

Won't Let Go
Equippers Revolution

Verse 1

Love was in Your eyes
Glory cast aside
Silently endured
All with me in mind

Grace I don't deserve
Love I cannot earn
Beautiful design
Your face now found in mine

Pre Chorus

Now You hold my heart
Jesus, You hold my heart
And I know You won't let go

Verse 2

Heaven opened wide
Darkness called to light
Redemption now alive
Forever glorified

I can feel You now
I can hear the sound
Creation unified
All to lift You high

Pre Chorus 2

Now You hold my heart
Jesus, You hold my heart

Chorus

And I know You won't let go
Steady You carry me
Constant in the unseen
The Cross my security

TAG / Chorus 2

And I know You won't let go
With this new heart I know
Every word will unfold
Even in mystery
I know You're holding me
