# LEAN SOLUTIONS
GROUP

Right Talent   Right Culture   Right Price

Since 2014, **Lean Solutions Group** has succesfully met the needs of over 100 clients providing staffing and technology solutions through dedicated processes and innovation, partnering with US based companies to establish their own satellite office in Colombia, South America. We now have a suite of products offering that range from traditional staffing, technology, marketing, and sales services. These solutions offer dedicated commitment, quality by scaning our clients´ businesses to its full potential, improving profitability and ensuring cost savings.

At **Lean Solutions Group,** we understand the importance of having well thought out and structured processes to transport Freight worldwide. Our Freight Forwarding Division is equipped with bilingual professionals specially trained on International Trade, INCOTERMS, Drayage, and more.
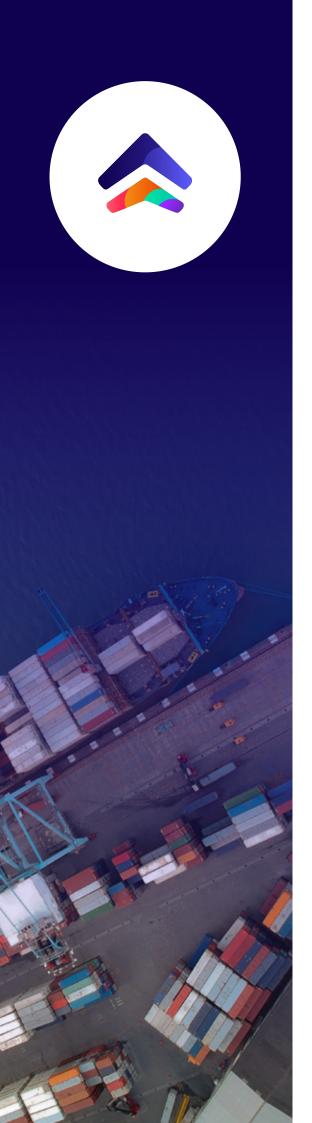

Our client base case expanded during the past year, summing up to 150 companies in 2020. We supply freight forwarding services to over 25 of those companies with more than 225 positions filled.
