This Budget Report has been prepared with reference to the input of Crowe Horwath, CPA Australia and FINPro towards the development of the Local Government Model Budget 2020/21 as well as the contribution of the Victorian Auditor-General's Office (VAGO) in an observer capacity.

From the Mayor and Councillors

It gives me, on behalf of the Councillor Group, great pleasure to recommend this, our last budget to the East Gippsland community.

I must firstly acknowledge the very challenging events that the community has experienced in recent times and Council has been mindful of these challenges faced by the community when drafting this 2020/21 budget.

Whilst the Minister for Local Government has set the rate cap at 2.0% for the 2020/21 year, Council is proposing that the general rates and municipal charge will remain at the 2019/20 average level of rating for the 2020/21 year, i.e. a zero percentage increase, in recognition of the financial challenges many ratepayers have and continue to experience as a result of the events of the last year.

A review has been undertaken of the Council Plan 2017-2021 and the associated Strategic Resource Plan adopted by Council in June 2017. The Revised Council Plan 2017-2021 and Strategic Resource Plan accompany this budget.

The 2020/21 budget includes the completion of some priorities that were identified in the previous Council Plan together with new priorities identified from the Revised Council Plan 2017-2021.

In recognition of the impacts of drought, the 2019/20 bushfires and COVID-19 pandemic, Council has provided additional financial assistance both in the 2019/20 year and in this 2020/21 budget to assist ratepayers in a number of ways. Significant government funding has also been provided to Council to support a number of programs and projects to assist ratepayers and the general community to get through these very challenging times. Some of those initiatives and projects include the following:

- Rate waivers for all ratepayers whose main dwelling was destroyed in the 2019/20 bushfires for the 2019/20, 2020/21 and 2021/22 years, but noting that if the dwelling is rebuilt or sold during the year the waiver will only apply up to the date the dwelling is able to be occupied or the date of sale;
- A rebate to all commercial/industrial ratepayers of \$1M in 2019/20 year and a further \$1M in the 2020/21 year, to be proportionally allocated to each eligible ratepayer;
- Waiving of a number of fees and charges for a period of time for health registrations, planning permits and leases; and
- Establishment of a new Bushfire Recovery Directorate to provide support and assistance to the community in the recovery process.

The budget proposes funding several new initiatives as well as ensuring the appropriate level of funding is provided to renew Council's infrastructure, including:

- Lucknow Recreation Reserve Change Upgrade (\$2.2M)
- Road reseal program (\$4.9M), including funding for dust suppression
- Upgrade of Moroney Street, Bairnsdale (\$0.7M)
- Omeo Valley Road Major Rehabilitation (\$1.0M)
- Gravel Road Renewal program (\$1.2M)
- Jemmy's Point - Stage 2 (\$0.7M)
- Eagle Point Foreshore Hub (\$0.5M)
- Genoa Pedestrian Bridge from rest area (\$1.2M)
- Bullock Island Bridge (\$1.5M)
- Hospital Creek Wairewa Road Bridge replacement (\$0.8M)
- Turners Road Bridge, Deptford (\$0.3M)
- WORLD Sporting Precinct Stage 1 (\$3.9M)
- Council building renewals (\$1.0M)
- Streetscape works in Lakes Entrance (\$1.6M)
- Omeo Mountain Bike Trails (\$2.1M)
- Renewal and upgrades of information technology systems (\$3.9M)
- Construction of Cell 4 at the Bairnsdale Landfill (\$2.0M)
- Lakes Entrance Transfer Station Upgrade (\$2.2M)
- Implementation of the Bullock Island Masterplan (\$2.0M)

Section 4.5 of the budget document provides details of all capital projects.

Council has determined it will continue to provide an additional rate rebate of \$58.45 to eligible properties in the ownership of pensioners who qualify for a Victorian Government approved pension rebate.

The budget has been developed through a rigorous process and Councillors endorse it as financially responsible.

We look forward to working with you in the community to deliver these initiatives throughout the coming year.

Cr John White
Mayor

From the Chief Executive Officer

The 2019/20 financial year was an extraordinary year for the East Gippsland Community that continued to demonstrate its resilience and endurance as it battled drought, bushfires and a pandemic. A great deal of work has been completed by Council officers to develop a budget that provides for existing service levels to the community being maintained despite the zero general rates and municipal charge increase.

This budget continues to provide for initiatives that have been prioritised by Council during the past year for funding and includes a wide range of projects and services for delivery in the coming year.

Council has endorsed continuing its significant Capital Works program for 2020/21 with \$43.8M being invested into community improvements. This excludes projects carried over from the 2019/20 year of \$21.0M. Of the \$64.8M in capital funding required, \$34.9M will come from Council operations, \$23.5M from external grants, \$4.1M from reserves and contributions and \$2.250M from new borrowings. Refer to Section 4.5 for details on the Capital Works and Major Projects budgets.

Council's COVID-19 pandemic response - 'How we do business now', will ensure that services continue to be delivered to the community every day.

The organisation will continue to manage its finances prudently with a focus on financial sustainability, with an operating surplus of \$22.7M, noting that \$8.2M of the 2020/21 Victoria Grants Commission payment was received in the 2019/20 year and has therefore added to the forecast surplus for that year whilst reducing the surplus now forecast for the 2020/21 year. Included in the 2020/21 surplus is significant capital grant funding of \$23.5M an increase over the previous year of \$16M. This will enable additional significant capital projects to be undertaken in the 2020/21 year.

It is proposed that the general rates and municipal charge will not increase for the 2020/21 year; however, annual valuations undertaken by the Victorian Valuer General still create some volatility in rate calculations. We look forward to the release of the State Governments rating review. User fees and charges for the 2020/21 year are also proposed to remain at the same level as the 2019/20 year. Statutory fees and charges are set by the Victorian Government. For details on all proposed Fees and Charges refer to Appendix A 'Fees and Charges'.

Waste management is a significant cost to Council. Significant external factors outside Council's control continue to put pressure on managing waste services such as gate fees for recycled material and the State Governments waste services levy. The waste service charge, incorporating kerbside collection and recycling, is proposed to increase by 2.0 per cent over the 2019/20 charges. Details of other proposed waste fees can be found in Appendix A 'Fees and Charges'.

As an organisation we continue to seek the best value for money from all expenditure and we will continue to drive efficiency and effectiveness across all business areas.

Anthony Basford
Chief Executive Officer

1. Link to the Council Plan

This section describes how the Annual Budget links to the achievement of the Council Plan within an overall planning and reporting framework. This framework guides the Council in identifying community needs and aspirations over the long term, medium term (Council Plan) and short term (Annual Budget) and then holding itself accountable (Annual Report).

1.1 Legislative Planning and accountability framework

The Strategic Resource Plan, part of and prepared in conjunction with the Council Plan, is a rolling four-year plan that outlines the financial and non-financial resources that Council requires to achieve the strategic objectives described in the Council Plan. The Annual Budget is framed within the Strategic Resource Plan, considering the services and initiatives which contribute to achieving the strategic objectives specified in the Council Plan. The diagram below depicts the planning and accountability framework that applies to local government in Victoria.

Source: Department of Environment, Land, Water and Planning

Council has a long term plan which articulates a community vision, mission and values. The Council Plan is prepared with reference to Council's long term Community Plan.

The timing of each component of the planning framework is critical to the successful achievement of the planned outcomes.

1.1.2 Key planning considerations

Service level planning

Although councils have a legal obligation to provide some services—such as animal management, local roads, food safety and statutory planning—most council services are not legally mandated, including some services closely associated with councils, such as libraries, building permits and sporting facilities. Further, over time, the needs and expectations of communities can change. Therefore councils need to have robust processes for service planning and review to ensure all services continue to provide value for money and are in line with community expectations. In doing so, councils should engage with communities to determine how to prioritise resources and balance service provision against other responsibilities such as asset maintenance and capital works.

1.2 Our purpose

Our Vision

East Gippsland is the most liveable region in Australia. A place of natural beauty, enviable lifestyles, and opportunities.

Our mission

A leading local government that works together with our communities to make East Gippsland the most liveable region in Australia.

