K-HUB:
THE INTEGRATION WITH
MS TEAMS

The Knowledge-Hub (**K-hub**)
is the main dashboard of **hi**
and it is always accessible
through Teams.

The K-hub allows employees
to easily experience **learning**
contents in an **immediate and**
effective way.

Beyond conventional learning

Micro-Learning

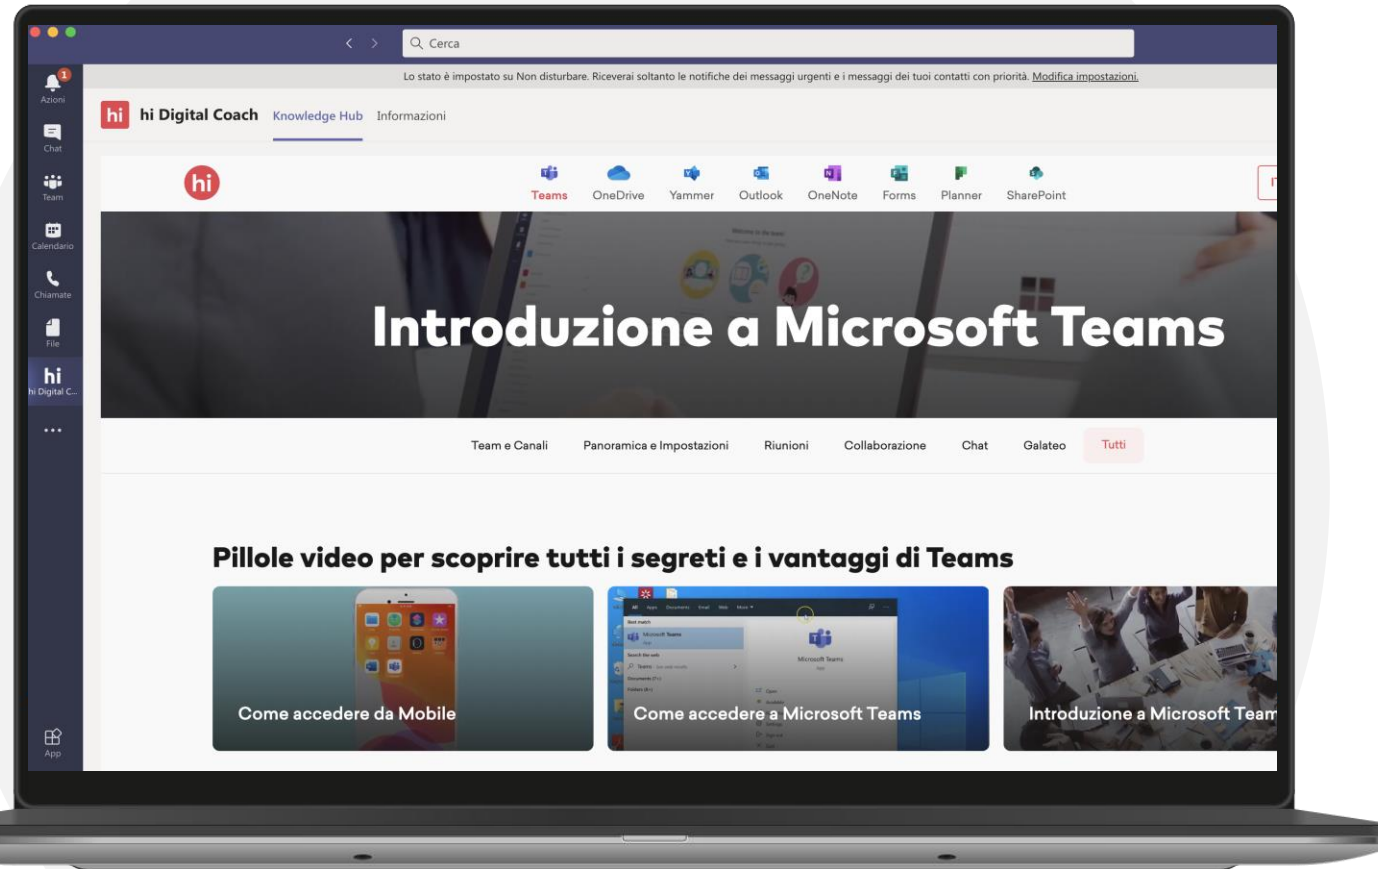

Learning contents are performed in **short time bursts** and require little effort.

