# DOCK SCHEDULING SOFTWARE

## REDUCE LABOR COSTS

Free up warehouse labor to focus on other areas of the business by reducing inbound calls and emails.

## LOWER FREIGHT COSTS

Lower rates by reducing or eliminating wait times and providing easy dock scheduling for carriers.

## TRACK PERFORMANCE

Gain insight into warehouse efficiency through powerful, real-time status tracking.

## WE SOLVE THE PROBLEM OF TRUCKS WAITING

Opendock is a centralized SaaS dock scheduling platform focused on solving the problems of trucks waiting in the yard by allowing carriers and brokers to book dock appointments with warehouses online. Warehouses purchase the platform to manage appointment availability, track workflow, and provide online scheduling to carriers.

# HOW IT WORKS

- 1** Warehouses create availability based on # of docks, loading time, equipment needed and labor.
- 2** Carriers sent to Opendock.com to schedule appointment and provide PO # and pallet counts.
- 3** Appointment shows up on warehouse schedule; confirmation e-mail sent to carrier.
- 4** Carrier arrives at warehouse, checks in, promptly unloaded and departing for next shipment.