Our values

East Gippsland Shire Council will strive to deliver the outcomes and objectives identified in the Council Plan, while continuing to provide the services our community needs. In doing so, elected members and officers of Council will be guided by the following values:

- **Accountability:** We will take responsibility for our actions and decisions in an open and transparent way.
- **Inclusion:** We will be accessible and active in engaging with our community. We will invite, listen to and seek to understand the views of others, and proactively share information about Council's plans, projects, services and activities.
- **Integrity:** We will honour our commitments and conduct ourselves in an honest, ethical way.
- **Respect:** We will value, support and help to develop our diverse community. We will respect the views and contributions of others and act with courtesy and consideration in all our interactions.
- **Resourcefulness:** We will turn the challenges faced by our community into opportunities by being flexible and innovative in our response. We will actively seek better and more cost-effective ways to achieve the best outcomes for East Gippsland.

1.3 Strategic objectives

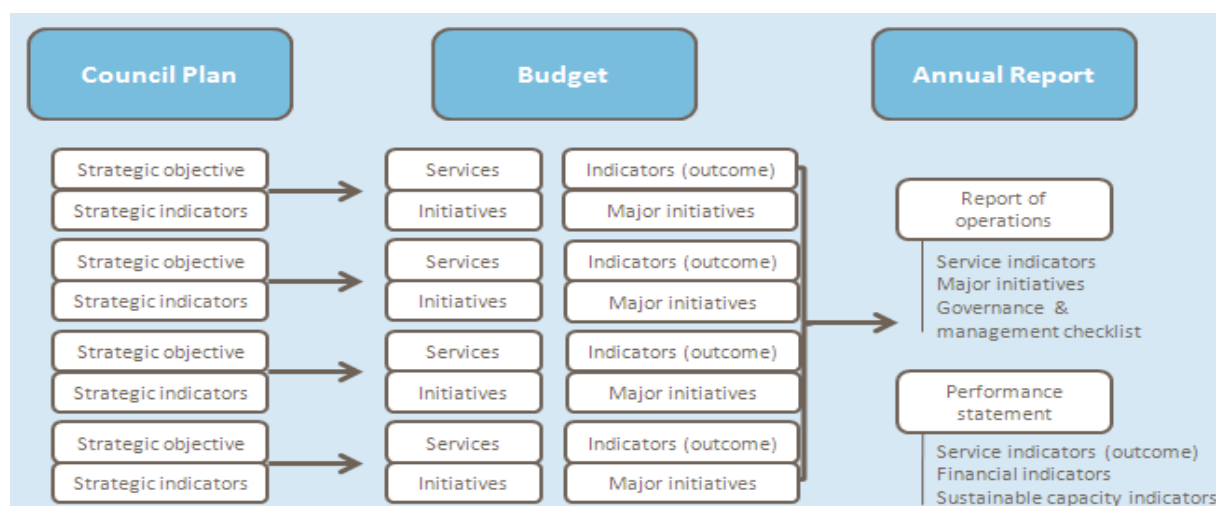

Council delivers a range of services, programs, projects and facilities for its diverse communities. Each contributes to the achievement of our strategic objectives as set out in the Council Plan for the years 2017-2021. The following table lists our focus areas as described in the Council Plan. Each is defined by goals that describe what we want for East Gippslanders now and into the future.

Strategic Objective	Description
1 Strategic Objective - Strong Communities	1.1 We are a leader in developing resilient, inclusive and vibrant communities that are welcoming, fulfilling and people feel proud to live in. 1.2 Our communities are capable and independent and plan for their future. 1.3 People of all ages, cultures, abilities and interests have access to services, facilities and experiences that support health and wellbeing. 1.4 We live in communities that bring people together in a safe environment.
2 Strategic Objective - A Liveable Region	2.1 We have safe, accessible and well utilised open spaces and built environments that reflect the priorities of our community. 2.2 Sustainable planning and growth supports thriving townships, while maintaining our commitment to sustainability and protecting our natural environment.

4 Strategic Objective - Good Governance	<p>4.1 East Gippsland Shire Council is inclusive, engaged and open.</p> <p>4.2 Our relationships with other levels of government and partners deliver great outcomes for East Gippslanders.</p> <p>4.3 Council is in a strong financial position and can provide for future generations of East Gippslanders.</p>
5 Strategic Objective - Responsive Services	<p>5.1 We are a leading local government service provider. Our services are driven by the needs of our communities, residents and visitors.</p> <p>5.2 We put the customer first and give each customer a great experience of Council's services.</p> <p>5.3 East Gippsland Shire Council is a great place to work – we attract, develop and retain a skilled workforce to deliver our priorities.</p>

2. Services and service performance indicators

This section provides a description of the services and initiatives to be funded in the Budget for the 2020/21 year and how these will contribute to achieving the strategic objectives outlined in the Council Plan. It also describes several initiatives and service performance outcome indicators for key areas of Council's operations. Council is required by legislation to identify major initiatives, initiatives and service performance outcome indicators in the Budget and report against them in its Annual Report to support transparency and accountability. The relationship between these accountability requirements in the Council Plan, Budget and Annual Report is shown below.

Source: Department of Environment, Land, Water and Planning

2.1 Strategic Objective 1 - Strong Communities

We want strong, vibrant communities that celebrate their heritage and plan for the future. To achieve this, East Gippsland must be a place where people of all ages and abilities can participate and contribute. Regardless of background or circumstance, all residents must be able to fully engage in the economic, civic, and social life of the region.

Major Initiatives

1. Continue to implement Place Planning in selected communities across the Shire.
2. Implement actions from within the Municipal Health and Wellbeing Plan "Well Placed for Wellbeing".
3. Implement the Bairnsdale Sporting Facility Plan and extend this approach to communities across the Shire.
4. Implement the recommendations of the Creative Communities Advisory Board.

Other Initiatives

1. Deliver programs, services and activities that encourage people of all ages, cultures and means to participate in their communities, including through volunteering and lifelong learning opportunities.
2. Provide facilities and events that strengthen and celebrate the diverse cultural identity of our communities.
3. Provide facilities and programs that support the development, capacity and services of community organisations and encourage physical activity.
4. Advocate for the rights of all East Gippslanders to be respected for their diversity and differences and included in all aspects of community life.
5. Work with agencies, service providers and community members to ensure that the new Home and Community Care (HACC) and National Disability Insurance Scheme programs deliver positive health and wellbeing outcomes for the region.
6. Engage communities to develop plans and participate in decision making for their community.
7. Build communities' capacity to plan for their future.
8. Continue to partner with other agencies to work with communities in a coordinated way to minimise duplication and increase outcomes.
9. Provide and support cultural, arts and recreation facilities, services and experiences that encourage East Gippslanders to connect, be creative and be physically active regardless of age or ability.
10. Support businesses, community groups and individuals to grow their contribution to the creative, cultural and artistic life of the region.
11. Work with other agencies to establish a clear set of metrics to measure the health and wellbeing outcomes for our community.
12. Engage with agencies and service providers to combine expertise and resources to deliver important services for people at all life stages.
13. Deliver services, programs and projects that protect the health and safety of East Gippslanders and minimise risks associated with public health and safety.
14. Work with communities to build their capacity and resilience to reduce the impacts of disruptive events and promote faster recovery.
15. Work with the Victorian Government, community leaders and community organisations to support vulnerable members of the community.
16. Advocate to Victorian and Australian governments for funding and program support to increase the safety of our communities.

2.2 Strategic Objective 2 - A Liveable Region

We want an East Gippsland that has safe, accessible, vibrant and well utilised public spaces and built environments that reflect the priorities of our community. Sustainable planning and growth also support thriving townships, while maintaining our commitment to sustainability and protecting our natural environment. To achieve this, we will continue to plan, deliver and improve high quality, cost effective, accessible and responsive services. The services, initiatives, major initiatives and service performance indicators for each business area are described below.

Services

Major Initiatives

5. Complete shire-wide road resealing and gravel road resheet programs for high priority works.
6. Improve Lakes Entrance town centre infrastructure including streetscapes and seawalls.
7. Continually improve the efficiency of access to Raymond Island.
8. Transition to one landfill site servicing all of East Gippsland.
9. Reduce waste going to landfill, through introduction of e-waste services, education and introducing new approaches to reusing waste.
10. Implement the Renewable Energy Feasibility Study priority projects for East Gippsland.

