REPORT OF INDEPENDENT AUDITORS

To the members of

SAVE A CHILD'S HEART IN MEMORY OF DR. AMI COHEN (R.A.)

We have audited the balance sheets of Save a Child's Heart in memory of Dr. Ami Cohen (R.A.) ("the Association") as of December 31, 2021 and 2020 and the statements of activities and of changes in net assets for each of the years ended on those dates. These financial statements are the responsibility of the council and management of the Association. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in Israel, including those prescribed by the Auditors (Mode of Performance) Regulations, 1973. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the council and management of the Association, as well as evaluating the overall financial statement presentation. We believe that our audit provide a reasonable basis for our opinion.

In our opinion, the aforementioned financial statements, which are denominated in nominal values, present fairly, in all material respects, the financial position of the Association as of December 31, 2021 and 2020 and the results of its activities and the changes in its net assets for each of the years ended on those dates, in conformity with accounting principles generally accepted in Israel.

Note 1 - Principal Accounting Policies

The following are the principal accounting policies, which have been implemented consistently in the preparation of the financial statements:

A. General

Save a Child's Heart in Memory of Dr. Ami Cohen (R.A.) (hereinafter: "The Association") was incorporated pursuant to the Associations Law, 5740 - 1980, on August 19, 1998. The Association commenced its operations on April 1, 1999. The Association has received certification from the Commissioner of Income Tax as a public institution for the purpose of donations, pursuant to Section 46 of the Income Tax Ordinance.

The Association operates in cooperation with the Wolfson Medical Center in Holon and organizes emergency heart operations and post-operative care for children from third world countries and from developing countries.

The Association operates a children's home in Holon. The home is used as a recuperation center for children before and after operations and it hosts doctors and nurses who are participation in the Association's training programs.

As part of the Association's activities, it leads medical delegations to developing counties, both diagnostic delegations, which conduct pre-surgery examination clinics and provide ongoing post-operative care as well as delegations, which perform operations, catheterization procedures and conduct training for local medical teams, in addition to diagnosing children.

The Association's medial teams volunteer their time when participating in these delegations, which they do without any consideration whatsoever from the Association for this activity.

B. The format for the presentation of the financial statements

The financial statements have been prepared in accordance with Standard 40 of the Israel Accounting Standards Board (hereinafter - the Standards Institution) published in August 2020, regarding accounting rules and financial reporting by non-profit organizations. Accordingly, the fund items in the financial statements are presented in these reports as assets, net, which are classified into two main categories:

1) Net assets, for which there is no restriction-

Net assets, for which no restriction is imposed on their use, determined by donors and budgeters within the framework of the net assets, for which there is no restriction, net assets are presented for use in activities and net assets invested in fixed assets.

2) Net assets, for which there is a restriction-

The net asset component, arising from donations received or other flow of assets, the use of which has been restricted by the special conditions of the donors.

Note 1 - <u>Principal Accounting Policies</u> (Continued)

C. Statement of cash flows

No statements of cash flows have been included in these financial statements, since they would not add significant information to that which is to be found in the financial statements.

D. Recognition of revenues and expenses

The Association's expenses are reflected in the accounting records under the accruals method. Revenues from donations are reflected in the accounting records conservatively, on a cash basis, at the time of their actual receipt. As a result of this, donations and allocations, which are intended to cover operating activities, are sometimes received in the year following the period in which the expenses are reported.

In cases in which the Association has recruited donors for a project, which the Association has initiated and which it is promoting, and the donor wishes to transfer funds directly to the supplier of the medical equipment, or to the hospital that provides the operations and etcetera, revenue will be recorded at the time at which the monies are transferred, provided that the Association has documentation for the timing of the transfer of the funds and documentation that forms a basis for a clear connection between the donation and the project, which the Association has initiated and which it is promoting. An expense will be recorded immediately in an identical amount at the time that the revenue is expected.

