

## Want a Faster, Easier Way to Ship Freight? Take Control with EchoShip™

Enjoy instant buying power with access to Echo's extensive LTL carrier network and over 50,000 truckload carriers with EchoShip. The EchoShip web portal gives you the ability to quote, book, ship, track, and manage invoices, now easier than ever before.

Get Immediate Access to Echo's Freight Marketplace with a Cutting-Edge, High-Performance Portal

- Quote and book truckload and LTL shipments faster
- See real-time shipment status updates
- Select carriers by what matters most to you (transit time, cost, insurance coverage, etc.)
- Access all load documents in one place
- Manage invoice payments for LTL, truckload, and partial truckload shipments
- Get quick access to best-in-class support with a dedicated representative who is one click or phone call away

### The EchoShip Portal Gives You More Time to Focus on Your Business

- Build loads quickly with EchoShip's guided quoting and shipment creation tool
- Reduce repetitive data entry by setting location and item defaults
- Save more time by storing frequently used shipment information and easily copying past shipments
- Monitor important loads by adding them to your Watch List

EchoShip offers quick and easy access to Echo's top-tier carrier network – 24/7. Just login, quote, and book!