Other Initiatives

17. Drive maintenance expenditure through evidence based service planning that meets current and future community needs.
18. Develop and maintain high quality infrastructure assets that service future generations at minimum cost, and are fit for purpose.
19. Ensure all new and renewed infrastructure incorporates best practice design, including: universal access, technology and sustainability elements.
20. Support projects and initiatives that improve our open spaces and built environment for present and future generations, while mitigating effects on the environment.
21. Work with communities to be resource smart and invest in innovative programs and projects to reduce energy use and greenhouse gas emissions.
22. Develop and implement a waste recycling and reuse approach for the region that reflects world's best practice and the use of smart technology.
23. Increase recycling, reuse and regeneration through innovative waste management practices and ongoing community education.
24. Advance planning that provides community members and land owners with certainty about the way that land will be used and developed in their town.
25. Ensure that the East Gippsland Planning Scheme continues to facilitate investment confidence to support sustainable growth in East Gippsland.
26. Seek opportunities to work in collaboration with the community to take strategic action to enhance the environment of land that Council manages.
27. Ensure that services and activities delivered are designed to minimise the impact to the environment.
28. Work with private property owners and the Victorian Government to embed better environmental performance into new and existing developments.
29. Advocate with other councils to the Environment Protection Authority to minimise costs associated with waste management.

4. Notes to the financial statements

This section presents detailed information on material components of the financial statements. Council needs to assess which components are material, considering the dollar amounts and nature of these components.

4.1 Comprehensive Income Statement

4.1.1 Rates and charges

Rates and charges are required by the Act and the Regulations to be disclosed in Council's annual budget.

In developing the Strategic Resource Plan, rates and charges were identified as an important source of revenue. Planning for future rate increases has therefore been an important component of the Strategic Resource Planning process. The Fair Go Rates System (FGRS) sets out the maximum amount councils may increase rates in a year. For 2020/21 the FGRS cap has been set at 2.0%. The cap applies to both general rates and municipal charges and is calculated on the basis of council's average rates and charges.

The level of required rates and charges has been considered in this context, with reference to Council's other sources of income and the planned expenditure on services and works to be undertaken for the community.

Council has taken into account recent events which have impacted significantly on ratepayers generally. The farming sector has been impacted by a number of years of drought conditions, the 2019/20 bushfires devastated a significant number of properties and impacted across all classes of ratepayers and following this, the COVID-19 pandemic has further impacted on many ratepayers. As a result Council has determined that the average general rate and the municipal charge not be increased for the 2020/21 year.

This will raise total rates and charges for 2020/21 of \$59.381 million.

4.1.1(a) The reconciliation of the total rates and charges to the Comprehensive Income Statement is as follows:

	2019-20 Forecast Actual \$'000	2020/21 Budget \$'000	Change \$'000	%
General rates*	43,272	43,641	369	0.85%
Municipal charge*	7,043	7,106	63	0.89%

4.1.1(l) Fair Go Rates System Compliance

East Gippsland Shire Council is required to comply with the State Government's Fair Go Rates System (FGRS). The table below details the budget assumptions consistent with the requirements of the Fair Go Rates System.

	2019/20	2020/21
Total Rates	\$ 49,086,796	\$ 50,746,872
Number of rateable properties	31,728	32,086

Of the 2706 Farm assessments only 1626 incur a municipal charge as 1080 assessment are exempt in accordance with the eligibility for a Single Farm Enterprise.

4.1.1(n) Any significant changes that may affect the estimated amounts to be raised by rates and charges

There are no known significant changes which may affect the estimated amounts to be raised by rates and charges. However, the total amount to be raised by rates and charges may be affected by:

- The making of supplementary valuations (2020/21: estimated \$200,000 and 2019/20: \$485,000 - Rates and Municipal Charge) and supplementary charges for Kerbside Collection Waste Service (2020/21: estimated \$50,000 and 2019/20 \$25,000)
- The variation of returned levels of value (e.g. valuation appeals) estimated to be \$50,000 for 2020/21 and 2019/20 \$50,000.
- Changes of use of land such that rateable land becomes non-rateable land and vice versa
- Changes of use of land such that residential land becomes business land and vice versa.
- Changes of use of land such that residential land becomes farm land and vice versa.

4.1.1(o) Differential rates

Rates to be levied

The rate and amount of rates payable in relation to land in each category of differential are:

- A general rate of 0.00392622 cents in the dollar of CIV for all rateable residential properties;
- A general rate of 0.00569302 cents in the dollar of CIV for all rateable commercial/industrial properties (145% of the general rate for residential properties); and
- A general rate of 0.00314098 cents in the dollar of CIV for all rateable farm properties (80% of the general rate for residential properties).

Each differential rate will be determined by multiplying the Capital Improved Value of each rateable land (categorised by the characteristics described below) by the relevant cents in the dollar as indicated above.

Council considers that each differential rate will contribute to the equitable and efficient carrying out of Council functions. Details of the objectives of each differential rate, the types of classes of land that are subject to each differential rate and the uses of each differential rate, are set out below.

General land

General land is any land that is:

- Used primarily for residential purposes; or
- Unoccupied but zoned Residential, Township or Rural Living under the East Gippsland Shire Council Planning Scheme; or
- Any land that is not defined as Farm Land or Commercial/Industrial Land.

The objective of this differential rate is to ensure that all rateable land makes an equitable financial contribution to the cost of carrying out the functions of Council, including (but not limited to) the:

- Construction and maintenance of infrastructure assets; and
- Development and provision of services to the community.

The types and classes of rateable land within this differential rate are those having the relevant characteristics described above.

Funds raised by the differential rate will be applied to the items of expenditure described in the Budget. The level of the rate for land in this category is considered to provide for an appropriate contribution to Council's budgeted expenditure, having regard to the characteristics of the land.

The geographic location of the land within this differential rate is wherever it may be located within the municipal district.

The use of the land within this differential rate, in the case of improved land, is any use of land.

The characteristics of the Planning Scheme zoning are applicable to the determination of vacant land, which will be subject to the rate applicable to General land. The vacant land affected by this rate is any land that is zoned Residential, Township and/or Rural Living under the East Gippsland Shire Council Planning Scheme. The classification of land that is improved will be determined by the occupation and use of that land and have reference to the Planning Scheme zoning.

The types of buildings on the land within this differential rate are all buildings that are now constructed on the land or that may be constructed before the expiry of the 2020/21 financial year.

Commercial/Industrial land

Commercial and industrial land is any land that is:

- Used primarily for the manufacture, or production of, or trade in, goods or services; or
- Obviously adapted for the primary use of commercial or industrial purposes; or
- Occupied primarily for the purpose of service delivery for tourism, leisure and/or accommodation; or
- Unoccupied but zoned Business, Industrial, Mixed Use, Special Use or Comprehensive Development Zone under the East Gippsland Shire Council Planning Scheme; or
- Conforming to East Gippsland Shire Council guidelines for the classification of property as Commercial/Industrial Land.

The objective of this differential rate is to ensure that all rateable land makes an equitable financial contribution to the cost of carrying out the functions of Council, including (but not limited to) the:

- Construction and maintenance of infrastructure assets;
- Development and provision of services to the community;
- Provision of tourism and visitor programs and services;
- Physical beautification of key business areas; and
- Encouragement of economic and employment growth through a range of programs and services.

The types and classes of rateable land within this differential rate are those having the relevant characteristics described above.

Funds raised by the differential rate will be applied to the items of expenditure described in the Budget. The level of the rate for land in this category is considered to provide for an appropriate contribution to Council's budgeted expenditure, having regard to the characteristics of the land.

An Economic Development Discretionary Fund of \$331,622 will be used for specific economic development and tourism activities as determined by Council in consultation with the Economic Development Advisory Board.

The geographic location of the land within this differential rate is wherever it is located within the municipal district.

The use of land within this differential rate, in the case of improved land, is any use of land.