E. The impact of changes in the general purchasing power of the Israeli currency

The financial statements have been prepared under the historical cost convention in nominal values, without taking the impact of changes in the general purchasing power of the Israeli currency on the operating results into account. Information has not been included in these financial statements regarding changes in this purchasing power, as is enabled for charities with a low operating turnover in the Statement of Opinion that is mentioned in Section B above.

F. Fixed assets

- 1) The fixed assets are presented at cost.
- 2) The fixed assets are depreciated under the straight-line method, based on their estimated useful lifetimes.

0/

The annual depreciation rates are:

	/0
Medical equipment	15
Computers and peripheral equipment	33
Office furniture and equipment	10;15
Building	4

Note 1 - <u>Principal Accounting Policies</u> (Continued)

G. Cash equivalents

Highly-liquid investments, which include short-term deposits in banking corporations (up to 3 months at the time of their deposit), the withdrawal or the use of which is unrestricted, are considered to be cash equivalents by the Association. The balance of cash and cash equivalents as at December 31, 2021 includes an amount of approximately NIS 15,800 thousand in foreign currency (December 31, 2020 – approximately NIS 11,446 thousand in foreign currency).

H. Reclassification

Certain amounts in the comparative figures for the previous year have been reclassified to conform with the presentation in the current year.

Note 2 - Fixed assets

The composition of the fixed assets and the accumulated depreciation thereon, by principal categories, are as follows:

	Cos	st	Accumulated	depreciation	
	As at December 31		As at December 31		
	2021	2020	2021	2020	
	New Israeli Shekels

* *	13,238,003	13,189,585	5,008,242	4,511,202	

Note 3 - Liability for the termination of employee-employer relationships, net

Pursuant to the labor laws and the labor agreements that are in force, the Association is required to pay severance pay to employees who are dismissed or who resign from their work in certain other circumstances.

The Association's liability for the termination of employer-employer relationships for its employees, which is calculated based on the number of years of services and in accordance with the salary components, which, in management's opinion, entitle the employees to receive severance pay, is covered for the most part by the purchase of policies in insurance companies and/or a pension fund.

The amount of the liability for severance pay, which is recorded in the balance sheets, expressed the balance of the liability that is not covered by the insurance policics and/or the pension fund.

Note 4 - Operating expenses

	For the year ended December 31	
	2021	2020

Note 7 - <u>Net assets for which there is a restriction</u>

Grants for the establishment of the Children's Hospital at the Wolfson Medical Center

In the years 2017 - 2021, the amounts of NIS 109,435, NIS 750,860, NIS 2,924,189, NIS 2,801,761 and NIS 175,000 respectively, were released in support of the establishment of the Children's Hospital at the Wolfson Medical Center.

Note 7 - <u>Net assets for which there is a restriction</u> (Continued)

Other grants for which there is a restriction:

In 2021, two grants were received for which there is a restriction:

- 1. From Stanley Stein CT through SACH UK for a total of NIS 1,298,000 for the purchase of a heart-lung machine.
- 2. From a Philanthropic Foundation in the amount of NIS 3,152,000 for projects managed by the association related to activities for the African continent.

Note 8 - <u>Construction of a children's hospital in the Wolfson Hospital complex in Holon,</u> <u>initiated by the association</u>

On March 27, 2014, an agreement was signed between the Association and the Israeli Ministry of Health, pursuant to which the Ministry of Health will supervise the planning and execution of a project for the establishment of the Children's Hospital at the Wolfson Medical Center, which was initiated and funded by the Association and its friends and will even bear part of the cost of the project in tandem.

In 2016, an addition to the agreement was signed, pursuant to which the cost of the first phase of the project is NIS 77.9 million.

In 2017, an additional addition to the agreement was signed, pursuant to which the overall cost of the projects (the first and the second phases) is NIS 159.6 million.

In 2018, it was decided to expand the project by adding two floors, which will only be constructed up to the shell stage, at a cost of NIS 20 million, with the Association undertaking to finance an additional NIS 15 million.

