

# Holding On [Lyrics, 75 bpm, 4/4]

[Default Arrangement] by Alexandria De Jesús Gomez, Amaryllis Hidalgo, Anders Hagstrom,...

## Verse 1

Come strip away  
Every doubt and every fear  
Come make a way  
When the dark is drawing near  
So take your place  
I'll make room for You right here  
Have your way  
Have your way

## Chorus

I'm holding on to You  
I'm holding on to You  
I won't let go of You  
I won't let go of You

## Verse 2

I'm laying down  
everything that's not of You  
I'm letting go  
Every thought that isn't true  
I'm holding on  
In your presence, I'm made new  
Have your way  
Have your way

## Bridge

You're my strength  
And my shield  
In the midst of the battle  
And I'm holding on to You  
Yes I'm holding on to You

You're my peace  
And my hope  
When my whole world is shattered  
And I'm holding on to You  
Yes I'm holding on to You
