YOU ARE

## HERITAGE CONNECTION

Culture, sophistication, and a dash of nostalgia resonate with this character. Inspired by the past, the **Heritage Connection** personality sees beauty in a tried-and-true aesthetic but is nevertheless not afraid to mix contemporary and historical influences to create something new.

This personality type will take the time to meticulously research each element of the decor comparing values - whether that's color, shape, or height - to find what is best befitting the story.

## THE COLOR PALETTE

**THE LOOK** | The look is achieved by using and updating the traditional know-how with integrity and authenticity. The intent here is to create a place of polished and timeless elegance.

**HOW** | By using simplified classical silhouettes and referencing heritage motifs in architectural shapes and furnishing. By choosing material and finishes that feel substantial and meant for long-term use and accenting the decor with sumptuous textiles. Here, the palette of choice comprises rich hues, reflecting the regard for timeless designs, paired with tranquil mid-tones to complement metallic accents.

# Pick the perfect color palette

We always suggest  
when using a  
color palette to  
allocate different  
colors according to  
the proportions shown  
in this palette. It is a  
design tip based on  
the aesthetic principle  
known as the  
“Golden Ratio”.
