The EverDesk do nots

There are many wonderful things you can do with your children sitting at an EverDesk. However, there are also some do nots.

Do not place near an open fire. Wood and fire is not an ideal combination.

Do not use the desk if any piece is broken during shipment. Please return it immediately and we will send you a replacement.

Do not sit or stand on the desktop. For the desk and your own personal safety.

Do not hang from the desk. We're not sure how you will manage this, but we're never surprised by what people can do, when they try hard enough.

Do not use the desk, unless it is fully assembled and all screws are properly fastened. Your patience will be rewarded.

Do not alter or remove any original part of the desk. Of course you can, but then your warranty is no longer applicable.

Do not use the desk, unless your child can happily and safely climb up and down on his/her own.

Do not use your desk on an uneven, unstable or sloped surface. Also, for your own peace of mind.

Do not forget that the plastic wrapping can be dangerous. To avoid any risk of suffocation, please keep this away from babies and small children.

The EverDesk guarantee

The EverDesk guarantee covers defects in materials and craftsmanship for two years. Please note: the guarantee does not cover damage caused by normal wear and tear, incorrect installation, product alterations, and improper use (not following the "do nots").

Do adjust seat and foot supports

The EverDesk is designed to grow with your child. So, it's important to make timely adjustments. We recommend at least once a year, because they grow faster than you think.

You'll know the desk is set to the correct height when your child's elbow is level with the table top. For the foot supports: it's when the soles of your child's feet rest on the foot supports and the thighs are resting comfortably on the seat. You can also take the feet tray out when that is comfortable.

Cleaning and maintaining your EverDesk

We recommend a clean damp cloth and avoiding detergents. Do remember that the colour of wood can change when exposed to too much sunlight. It's also advisable to retighten the screws regularly, please keep the specially designed screwdriver in a safe place (and a place you will remember).

Any questions?

Here is a short selection of frequently asked questions.
If your question isn't here please do send us an email.
We're happy to help. contact@everdesk.eu

Can I return my EverDesk?

Yes, within thirty days of receiving your desk.

Can two children use an EverDesk at the same time?

Two small children can indeed share an EverDesk.

What happens if my EverDesk gets scratched?

Every wooden product will get scratched at some point.
Where children are concerned this is likely to happen sooner rather than later. You can see this as a negative, but also as a positive.
Every scratch tells its own unique story.

Will my kid get smarter by sitting at an EverDesk?

Scientific research shows that children who sit at an EverDesk become on average 12% more intelligent. *

Can I paint my EverDesk a different colour?

It's not something we recommend, but if you feel strongly about it, please send us an email or give us a call. Then we can give you the best advice.

Why do you use plastic wrapping? Why is the box not made from recycled paper?

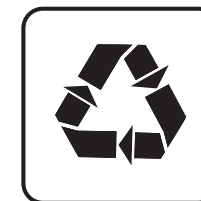

These are good and fair questions. We have carried out extensive research on both the box and the plastic wrapping. Unfortunately we have not yet found a better packaging solution to guarantee the safe delivery of your EverDesk. We welcome your suggestions from on this or any other matter where we can improve our service.

** Just kidding*

WARNING:

PLASTIC BAGS CAN BE DANGEROUS.
TO AVOID DANGER OF SUFFOCATION KEEP BAGS AWAY FROM BABIES AND CHILDREN.

Please recycle the packaging

It's a small thing, but a lot of small things can make a big difference.
