[Free Worship Demo] by Alexandria Gomez, Anthony Gomez, & Jake Espy

## Verse 1

In the wonder, in all things unknown  
In this moment there's revival  
From the valleys to the highest throne  
In your presence there are miracles

## Chorus

Higher than mountains rise  
The king of kings resides  
In the waiting  
In the giants we face  
Through the breaking  
He is making a way  
Rise up you weary souls  
Our king breathes miracles  
Here before us  
Every battle is won  
He is for us  
And here comes the kingdom

## Verse 2

In the waters holding back the waves  
In the power of an empty grave  
Undeclared, standing by my side  
King of heaven, here be lifted high

## Chorus

Higher than mountains rise  
The king of kings resides  
In the waiting  
In the giants we face  
Through the breaking  
He is making a way  
Rise up you weary souls  
Our king breathes miracles  
Here before us  
Every battle is won  
He is for us  
And here comes the kingdom

## Interlude

## Bridge

Have no fear  
Cast your worries  
He's still here  
He's still working  
He's not done  
He's not finished yet

Refrain:

## Here Comes The Kingdom -

He's a never failing  
Never failing God

**Outro**