Following the raising of funds by the Association, which were directed to the Ministry of Health, an addition to the original agreement was signed, pursuant to which the Association has committed to participating in the financing of the execution of the project in an overall amount of NIS 68.4 million, such that the amount of the Association's commitment for the execution of the project, which will have seven floors (five of which will be completed and two of which will be at the shell level) amounts to an overall sum of NIS 83.4 million.

The Association has already raised, and has signed donors on commitments for the future, for the full amount of the commitment.

Note 8 - <u>The construction of the Children's Hospital on the Wolfson Medical Center</u> <u>Campus in Holon, at the Association's initiative</u> (Continued)

The amount that the Association has committed to make available in support of the project includes amounts that it has already invested in planning and in the purchase of equipment.

In parallel, the Ministry of Health has undertaken to participate with financing in an amount of up to NIS 76 million and further NIS 5 million for the addition of the extra two flows, as described above, such that the Ministry of Health's overall commitment stands at NIS 81 million. An additional donor has committed to contribute 4 million Dollars, which constitutes approximately NIS 15.2 million as participation in the financing.

Following the abovementioned changes, the overall cost of the project stands at NIS 179.6 million.

The construction began in June 2016 and was completed at the end of 2021.

<u>Grants that have been recruited by the Association and which have been received</u> <u>directly by the Ministry of Health</u>

In 2016, grants of NIS 2,000,000 from the Ministry of Regional Cooperation and 891,876 from the Helmsley Charitable Trust were received directly by the Ministry of Health.

In 2017, a grant of NIS 2,584,015 from the Helmsley Charitable Trust was received directly by the Ministry of Health.

In 2018, grants of NIS 1,352,651 from the Helmsley Charitable Trust and NIS 3,800,000 from CLRC Inc. were received directly by the Ministry of Health.

In 2019, a grant of NIS 2,111,100 from the CLRC Inc. Legacy Foundation was received directly by the Ministry of Health.

In 2020, a grant of NIS 2,411,250 from the CLRC Inc. Legacy Foundation was received directly by the Ministry of Health.

In 2021, a grant of NIS 3,633,975 from the CLRC Inc. Legacy Foundation was received directly by the Ministry of Health.

Note 9- Agreement with UIAC the United Israel Appeal in Canada

On May 20, 2020, an agreement was signed with UAIC – the United Israel Appeal in Canada, pursuant to which the UAIC will donate an amount of 8 million Dollars for projects that are managed by the Association over a period of 5 years, commencing on May 1, 2020, for the financing of the purchase of equipment for the new Children's Hospital at the Wolfson Medical Center, medical procedures for children, medical delegations and training for doctors.

The agreement places a duty on the Association to provide reports to the UIAC on the progress of the projects, as set forth in the agreement.

The agreement may be cancelled by either of the parties, with notification being given three months in advance. In the case of the cancellation of the agreement, the amounts that have been received and have not been expended, will be repaid to the UIAC.

An amount of NIS 1.86 million was received pursuant to this agreement in 2020, for the purchase of equipment for the new Children's Hospital at the Wolfson Medical Center, which was recorded under revenues for the equipping of the Children's Hospital at the Wolfson Medical Center.

During 2021, NIS 241,000 was received pursuant to this agreement for the training of doctors from abroad and the treatment of children and was recorded in the revenues from donations section. In addition, NIS 6,318,300 was received for the purchase of equipment for the new Wolfson Children's Hospital and was recorded in the revenues for the equipment of the Wolfson Children's Hospital section.

Note 10- Agreement with a Philanthropic Foundation

On December 15, 2021, an agreement was signed with a Philanthropic Foundation according to which the foundation will donate a total of \$ 5 million for projects in the management of the association related to Africa, starting from 1.1.2022. Each year the fund will donate \$ 1 million for the activity. The first payment was received at the end of December 2021 and is recorded in the statements of Changes in Net Assets in the section of assets for which there is a restriction.

The agreement imposes on the association the obligation to provide reports on the progress of the projects each year as specified in the agreement.

The fund may cancel the agreement if the association violated the terms of the agreement and did not correct the breach within 30 days of receiving written notice from the fund. In this case, the fund may stop the payments and / or request the refund of some of them.

14