The characteristics of Planning Scheme zoning are applicable to the determination of vacant land that will be subject to the rate applicable to Commercial and Industrial land. The vacant land affected by this rate is that which is zoned Business, Industrial, Mixed Use, Special Use or Comprehensive Development under the East Gippsland Shire Council Planning Scheme.

The classification of land that is improved will be determined by the occupation and use of that land and have reference to the Planning Scheme zoning.

The types of buildings on the land within this differential rate are all buildings that are now constructed on the land or that may be constructed before the expiry of the 2020/21 financial year.

Farm Land

In order for a property to be classified under the Differential Farm rate land must fulfil the following criteria and be defined as such.

Farming land is any land that is:

- Used primarily for a farming or agricultural business; and
- Conforming to the definition of “farm land” as specified within the *Valuation of Land Act 1960*; and
- Conforming to East Gippsland Shire Council guidelines for the classification of property as Farm Land; and
- The ratepayer has Primary Producer status with the Australian Taxation Office and be located in a Farm Zone in accordance with Council's planning scheme, or have a permit from Council to operate a farming business from that land.

The objective of this differential rate is to ensure that all rateable land makes an equitable financial contribution to the cost of carrying out the functions of Council, including (but not limited to) the:

- Construction and maintenance of infrastructure assets;
- Development and provision of services to the community;
- Preservation and protection of agricultural land as a productive resource; and
- To recognise and address the special circumstances that impact farm properties, including variable income and seasonal fluctuations.

The types and classes of rateable land within this differential rate are those having the relevant characteristics described above.

Funds raised by the differential rate will be applied to the items of expenditure described in the Budget. The level of the rate for land in this category is considered to provide for an appropriate contribution to Council's budgeted expenditure, having regard to the characteristics of the land.

The geographic location of the land within this differential rate is wherever it is located within the municipal district.

The use of the land within this differential rate, in the case of improved land, is any use of land.

The types of buildings on the land within this differential rate are all buildings that are now constructed on the land or that may be constructed before the expiry of the 2020/21 financial year.

4.1.1 (p) Rating Rebates and Waivers

1. Eligible Pensioners Council Rebate

An initiative was instigated in 2005/06 to further assist pensioners in the community who pay municipal rates. This initiative was introduced in recognition of the increased burden that municipal rates place on the resources of this sector of the community, particularly in areas where valuations have increased. Council proposes to continue to provide a rebate to properties where the ratepayer is in receipt of the Victorian Government pension concession.

In 2013/14 the rebate was set at a flat rebate of \$50 in respect of properties where the ratepayer is in receipt of the Victorian Government pension concession. The rebate is to be increased by the same increase as general rates and charges each year and as a result will be set at \$58.45 for the 2020/21 year (\$58.45 2019/20). It is estimated that the rebate will cost Council \$0.400 million in 2020/21.

2. Commercial/Industrial Properties Rate Rebate

In 2019/20 a rebate totalling \$1.0 million was proportionally applied to all properties classed as Commercial/Industrial. A further rebate totalling \$1.0 million will also be proportionally applied in 2020/21 to all properties classed as Commercial/Industrial.

3. Rate Waiver - Bushfire impacted properties

All properties that had the main dwelling destroyed or deemed uninhabitable as a result of the 2019/20 bushfire, had all rates and charges waived for the 2019/20 year. This waiver will continue to apply for the 2020/21 and 2021/22 financial years. If the dwelling is rebuilt or sold during the year the waiver will only apply up to the date the dwelling is able to be occupied or the date of sale.

Statutory fees and fines (\$0.107 million decrease)

Statutory fees relate mainly to fees and fines levied in accordance with legislation and include animal registrations, *Public Health and Wellbeing Act 2008* registrations, statutory planning fees and parking fines. Increases in statutory fees are made in accordance with legislative requirements.

Statutory fees are forecast to decrease by 5.14% or \$0.107 million over the 2019/20 fee level.

A detailed listing of statutory fees is included in Appendix A.

Total user fees	19,523	12,652	(6,871)	(35.19%)

User fees (\$6.871 million decrease)

User fees relate mainly to the recovery of service delivery costs through the charging of fees to users of Council's services. These include livestock exchange operations, marina berth fees, caravan parks, use of recreation facilities, entertainment and other community facilities. The 2019/20 bushfires and the COVID-19 pandemic have impacted on fees and charges for 2019/20 year. As a result of facilities that have been closed or had reduced services from January through to June 2020 fees and charges for a number of services have been forecast to reflect a reduction in fees and charges. As a result of some facilities being closed or operating with reduced services in 2020/21 whilst the COVID-19 restrictions are in place, the budget for a number of services for fees and charges has also been reduced. The waste fees for both 2019/20 and 2020/21 reflect an increase in fees and charges income as a result of the additional waste deposited in Orbost and Barinsdale landfill sites that resulted from the 2019/20 bushfires. User fees and charges for 2020/21 have not been increased over the 2019/20 fees and charges.

Total user fees are projected to decrease by 35.19% or \$6.871 million over what was forecast for 2019/20.

A detailed listing of fees and charges is included in Appendix A.

Grants - operating (\$8.685 million decrease)

Operating grants include all money received from Victorian and Australian Government sources for the purposes of funding the delivery of Council's services to the community. Overall, the level of operating grants is projected to decrease by 36.95% or \$8.685 million compared to 2019/20. This is primarily a result of the advance payment of \$8.2 million of the 2020/21 Victoria Grants Commission payment that has been received in the 2019/20 financial year. There were a number of grants received to provide support following the 2019/20 bushfires and these grants will be applied over 2019/20 and 2020/21 year. Council also received a Local Government Service Support grant of \$1.510 million in 2019/20 that was applied to rate relief for all farm classified rate assessments. A list of operating grants by type and source, classified into recurrent and non-recurrent, is included above.

Grants - capital (\$15.993 million increase)

Capital grants include all money received from Victorian and Australian Government and community sources for the purposes of funding the capital works program. Overall the level of capital grants has increased by 212.96% or \$15.993 million compared to 2019/20 as a result of various grants that will be received for projects in 2020/21. Section 4.5. 'Capital Works Program' includes a more detailed analysis of the grants and contributions expected to be received during the 2020/21 year. A list of capital grants by type and source, classified into recurrent and non-recurrent, is included above.

Contributions - monetary (\$0.182 million decrease)

Contributions relate to money paid by developers in regard to public resort and recreation, drainage and car parking in accordance with planning permits issued for property development.

Contributions are projected to decrease by \$0.182 million or 56.35% compared to 2019/20.

Contributions -non-monetary (no change)

Contributions relate to infrastructure assets handed over to Council by developers in relation to subdivisions.

Total other income	3,616	18,839	15,223	420.99%

Other income (\$15.223 million increase)

Other income relates to a range of items such as private works, cost recoups and other miscellaneous income items. It also includes interest revenue on investments and reimbursements for natural disaster event expenditure.

Other income is forecast to increase by \$15.223 million compared to 2019/20. This is a result of all reimbursements for the 2019/20 bushfire natural disaster funded infrastructure repairs as well as the replacement of a number of timber bridges that were destroyed in the fires. Some of the works were undertaken in 2019/20 with the majority of works being completed during 2020/21 and the reimbursement income reflects the expected timing for the receipt of the income.

Snapshot of Income

Adjusted underlying surplus (\$8.588 million decrease)

The adjusted underlying result is the net surplus or deficit for the year adjusted for non-recurrent capital grants, non-monetary asset contributions, and capital contributions from other sources. It is a good measure of financial sustainability and Council's ability to achieve its service delivery objectives as it is not impacted by capital income items that can often mask the operating result. The adjusted underlying result for the 2020/21 year is a deficit of \$2.520 million, which is a decrease of \$8.588 million from the 2019/20 year. In calculating the adjusted underlying result, Council has excluded grants received for capital purposes that are non-recurrent and capital contributions from other sources. Contributions of non-monetary assets are excluded as the value of assets assumed by Council is dependent on the level of development activity each year. The advance payment of \$8.2 million of the 2020/21 Victoria Grants Commission allocation in the 2019/20 year has impacted on the operating result and the underlying result for the 2020/21 year.

