MHCare Medical is one of the fastest growing medical supply companies in Canada and pride ourselves as being a supplier to one of the largest health authorities in North America, with world class global supply chain and logistics expertise.

We have a strong commitment to innovation, cutting edge technologies and patient care; we source, design and distribute a wide range of medical supplies and equipment across the continuum of care.

MHCare Medical holds both Medical Device and Drug Establishment licenses and is ISO certified.

Our mission is to keep front-line workers and communities safe; we give generously to the communities in which we operate, working closely with non-profit organizations.

FACE MASKS

PRODUCT CATALOGUE

FACE MASKS

Mask, Ronco Pro-Tec

Product Codes:

IT000122 - Level 1

IT000123 - Level 2

IT000124 - Level 3

FEATURES

These 3-ply pleated face masks are manufactured in Canada, using automated machines (including packaging) to ensure masks are never touched by human hands. These masks are not made with latex, graphene, bio-graphene or fibreglass. Ideal for procedures where light to moderate volume of fluids, spray and aerosols are produced. Protects against the transfer of microorganisms, bodily fluids, and particulate materials. Available in blue..

Mask, Humask Kids

Product Codes:

Level 1: IT000120

Level 2: IT000121

FEATURES

These face masks filter from 95% to 98% of airborne particles. These masks are 3 layered and feature comfortable elastic straps. They are disposable and are not made with latex, graphene, or fibreglass. These masks are suitable for children from 2-14 years old and have superior ventilation compared to traditional masks. The pleat is designed to prevent fluid build-up

FACE MASKS

Mask, Humask Pro Vision, with Transparent Window

Product Codes:

Level 2 (White): IT000111

Level 2 (Black): IT000112

Level 3 (White): IT000113

FEATURES

These 3-layer face masks are disposable and feature comfortable elastic ear loops. They filter 98% of airborne particles. These masks are not made with latex, fiberglass or graphene.

Mask, Humask Pro

Product Codes Level 2:

IT000115 (White)

IT000116 (Black)

Product Codes Level 3:

IT000118 (White)

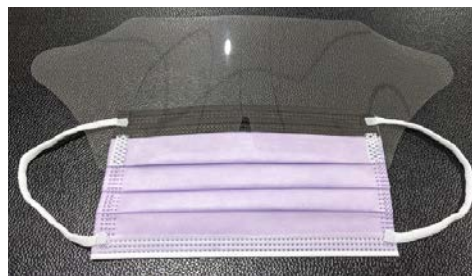

IT000119 (Black)

FACE MASKS

Mask, ASTM Level 3, Procedural with Shield, Adult, Purple

Product Codes:

IT000174

FEATURES

Procedural fluid resistant face mask with earloops and shield. Designed to be highly protective, fluid resistant, comfortable, and breathable for long periods of wear. Designed to contour well to all face shapes and sizes. Includes an attached anti-fog face shield that provides complete coverage of the forehead and sides of face. Mask fit is aided by a non-magnetic aluminum nose-piece.

RESPIRATORS

Respirator, Industrial, N95, 3M-8210

Product Code:
IT000128

FEATURES

This disposable particulate respirator is designed to help provide reliable respiratory protection of at least 95% filtration efficiency against certain non-oil-based particles. It protects against particles produced during grinding, sanding, sweeping, sawing, bagging, or other dusty operations. This product can also help reduce inhalation exposures to certain airborne biological particles and is compatible with a variety of protective eyewear and hearing protection. Approved by the National Institute for Occupational Safety and Health (NIOSH).

Respirator, Surgical, N95 FluidShield

Product Codes:
IT000126 (Small)
IT000127 (Regular)

FEATURES

This flat-folding pouch-style particulate respirator features 5-layer construction and is designed for healthcare workers. It filters solid and non-volatile liquid particles and resists penetration from fluid splashes. It also protects against bacteria at a superior filtration efficiency level. The mask is a single-use device.

RESPIRATORS

**Respirator, Surgical, N95, 1870+,
3M™ Aura™****Product Code:**
IT000125**FEATURES**

This surgical respirator is intended to be worn by operating room personnel during surgical procedures to help protect both the patient and the medical personnel from the transfer of microorganisms, body fluids, and particulate material. It is not for use in industrial settings.

RESPIRATORS

Respirator, FFP2 My Health Care - Small Faces

Product Codes:

IT000130 (White)

IT000134 (Orange)

IT000131 (Pink)

IT000135 (Navy Blue)

IT000132 (Blue)

IT000133 (Black)

FEATURES

These earloop-style, individually-packed, and disposable respirators can act as an effective barrier from air-borne elements, as well as droplets, dust, smog, and allergens. Great choice for children attending daycares and schools.

