

Abraham, a former witch doctor, wanted to help plant a church in his village. But with no water well, there was concern for the life of the church. Every Village partnered with Abraham and this new church to provide a water well and access to clean water. People began to be saved, including another witch doctor! God is at work physically and spiritually through water wells across South Sudan.

WHOEVER DRINKS OF THE WATER THAT I WILL GIVE HIM WILL NEVER BE THIRSTY AGAIN. THE WATER THAT I WILL GIVE HIM WILL BECOME IN HIM A SPRING OF WATER WELLING UP TO ETERNAL LIFE.

# RADIO

In Mvolo, when Ako'o FM went on the air, it was the first time the tribe received their own radio station. The gospel went out and Immediately testimonies began to flood into the station of people being saved. One of the greatest stories was of a man who woke up in the morning to find his son sick with a high fever. The man, who was not a follower of Jesus, turned on his radio to hear the radio presenter about to pray. The presenter invited listeners to lay their hands on any sick person nearby. This father put his hand on his sick son's head as our radio presenter prayed. His son was healed, he was saved, and he now composes songs of worship going out over the airwaves. Praise God for His power and grace on display in South Sudan.

# MISSIONARIES

Our Missionaries have seen the Lord turn suffering into joy in Tonj. Through the pain of sickness, missionaries have been embracing the South Sudanese with the love of Christ. One woman, Them, languished in her poverty and the poor health of her children. One day, she was visited by Tianna and Christina, who cared for the health of her children and showed her the love of Christ. This past Christmas, upon hearing the good new Jesus coming to Earth as our savior, Them submitted her life to Jesus and received his saving grace! God has brought new life into Them's family and turned her suffering into joy!

# REFLECTIONS ON SOUTH SUDAN

TIANNA CHAPMAN

When I walked into training to become a missionary with Every Village I never dreamed of the life I would live. A life of deep joy from loving such beautiful people. A life of walking into the hardship of life that the South Sudanese endure. A life marked with many tears for the sadness and brokenness all around, yet holding onto hope in the light we do see. A life created by purely saying “yes” to the invitation of following Jesus.

I stand today as I have walked through the trudge of emotions, from the abundance of joy to the cycle of grief from losing people I was sent to love, saying continually - “Jesus is worth it.” I get to live a beautiful life in South Sudan. To meet people face-to-face that are only a statistic to many. I get to celebrate generations coming into this world and friends committing their lives to Jesus. I see the light shining and growing ever so brightly in the darkness that encompasses South Sudan.

The South Sudanese are people who know struggle and suffering all too well and now we get the chance to help them learn a new culture. The culture and way of Jesus. A Savior who loves and chose them, and is calling them by name. The God who created them for His glory. We get the privilege and honor of living a life of pursuing, surrendering, and loving Jesus on display for a culture that does not have any other example of faithful followers of Jesus besides ourselves.

I pray for many more missionaries to come and join in the labor. The labor of loving Jesus and teaching, not just His words, but showing what being a follower of Jesus looks like. Our lives are a ripple effect - one act or pouring into one person can have a greater impact than we will ever know.

My life is a gift and I say it again, “JESUS IS WORTH IT!”