Employee costs (\$3.150 million increase)

Employee costs include all labour related expenditure such as wages, salaries and on-costs such as allowances, leave entitlements, employer superannuation etc.

Employee costs are forecast to increase by 10.4% or \$3.150 million compared to 2019/20. This increase relates to three key factors:

- terms and conditions of Council's Enterprise Agreement;
- incremental movements within employment Bands for applicable employees; and
- a number of grant funded positions relating to the Bushfire Recovery Directorate.

Materials and services (\$3.092 million increase)

Materials and services include the purchase of consumables, and payments to contractors for the provision of services and utility costs. Materials and services are forecast to increase by 6.27% or \$3.092 million compared to 2019/20.

Contracts are forecast to increase by \$2.255 million compared to 2019/20 in line with CPI and other known factor increases. Road maintenance contract works are forecast to increase as a result of reinstatement works that will be undertaken following damage as a result of the 2019/20 bushfires. Similarly there are other contract works expected for the reinstatement of other structures included in roadside vegetation and furniture that relate to damage from the 2019/20 bushfires. Waste Services contract payments are expected to increase by \$0.510 million as a result of the additional contract work for the bushfire waste cleanup. Other materials and services are forecast to increase by 2.49% or \$0.837 million as a result of additional general maintenance and service costs in 2020/21 that include expenditure for the repair and restoration of infrastructure that was damaged in the 19/20 bushfires. The additional costs are funded from reimbursements from natural disaster funding. There is also a forecast reduction in consultancies as a number of projects that were undertaken by consultants have been completed. There has also been a reduction in contributions expenses also as a result of funding received for bushfire impacts as well as the drought impact on the farming sector. A number of bushfire related grants will be expended over 2019/20 and 2020/21 but with the greater part being expended in 2019/20.

Total depreciation	20,996	21,952	956	4.55%

Depreciation (\$0.956 million increase)

Depreciation is an accounting measure that attempts to allocate the value of an asset over its useful life for Council's property, plant and equipment including infrastructure assets such as roads and drains. The increase of \$0.956 million for 2020/21 is the result of the capitalisation of new assets and the associated depreciation as a result.

Other expenses (\$0.082 million increase)

Other expenses relate to a range of unclassified items including Councillor allowances, audit fees, legal costs, memberships and subscriptions, bank charges and other miscellaneous expenditure items. Other expenses are forecast to increase by \$0.082 million or 5.64% compared to 2019/20.

Snapshot of Expenditure

4.2 Balance Sheet

4.2.1 Assets

Current Assets (\$21.643 million decrease) and Non-Current Assets (\$43.176 million increase)

Cash and cash equivalents include cash and investments such as cash held in the bank and in petty cash and the value of investments in deposits or other highly liquid investments with short term maturities of 90 days or less. This together with other financial assets with a maturity of greater than 90 days are projected to decrease by \$23.095 million during the year mainly to fund incomplete capital works and landfill rehabilitation projects of \$13.347 million from the 2019/20 year that had been fully budgeted for in that year. Advance funding of \$4.5 million of capital grant funding was received in 2019/20 for new capital works in 2020/21. Advance funding of \$8.2 million of the 2020/21 Victoria Grants Commission payment was also received in the 2019/20 year. There is also \$8.3 million of income received from bushfire waste fees in 2019/20 that will be used for a discretionary reserve for the Orbost landfill site for future aftercare works.

Property, infrastructure, plant and equipment make up the largest component of Council's worth and represent the value of all the land, buildings, roads, vehicles, equipment, etc. that has been built up by Council over many years. The \$43.176 million increase in this balance is attributable to the net result of the capital works program (\$64.766 million of new works), depreciation and amortisation of assets (\$22.852 million), the sale of plant and equipment (\$0.600 million) and developer contributed assets (\$2.0 million).

4.2.2 Liabilities

Current Liabilities (\$0.748 million increase) and Non Current Liabilities (\$1.888 million decrease)

At 30 June 2020 there was advance capital grant funding of \$4.5 million which is utilised in the 2020/21 year and reduces the current liabilities. The expected current liability for repayment of loans at 30 June 2021 is expected to be \$1.7 million and has therefore moved from non-current liabilities to current liabilities. The Landfill Rehabilitation provision has also increased at 30 June 2021 based on the expected rehabilitation works to be undertaken in the 2021/22 financial year.

Interest-bearing loans and borrowings are borrowings of Council. Council has budgeted for new borrowings of \$2.250 million in 2020/21 and this has added to non-current liabilities. The decrease in Non-current Provisions reflects the movement to current Provisions for landfill rehabilitation works planned in 2021/22 year.

4.2.3 Borrowings

The table below shows information on borrowings specifically required by the Regulations.

	Forecast Actual 2019/20 \$	Budget 2020/21 \$
Amount borrowed as at 30 June of the prior year	4,077	3,350
Amount proposed to be borrowed	0	2,250
Amount projected to be redeemed	(727)	0
Amount of borrowings as at 30 June	3,350	5,600

Council proposes new borrowings of \$2.250 million in 2020/21. There are new borrowings for the Eagle Point Hub Project from the Community Infrastructure Loan Scheme through the Victorian Government. These loan funds totalling \$3.305 million will be drawn down over two financial years being 2020/21 (\$0.500M) and 2021/22 (\$2.805M). Further borrowings of \$5M for the WORLD Sporting Complex Precinct Stage 1 project is proposed to be drawn down over two year (2020/21 \$1.750M and 2021/22 \$3.250M).

4.3 Statement of changes in Equity

4.3.1 Reserves (\$0.166 million decrease)

The asset revaluation reserve represents the difference between the previously recorded value of assets and their current valuation. There is no revaluation of assets planned for the 2020/21 year and as a result there is no movement in the year end balance for the Asset Revaluation Reserve.

Statutory reserves are expected to decrease by \$0.166 million at the end of 2021 as a result of the use of funds for works.

4.3.2 Equity

Equity (\$22.673 million increase)

Total equity always equals net assets and is made up of Reserves and Accumulated Surplus.

Movement in reserves accounts for \$0.166 million of the increase in accumulated surplus as this amount has transferred from reserves back into retained earnings.

Accumulated surplus is the value of all net assets less reserves that have accumulated over time. The increase in accumulated surplus is the result of the 2020/21 operating surplus of \$22.673 million plus the transfer from reserves of \$0.166 million.

Included in the accumulated surplus are funds identified as discretionary reserves. Although not restricted by a statutory purpose, Council has made decisions regarding the future use of these funds and unless there is a Council resolution these funds should be used for those earmarked purposes. During the 2020/21 year \$0.3 million is budgeted to be transferred to a Discretionary Reserve for the purpose of Replacement of the Raymond Island Ferry. The total discretionary allocation of these funds at the end of the 2020/21 year is \$2.4 million. The decisions about future use of these funds has been reflected in Council's Strategic Resource Plan and any changes in future use of the funds will be made in the context of the future funding requirements set out in the plan.

An additional discretionary reserve will be established for the potential future aftercare costs associated with the Orbost Landfill site. The Orbost landfill was reopened in 2020 to enable the acceptance of bushfire waste. This waste contains contaminated waste and the ongoing monitoring and aftercare costs associated with this site will be required many years into the future. As part of the bushfire waste disposal project, funds were raised in 2019/20 and also 2020/21 to cover the estimated future costs that may be incurred and therefore the cash for this project is part of cash at year end.

4.4 Statement of Cash Flows

4.4.1 Net cash flows provided by/used in operating activities

Operating activities \$39.149 million inflow (\$2.197 million inflow increase)

Operating grants are forecast to decrease by \$17.685 million as a result of \$8.2 million of the 2020/21 Victoria Grants Commission grant being received in the 2019/20 year. This reduction in operating grant income was partly offset by an increase in capital grant funding of \$15.993 million. The other significant cashflow movement is an increase in other receipts of \$15.543 million as a result of an increase in reimbursement for bushfire repair and restoration works of \$14.950 million. Employee costs are expected to increase by \$3.316 million as a result of enterprise agreement increases and an increase in employees in the 2020/21 year for the Bushfire Recovery Directorate that is funded from a state government grant..

