Don't need another lie
I need the whole truth
You're all that's on my mind
And I just want You

You're the same yesterday today and forever
So I'll trust in You no I won't let my heart grow cold
Your Word stands firm from the very beginning
So I'll praise Your name yeah You deserve it all

Your love breaks through a world full of problems
Whether high or low Your love is always there
Your presence fills me up so I can go higher
Empower me so I can live for You

I don't want anyone else but You
I put everything else aside
I want to get to know You more