Meets EN 149:2001-A1: 2009 standard

GOWNS

PRODUCT CATALOGUE

Gown, Surgical, AAMI 3, Nurel

Product Codes:

- IT001207 – S: 112cm x 61cm
- IT001208 – M: 115cmx63cm
- IT001209 – L: 123cmx70cm
- IT001210 – XL: 135cmx70cm
- IT001211 - XXL: 148cmx73cm
- IT001212 - XXXL: 156cmx76cm

Barrier performance classification: Level 3
 Not Made with Latex
 EO Sterilized
 Individually Packaged

FEATURES

This gown is designed for surgical procedures to protect the patient and operating room staff from the transfer of microorganisms, body fluid and particulate matter. Sterile, with Velcro neck closure, knitted cuff and 4 ties at waist including two ties held with together with tie card. Wrapped with an SSMMS wrap and two towels.

GLOVES

Gloves, Vinyl

Product Codes:
 Small: IT000100
 Medium: IT000101
 Large: IT000102

FEATURES

These disposable vinyl gloves are ambidextrous with long-lasting strength and durability and excellent dexterity for multiple use applications. These gloves are cost-effective and great for single-use situations. They are perfect for any multi-tasking job where frequent gloves changes are needed along with other sanitation applications. The grip remains in wet and dry settings.

Gloves, Nitrile

Product Codes:
 Small: IT000103
 Medium: IT000104
 Large: IT000105
 X-Large: IT000106

FEATURES

These Health Canada-approved medical grade disposable nitrile gloves do not contain powder. These gloves are used during medical examinations and procedures to help prevent cross-contamination between healthcare workers and patients. They provide protection against pathogens and harmful liquids. These gloves are ambidextrous with a textured finish for easy grip and less hand fatigue.

Gloves, Exam, Nitrile Extra Long - Hongray

Product Codes:
 IT000107 - Small
 IT000110 - X-Large

FEATURES

Disposable, ambidextrous protective nitrile gloves are universally used by healthcare professionals and others. Regular nitrile gloves measure 9 inches. Our 12-inch Extended Cuff Hongray glove is designed for enhanced protection and confidence. Not made with natural rubber latex.

Gloves, Nitrile, AdvanCare

Product Codes:
 IT000169 - Small
 IT000170 - Medium
 IT000171 - Large
 IT000172 - X-Large

Standard: ASTM D6319
 ASTM D6978 and ASTM F1671

FEATURES

Shelf Life: 5 years

These Health Canada authorized medical grade disposable nitrile gloves are used during medical examinations and procedures to help prevent cross-contamination between healthcare workers and patients. They provide protection against pathogens and harmful liquids. These gloves are ambidextrous with a textured finish for easy grip and less hand fatigue. Not made with natural rubber latex and do not contain powder.

MISCELLANEOUS MEDICAL SUPPLIES

PRODUCT CATALOGUE

MISCELLANEOUS

Tourny+™ Medical Tourniquets

Supplied in rolls (in dispenser boxes) and flat, available in two sizes and textures.

Product codes:

- TOU FK002 - Blue, flat, 1"X 18", 1pc
- TOU FK004 - Blue, flat, 1"X 18", 100 pcs/box

- TOURK218RL - Blue, 25 pcs/roll, 1"X 18", 1 roll
- TOURK400 Blue, 25 pcs/roll, 1"X 18", 16 rolls/Box

- TOURK400PB - Light blue, pebbled texture, 25 pcs/roll, 1"X 18", 16 rolls/box
- TOU FK254 - Light blue, pebbled texture, flat, 1"X 18", 250 pcs/box

FEATURES

These tourniquets are used by medical professionals to temporarily wrap around the patient's arm/bicep to control venous and arterial circulation. They are made of an innovative material without latex, Di(2-ethylhexyl) phthalate (DEHP), and Bisphenol A (BPA). They have a more comfortable texture for patients: putting less stress on skin, preventing slippage, and safeguarding the users from allergens.

Paper, Exam Table, Alliance

Product codes:

- IT001213 - 18" x 225'
- IT001214 - 21" x 225'

FEATURES

Keep clients safe from bacteria and your tables free from dirt and moisture.

Recommended for medical clinics, SPAs, or wellness rooms.

Dry Wipe, Non Sterile, Nonwoven, Clean Room, VersaWipe

Product codes:

IT001236

FEATURES

These wipers are designed for general wiping and spill removal in controlled environments. They are compatible with solvents (e.g. IPA, ethanol, etc.) and contain no chemical binders. Proven to have excellent strength both for wet and dry applications. Autoclavable.