The net cash flow from operating activities does not equal the surplus/(deficit) for the year, as Council's expected revenues and expenses include non-cash items that have been excluded from the Cash Flow Statement. It also takes into account balance sheet movements relevant to operating income and expenditure in the cash flow. The budgeted operating result is reconciled to budgeted cash flows available from operating activities as set out in the following table.

	Forecast Actual 2019/2020 \$'000	Budget 2020/2021 \$'000	Variance \$'000
Surplus (deficit) for the year	10,706	22,673	11,967
Contributions - non-monetary	(2,000)	(2,000)	0
Depreciation and amortisation	21,561	22,852	1,291
Loss (gain) on disposal of property, infrastructure, plant and equipment	3,764	0	(3,764)
Finance costs	(304)	(328)	(24)
Net movement in current assets and liabilities	3,225	(4,048)	(7,273)
Cash flows available from operating activities	36,952	39,149	2,197

4.4.2 Net cash flows provided by/used in investing activities

Investing activities \$30.666 million outflow (\$0.946 million decrease in outflows)

The outflows in cash from investing activities have decreased, primarily as a result of the increase in inflow of cash from an investment of \$33 million in 2020/21 year. There is also an expected increase in cash outflow of \$32.054 million for the payment for property, plant and equipment and infrastructure as set out in the capital works program for 2020/21.

4.4.3 Net cash flows provided by/used in financing activities

Financing activities \$1.922 million inflow (\$2.953 million inflow increase)

For 2019/20 the total of loan principal repayments is \$0.727 million whilst there are no loan principal repayments due in the 2020/21 year. There is an inflow of loan proceeds in 2020/21 of \$2.250 million. Finance costs outflow increases slightly in 2020/21.

4.5 Capital works program

This section presents a listing of the capital works projects that will be undertaken for the 2020/21 year, classified by expenditure type and funding source. Works are also disclosed as current budget or carried forward from prior year.

Details of major works that are not classified as capital works are also included in this section for information. These projects mainly relate to landfill rehabilitation projects.

4.5.1 Summary

	Forecast Actual 2019/20 \$'000	Budget 2020/21 \$'000	Change \$'000	%
Property	4,175	7,182	3,007	72.02%

Total	32,712	64,766	32,054	97.99%

Property (\$7.182 million)

The property class comprises buildings and building improvements including community facilities, municipal offices, sports facilities and pavilions.

For the 2020/21 year, \$7.182 million will be expended on building and building improvement projects. The more significant projects include the Shire-wide Building Renewal Program (\$1.0 million), construction of the Eagle Point Foreshore Hub (\$0.500 million), Lucknow Recreation Reserve Upgrade (\$2.2 million) and new facilities at the East Gippsland Livestock Exchange in Bairnsdale (\$0.477 million).

Plant and equipment (\$7.105 million)

Plant and equipment includes plant, machinery and equipment, computers and telecommunications equipment, and library books.

For the 2020/21 year, \$7.105 million will be expended on plant, equipment and other projects. The more significant projects include ongoing cyclical replacement of the plant and vehicle fleet (\$2.930 million), upgrade and replacement of information and communications technology (ICT) (\$3.936 million) and the purchase of library books (\$0.200 million).

Infrastructure (\$50.479 million)

Infrastructure includes roads, bridges, footpaths and cycleways, drainage, recreation and community facilities, parks, open space and streetscapes, off-street car parks and other structures.

For the 2020/21 year \$15.642 million will be expended on roads. This includes gravel road resheets of \$1.2 million, road reseals of \$4.267 million, the upgrade to Maroney Street, Bairnsdale of \$0.750 million and Omeo Valley Road Major Rehabilitation \$1.038 million.

Bridge construction works of \$7.706 million are proposed. The Genoa Pedestrian Bridge will be renewed at a cost of \$1.225 million, the Bullock Island Bridge will be replaced at a cost of \$1.5 million. Five timber bridges destroyed in the 2019/20 bushfires will also be replace at a cost of \$1.849 million.

Drainage works of \$1.043 million will be undertaken. Waste projects of \$5.843 million are planned, including the Lakes Entrance Waste Transfer Station upgrade at \$2.218 million and the construction of Bairnsdale Cell 4 at \$2.0 million. Recreation and community facilities will be upgraded at a cost of \$4.497 million, the largest of these projects being the WORLD Sporting Precinct Stage 1 project at a cost of \$3.858 million. Footpath and Cycleways works of \$3.249 million are planned. The largest of these projects is the Omeo Mountain Bike Trails at \$2.078 million. Parks, Open Space and Streetscape works at a cost of \$5.863 million will be undertaken. The largest of these projects is the Lakes Entrance Streetscape (\$1.597 million) and the implementation of the Bullock Island Masterplan (\$2.010 million). The Cann River Off Street Parking will be upgraded at a cost of \$0.365 million and the Newmerella Princes Highway rest area will be upgraded at a cost of \$0.320 million. Other Infrastructure works of \$5.614 million are planned. The largest of these projects is the construction of Mallacoota seawalls at a cost of \$1.4 million and Jemmy's Point Stage 2 at a cost of \$0.683 million.

Asset renewal (\$47.503 million), new assets (\$10.962 million), upgrade (\$6.271 million) and expansion (\$0.030 million)

A distinction is made between expenditure on new assets, asset renewal, asset upgrade and asset expansion. Expenditure on asset renewal is expenditure on an existing asset, or on replacing an existing asset that returns the service of the asset to its original capability. Expenditure on new assets does not have any element of expansion or upgrade of existing assets but will result in an additional burden for future operation, maintenance and capital renewal.

The major projects included in the above categories that constitute expenditure on new assets are Eagle Point Foreshore Hub (\$0.250 million), Omeo Mountain Bike Trails (\$1.078 million), the WORLD Sporting Precinct (\$1.929 million), the Mallacoota Pavillion Stage 2 (\$0.696 million), the Gymnastics Pavillion at the Lucknow Recreation Reserve (\$0.750 million) and the Bairnsdale Landfill Cell 4 construction (\$2.0 million). Various other small projects make up the remainder of new capital works expenditure. The remaining capital expenditure represents renewals, expansion and upgrades of existing assets.

Budgeted total funding sources 2020/2021

New Works

Grants - Capital (\$23.503 million)

Capital grants include all money received from Victorian and Australian Government sources for the purposes of funding the capital works program. Significant grants and contributions are budgeted to be received for new projects in 2020/21 including Roads to Recovery projects (\$4.217 million), Mallacoota Seawalls construction (\$1.0 million), Bullock Island Masterplan Implementation (\$1.5 million), Lakes Entrance Foreshore Enhancements (\$0.8 million), WORLD Sporting Precinct Stage 1 (\$1.925 million), Omeo Mountain Bike Trails - Stage 2 (\$2.121 million), Bullock Island Bridge (\$1.5 million), Genoa Pedestrian Bridge from Rest Area (\$0.980 million) and Cann River Off Street Parking (\$0.280 million).

Contributions (\$3.908 million)

Council receives contributions from external groups and agencies towards the funding of some capital works projects. In 2020/21 it is expected that insurance reimbursements of \$0.750 million will be received towards funding three specific capital projects that were destroyed in the 2019/20 bushfires. It is also expected that natural disaster funding reimbursement of \$3.067 million will be received for the cost of rebuilding eight timber bridges that were destroyed in the 2019/20 bushfires.

Borrowings (\$2.250 million)

Borrowings of \$2.250 million are proposed in 2020/21 to fund two projects. Loan funds of \$0.500 million is proposed to fund Eagle Point Hub Development works in 2020/21. It is also proposed that loan funds of \$1.750 million would be taken up in 2020/21 to part fund the WORLD Sporting Precinct project.

Council cash - operations (\$23.120 million)

Council generates cash from its operating activities that is used as a funding source for the capital works program. It is forecast that \$23.120 million will be generated from operations to fund the new capital works program in 2020/21.

Council cash - proceeds from sale of assets (\$0.600 million)

Proceeds from sale of assets include motor vehicle sales of \$0.600 million in accordance with Council's vehicle fleet renewal policy .

