Fortress Fibre Cabinets

The Connect Fortress cabinets provide multiple mounting options for CATV and TELCO equipment. Insect screen mesh is included on all vents to prevent access to the cabinet but allowing air to travel freely. Padlock hasps come standard. 14 or 16 gauge G-90 hot dipped mill galvanized steel coated to the process below surpasses all salt spray tests set by Bellcore Labs.
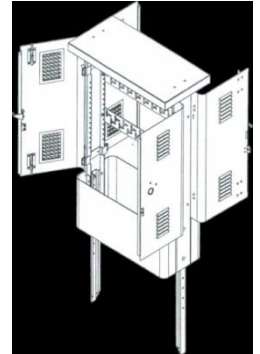

Advantages

- Pad Lock Hasp
- Removable Skirt, Lid, Doors
- Exceeds Salt Spray Tests
- Slam-Lock Door Lock

23"w x XX"d x 37"h

Connect Fortress 23" wide by 37" tall cabinets are available in both a stake mount configuration and vault mount configuration providing multiple mounting options for CATV and TELCO equipment. The Fortress design gives you dual side access to install and perform maintenance on your equipment. The lid, doors and skirts are removable which allows for easy installation and maintenance. Insect screen mesh is included on all vents to prevent access to the cabinet but allows air. Padlock hasps come standard. Exceeds salt spray tests. . Compatible vaults come with fiber management hooks, a 6-post ground block and ground plate installed/supplied
