

# Individual Assistance PDA – Fire

Rapidly conduct a damage assessment using FEMA’s fire classification with our Fire PDA app. Take photos and videos, and share findings in real time. The classification criteria for this checklist are based on FEMA’s Individual Assistance program. Find the digital version of this form and more at <https://www.fulcrumapp.com/apps/ia-pda-fire>.

# Residential Classification

## DESTROYED

Total loss of structure, structure is not economically feasible to repair, or complete failure to major structural components (e.g., collapse of basement walls/foundation, walls or roof).

---

- ▶ Total loss of structure, structure is not economically feasible to repair, or complete failure to major structural components, may be burned to foundation.
- 
- 
- 

## MAJOR DAMAGE

- ▶ Substantial failure to structural elements of residence (e.g., walls, floors, foundation), dwelling is uninhabitable and requires extensive repairs. The dwelling is unusable in its current condition and cannot be made habitable in a short period of time.
- 
- 
- 

## MINOR DAMAGE

- ▶ Home is damaged and uninhabitable, but may be made habitable in a short period of time with repairs.
- 
- 
-

## AFFECTED

- ▶ Some damage to the structure and contents, but still habitable.