Reserve cash - reserve cash and investments (\$0.166 million)

Council has cash reserves that are set aside for specific purposes. During 2020/21 it is proposed to utilise \$0.066 million of Public Open Space Reserve funds for renewal of Open Space Eagle Point and \$0.100 million for parking upgrades in Lakes Entrance.

Council cash - unrestricted cash and investments (Nil)

In addition to reserve investments, Council has uncommitted cash and investments that represent unrestricted cash and investments and funds preserved from the previous year, mainly as a result of capital projects that have been carried forward for completion in 2020/21. The total anticipated to be carried forward as unrestricted cash and investments for these incomplete works is \$11.219 million. The 2020/21 capital works program, excluding the carry forward projects from 2019/20, will not use any unrestricted cash and investments.

Key to Forecast Trend:

- + Forecasts improvement in Council's financial performance/financial position indicator
- o Forecasts that Council's financial performance/financial position indicator will be steady
- Forecasts deterioration in Council's financial performance/financial position indicator

Notes to indicators

1. Adjusted underlying result

An indicator of the sustainable operating result required to enable Council to continue to provide core services and meet its objectives. The advance payment of \$8.2 million of the Victoria Grants Commission (VGC) 2020/21 payment in the 2019/20 year has impacted on the measure for the 2020/21 year, giving a lower result. It is expected that this ratio will remain positive though over the remaining three years of the Strategic Resource Plan. The ratio though decreases in 2023/24 as a result of R2R capital funding being fully spent over the first four years of the five year program. A result of more than 0% indicates surpluses are being generated consistently and represents a lower risk of Council not being able to fund works and services.

2. Working Capital

The proportion of current liabilities represented by current assets. Working capital is forecast to remain steady at an acceptable level with no short term cash issues. Whilst the forecast working capital ratio for the 2023/24 year is less than 150%, Council aims to have a working capital ratio on average of at least 150%.

3. Unrestricted Cash

Cash and cash equivalents held by Council are restricted in part, and not fully available for Council's operations. This indicator measures Council's ability to fund current liabilities with unrestricted cash if they all fell due at year end. The results for this indicator are relatively steady over the forecast periods and are at an acceptable level to fund short-term commitments. The indicator is impacted by the planned landfill rehabilitation works and will decline in years where estimated costs for planned works are provided for in current provisions such as the 2023/24 year.

4. Debt compared to rates

Trend indicates Council's increasing reliance on debt against its annual rate revenue as a result of some planned new borrowings.

5. Asset renewal

This percentage indicates the extent of Council's renewals against its depreciation charge (an indication of the decline in value of its existing capital assets). A percentage of 100 or greater indicates Council is maintaining its existing assets, while a percentage less than 100 means its assets are deteriorating faster than they are being renewed and future capital expenditure will be required to renew assets. Planned asset renewal for all years is greater than 100 percent.

6. Rates concentration

Reflects the extent of reliance on rate revenue to fund Council's ongoing services. Trend analysis indicates Council will become slightly more reliant on rate revenue compared to all other revenue sources.

Appendix A

Fees and charges schedule

This appendix presents the fees and charges of a statutory and non-statutory nature that will be charged in respect of various goods and services provided during the 2020/21 year.

GST Code refers to the classification of the supply type for the determination of Goods and Services Tax (GST). They are defined as either:

G = GST applicable

E = GST exempt

Fee Status

Non-Statutory - These fees are set by Council

Statutory - These fees are set by legislation

Note 1: Marina fees for Slip Bight Marina are subject to approval by the Minister for Energy, Environment and Climate Change.

Note 2: Marina fees for Metung Marina are subject to approval by the Minister for Energy, Environment and Climate Change, the Minister for Local Government and the Minister for Planning.

Glossary

Term	Definition
Act	<i>Local Government Act 1989</i>
Accounting Standards	Australian accounting standards are set by the Australian Accounting Standards Board (AASB) and have the force of law for Corporations law entities under section 296 of the <i>Corporations Act 2001</i> . They must also be applied to all other general purpose financial reports of reporting entities in the public and private sectors.
Adjusted underlying revenue	The adjusted underlying revenue means total income other than non-recurrent grants used to fund capital expenditure, non-monetary asset contributions, and contributions to fund capital expenditure from sources other than grants and non-monetary contributions. <i>Local Government (Planning and Reporting) Regulations 2014 - Schedule 3</i>
Adjusted underlying surplus (or deficit)	The adjusted underlying surplus (or deficit) means adjusted underlying revenue less total expenditure. It is a measure of financial sustainability of councils that can be masked in the net surplus (or deficit) by capital-related items. <i>Local Government (Planning and Reporting) Regulations 2014 - Schedule 3</i>
Annual budget	Plan under section 127 of the Act setting out the services to be provided and initiatives to be undertaken over the next 12 months and the funding and other resources required.
Annual report	The annual report prepared by Council under sections 131, 132 and 133 of the Act. The annual report to the community contains a report of operations and audited financial and performance statements.
Annual reporting requirements	Annual reporting requirements include the financial reporting requirements of the Act, Accounting Standards and other mandatory professional reporting requirements.
Asset expansion expenditure	Expenditure that extends the capacity of an existing asset to provide benefits to new users at the same standard as is provided to existing beneficiaries <i>Local Government (Planning and Reporting) Regulations 2014 – Regulation 5</i>
Asset renewal expenditure	Expenditure on an existing asset or on replacing an existing asset that returns the service capability of the asset to its original capability. <i>Local Government (Planning and Reporting) Regulations 2014 – Regulation 5</i>
Asset renewal Gap	The gap between the required level of asset renewal expenditure and the actual expenditure on asset renewal

Term	Definition
Asset upgrade expenditure	Expenditure that: (a) enhances an existing asset to provide a higher level of service; or (b) increases the life of the asset beyond its original life. <i>Local Government (Planning and Reporting) Regulations 2014 – Regulation 5</i>
Borrowing strategy	A borrowing strategy is the process by which Council's current external funding requirements can be identified, existing funding arrangements managed and future requirements monitored.
Balance sheet	The balance sheet shows the expected net current asset, net non-current asset and net asset positions in the forthcoming year compared to the forecast actual in the current year. The balance sheet should be prepared in accordance with the requirements of AASB 101 - Presentation of Financial Statements and the Local Government Model Financial Report.
Comprehensive income statement	The comprehensive income statement shows the expected operating result in the forthcoming year compared to the forecast actual result in the current year. The income statement should be prepared in accordance with the requirements of AASB101 Presentation of Financial Statements and the Local Government Model Financial Report.
Financial Statements	Section(s) 126(2)(a), 127(2)(a) and / or 131(1)(b) of the Act require the following documents to include financial statements: Strategic Resource Plan Budget Annual Report The financial statements to be included in the Budget include: Comprehensive Income Statement Balance Sheet Statement of Changes in Equity Statement of Cash Flows Statement of Capital Works The financial statements must be in the form set out in the Local Government Model Financial Report.

Term	Definition
Statement of capital works	The statement of capital works shows the expected internal and external funding for capital works expenditure and the total proposed capital works expenditure for the forthcoming year with a comparison with forecast actual for the current year. The statement of capital works should be prepared in accordance with Regulation 9.
	<i>Local Government (Planning and Reporting) Regulations 2014 – Regulation 9</i>
Statement of cash flows	The statement of cash flows shows the expected net cash inflows and outflows in the forthcoming year in the form of reconciliation between opening and closing balances of total cash and investments for the year. Comparison is made to the current year's expected inflows and outflows. The cash flow statement should be prepared in accordance with the requirements of AASB 107 Statement of Cash Flows and the Local Government Model Financial Report.
Statement of changes in equity	Shows the expected movement in Accumulated Surplus and reserves for the year. The statement of changes in equity should be prepared in accordance with the requirements of AASB 101 - Presentation of Financial Statements and the Local Government Model Financial Report.
Budget preparation requirement	Under section 130(3) of the Act, a council is required to prepare and adopt an annual budget by 30 June each year.
Capital expenditure	Capital expenditure is relatively large (material) expenditure that produces economic benefits expected to last for more than 12 months. A pre-determined 'threshold' may be used that indicates the level of expenditure deemed to be material in accordance with Council's policy. Capital expenditure includes renewal, expansion and upgrade. Where capital projects involve a combination of renewal, expansion and upgrade expenditures, the total project cost needs to be allocated accordingly.
Capital works program	A detailed list of capital works expenditure that will be undertaken during the 2018/19 financial year. Regulation 10 requires that the budget contains a detailed list of capital works expenditure and sets out how that information is to be disclosed by reference to asset categories, asset expenditure type and funding sources.
Carry forward capital works	Carry forward capital works are those works that are incomplete in the current budget year and will be completed in the following budget year.
Council Plan	Means a Council Plan prepared by a council under section 125 of the <i>Local Government Act 1989</i> . This document sets out the strategic objectives of the council and strategies for achieving the objectives as part of the overall strategic planning framework required by the Act.