Constant Engagement

Employees can access contents **whenever they want** and they are weekly engaged by the K-hub's **Adaptive Cards**.

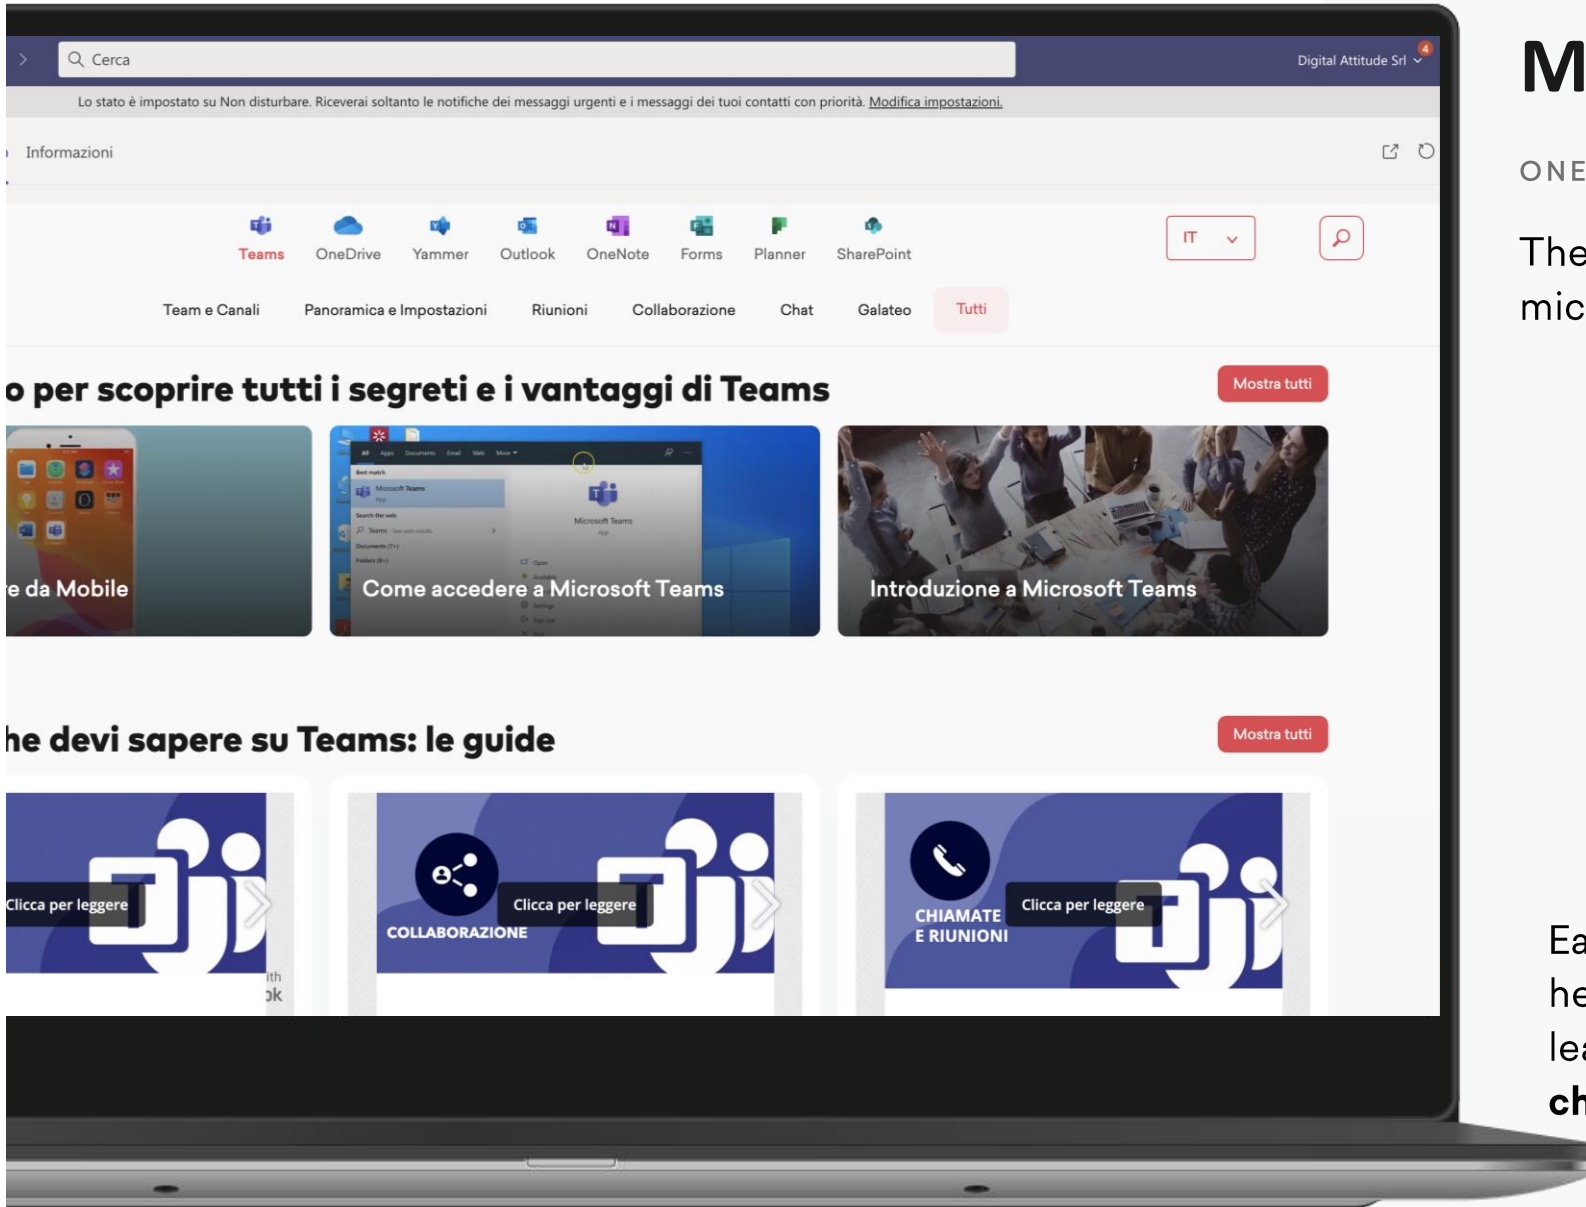

Fully Personalized

Contents can be **easily personalized** and adapted to company needs.

Plug& Play

The app can be downloaded from **MS Teams App Store** in a couple of clicks

Micro-learning

ONE CONTENT = ONE SKILL

The K-hub makes immediately accessible micro-learning contents like:

SMART-GUIDES

INTERACTIVE OBJECTS

Each content is designed to help employees tackle a large volume of learning contents by **taking small chunks at a time.**

The screenshot shows a Microsoft Teams chat interface. The chat is with 'hi Digital Coach'. The left sidebar shows a list of suggested contacts including Michel Young, James Wade, David Reynolds, Jim Moran, Audax User, Sumit Bhuttan, Katie Jordan, Kellie Human, and John Francis. The main chat area displays an adaptive card with a video thumbnail of a smiling man wearing a headset. Below the video, the card contains the text 'Manage Meeting like a Pro' and 'Want to know how to bring our meeting culture to the next level? Enjoy the following video.' A 'Learn More' button is visible at the bottom of the card. The Windows taskbar at the bottom shows the time as 15:34 on 2020-03-05.

Constant Engagement

ADAPTIVE CARDS ARE THE SECRET

Employees are constantly engaged through **adaptive cards**, direct call-to-actions that allow them to deepen specific materials uploaded on the hub.

The Adaptive cards are shared automatically in the personal chat by **hi** on a **weekly base**.
