

**The First Intelligent TMS  
for Full Truckload Carriers**

*Find better loads,  
increase your profits  
and grow your business.*

"In the trucking business, it is easy to lose money if you don't have the right TMS to manage your business. **Axele is more than just perfect. It makes my job easier** and tells me exactly what is going on in my business."

- **John Ganiev, Owner**  
Dream Transportation LLC

"Easy to use, innovative and comprehensive, Axele is the TMS I was waiting for. **Axele makes my life and our drivers lives much easier.**"

- **Bogdan Bota, Manager**  
N & G Trucking Company, Inc.

### CONNECTED

Axele is connected with Load Boards, ELDs, Market Rates, Maps, Accounting Systems and everything else you need to run your business easily.

### AUTOMATED

Axele automates most of your day-to-day functions so you can run your operations better and do more with less people.

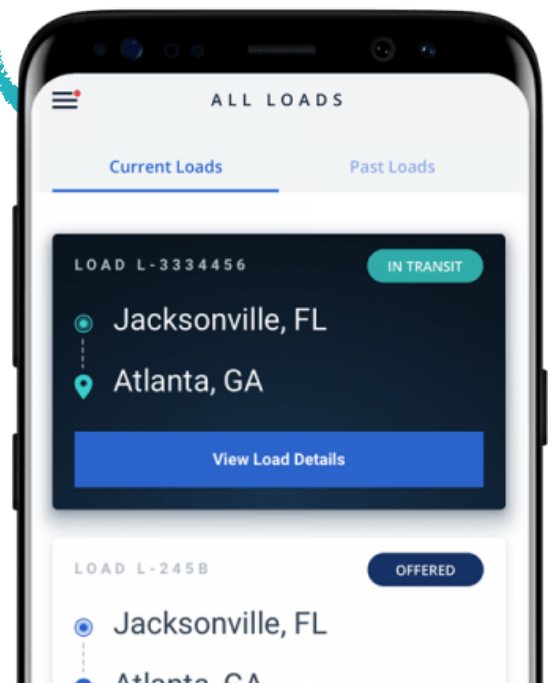

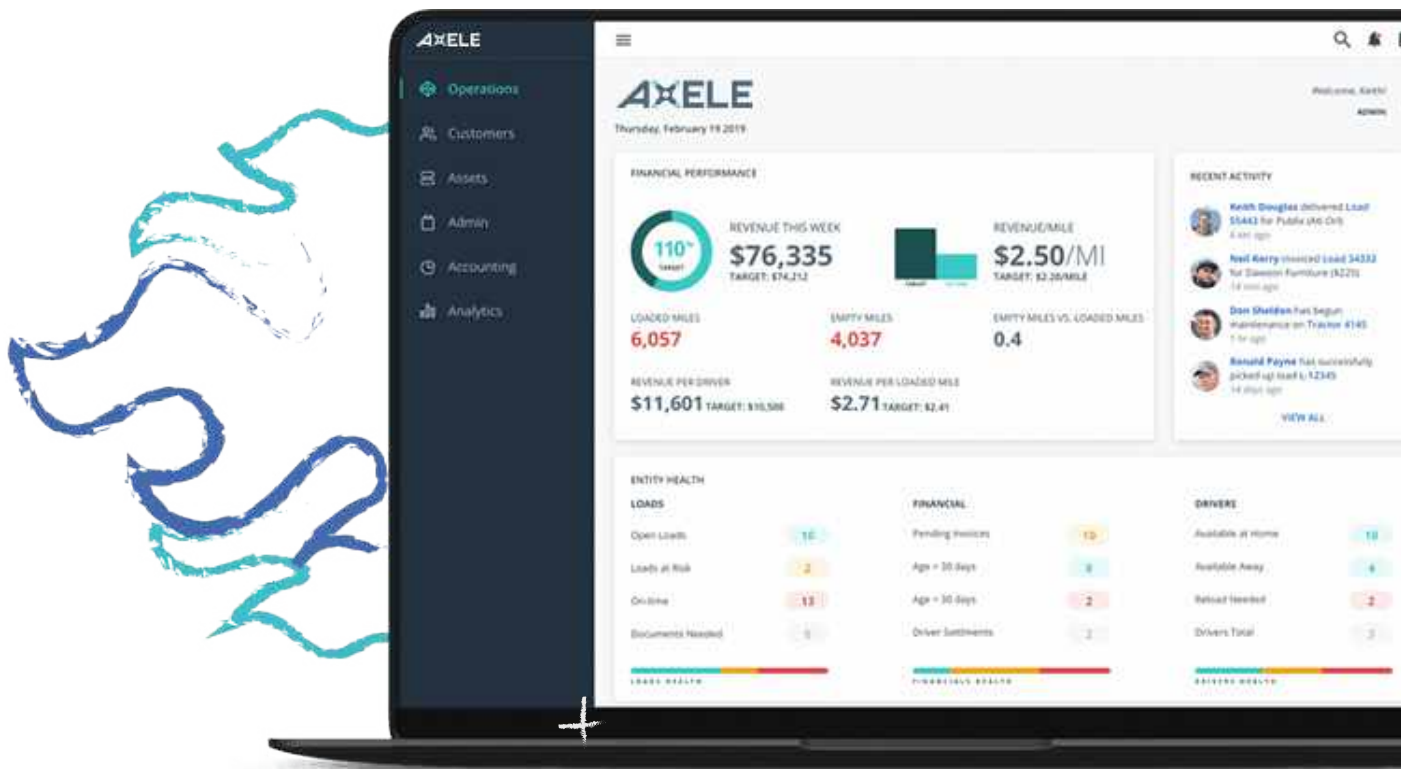

### OPTIMIZED

Axele brings the latest optimization technology to you so that you can find the best loads for your drivers by taking into account their hours of service and personal preferences.

## Free Axele Mobile App

Axele's mobile application can be downloaded on any android or apple phone and allows companies to automate dispatching and stay connected with drivers.

# Features and Capabilities

## A TMS that Connects to All of Your Systems.

- **Load Boards:** Search loads and post your truck availabilities to multiple load boards within Axele.
- **ELD:** Track your tractors and drivers and hours-of-service from within Axele and use it for load planning.
- **QuickBooks:** You can sync all your TMS accounting data with QuickBooks.
- **Customers:** Share a live tracking link for the load's location and ETAs at pickup and delivery.

## A TMS that Automates your Tasks and Saves you Time.

- **Centralized Load Management:** Easily manage every stage of the load life cycle: load confirmation, dispatching, document collection, invoicing and driver settlement.

- **Live Dispatch Board:** Track all your drivers, assets and loads on maps and visual timeline with live updates of loads.
- **Efficient Backoffice Functions:** Easily manage invoicing, driver payments, IFTA and documents. Also use safety features to help carriers remain compliant with DOT rules.

## A Smart TMS which Uses Optimization to Find Best Loads for you.

- **Smart Load Selection:** Find loads with the highest dollar per day or highest dollar per mile using an automated search of loads available in load boards.
- **Smart Trip Planning:** Create schedule of drivers from pickups to delivery of loads. Calculate hour-by-hour trip plan of drivers considering their (HOS).
- **Smart Quote Evaluation:** Find the best driver for any quote within seconds considering drivers' HOS and current load assignments.