Number	Name of Submitter	Locality of Submitter	Summary of points raised in Submission	Section 223 Committee of Council Recommendations	Proposed Council Response
2.1	Buchan Gelantipy and Districts Renewal Association Inc.	Buchan	The draft budget does not address the needs of areas in East Gippsland most heavily impacted by the summers bushfires and in some cases continues to isolate those most disaffected communities in the shire. The Buchan Gelantipy and Districts Renewal Association would like to present on the need for amendments to the Budget to create a supportive environment for ongoing community recovery.	No change to the Final draft Budget 2020/21.	<p>The submitter be thanked for making the submission and attending the Hearing to speak to Councillors.</p> <p>Councillors recognise the importance of Community Plans and the ability to be able to fund priority projects in the budget. Draft Budget 2020/21 Officer responses to submissions

Provided below are details of the key points raised for each of the above areas of interest together with an overview of the submitter's commentary and officer responses to the matters raised:

1. Community Plans

Submission No 1.1 - received on Draft Budget 2020/21 document

Council should engage with communities to determine how to prioritise resources and balance service provision against other responsibilities. Does not believe this happens at Buchan. States that the Buchan 5 Year Community Plan has had minimal support in any form from Council. Example is the proposed waste dump station for the grey nomad vehicles that Council supposedly committed to installing 18 months ago. Queried whether the last 5 Year Community Plan was considered when drafting this and previous budgets.

Officer Response to Community Plan matters (Submissions 1.1)

Council has been committed to supporting community-led planning, with specific Community Planning officers working directly with several our communities since 2010. A total of 13 Community Plans have been developed, with their purpose to provide direction for community led decision making. These plans capture the community's hopes and dreams and their vision for the future. Community members have invested large amounts of their time in working on these plans and bringing them to fruition.

East Gippsland Shire Council has recently completed (November 2019) a pilot project called One Place One Plan in working with communities to establish a new approach to developing their community plan.

This new place-based community planning model enables partnership between community, government and other services and agencies. This model includes a readiness tool to assess the strengths and capabilities of the community's readiness for participation in planning and collective decision making.

The Omeo and Buchan Districts were identified as the 2020 priority Districts for this process to commence.

With the 2019/2020 fire event impacting many communities across East Gippsland including Buchan, the planning approach is now taking a modified pathway. A key focus post fire event is 'recovery'.

Moving forward, Council (and other government agencies and not for profit organisations) will work with the Buchan Gelantipy District to develop a strategic plan which highlights the community's hopes and aspirations for the future. This will involve a review of the existing and previous Buchan community plans as well as any other relevant plans developed over the years.

The integration of community plans into the budget process has been inconsistent over the years past. This adopted and tailored approach to community planning ensures that communities end up with a needs focused action plan rather than a 'wish list' of capital investment that is often outside of what is achievable nor affordable.

Council's commitment is to work with communities to create their long-term vision, develop a plan and support implementation of key priorities in order to achieve that vision.

A project to install an RV Dump Point in Buchan was provided with a budget of \$55,000 following a capital budget review process within the second half of 2019/20 following the

Summary of Submissions on Draft Budget 2020/21 Post Hearing Consideration

bushfire event. This project will be apparent within the list of capital works projects included within the budget that will have budget amounts carried over from 2019/20 into the 2020/21 financial year. The project is currently progressing through planning and approval processes. The funding of this project was a direct result of Council's bushfire recovery staff working with the Buchan community to understand the most immediate priorities.

Council has also provided in the final Draft Budget 2020/21 \$2.495 million in the 2021/22 year for Community Infrastructure Priorities. The allocation of those funds will follow consultation with communities, including the Buchan community, to determine what those priority projects will be.

2. Bushfire Recovery Support (Submission No 2.1)

States that the draft budget does not address the needs of areas in East Gippsland most heavily impacted by the summer bushfires. The Buchan Gelantipy and District Renewal Association wishes to present on the need for amendments to the budget to create a supportive environment for ongoing community recovery.

Officer Response:

- *Council is committed to supporting bushfire impacted communities and creating betterment*
- *Council will be working alongside communities support development of local recovery plans*
- *Council will work in partnership with key agencies to help ensure priorities are delivered*
- *Council have allocated additional resources to provided dedicated support for recovering communities across the organisation and specifically within the new Bushfire Recovery Directorate*

Economic Recovery:

*Refer to Supporting East Gippsland Update April 2020 attached (**Attachment 3**) – for comprehensive summary. Three additional resources within Economic Development Team dedicated to supporting business recovery (including a Business Events Officer to help convert post bushfire corporate pledges)*

- *Deployed Business outreach (Grant Buddies) – whilst government agencies were still settling, so help connect impacted business with the right support and assist them to fill in the required paperwork associated with \$10K grants (Bushfire and now COVID)*
- *Council has invested significantly in several Recovery campaigns (Tourism / Buy local / Liveability) – immediately post bushfire and in readiness for post COVID rebound to drive visitor and local spending*
- *Provided free access to online business resilience training (bespoke training package)*
- *Invested in Business Concierge package to improve local business visibility and B2B connections (Vendor Panel, Spend Map)*
- *Providing Governance training for all Business and Tourism Associations*
- *Committed to assisting CRCs with their Economic Recovery planning as part of their overall local recovery plans*
- *Preparing several industry sector mentoring and business development initiatives (across Agribusiness / Tourism and Hospitality and Retail)*

Summary of Submissions on Draft Budget 2020/21 Post Hearing Consideration

- *Committed to obtaining EcoDestination Status for East Gippsland (Council is driving this in partnership with key stakeholders Parks Victoria, DEWLP, Destination Gippsland, GLaWAC)*

Some additional notes around place managers:

- *Place Manager is assigned to the region, this resource has commenced providing some administrative support to the Recovery Committees. Council has been committed to supporting community-led planning, with specific Community Planning officers working directly with a number of our communities to since 2010.*
- *We have eight Place Managers to support bushfire affected communities*
- *Place Managers act as facilitators - building community connections and capacity and sharing information and knowledge in order to strengthen community resilience*
- *Improving two-way communication and supporting outcomes (between community and Council)*
- *Provide platform where community can articulate needs and we can support of agencies in place*
- *Operate on principles of Community-led, Partnership and Place*
- *It is expected that there will be significant funding made available from the State government for Community Recovery Committees to apply for in the near future.*
- *There are also a number of opportunities for funding from various sources that may be available to the Buchan community to support the community in recovery from the bushfires.*
- *Council has also provided in the final Draft Budget 2020/21 \$2.495 million for Community Infrastructure Priorities. The allocation of those funds will follow consultation with communities, including the Buchan community, to determine what those priority projects will be.*

3. Capital Program – Raymond Island Ferry (Submission No 3.1)

Raymond Island Access Options. Seeking allocation of funding in the 2020/21 budget for an engineering costing to build a low-level bridge to replace the Raymond Island Ferry, construction of which would deliver the benefit of 24-hour access and minimise annual maintenance costs.

To allay mariners' objections, an ancillary study be funded to assess the economics of building commercial marina berths adjacent to the low-level bridge with access points from the shores and/or the proposed bridge.

In the interim it is asked that a special rates levy per Raymond Island household be inaugurated to contribute to the \$3,143 pa burden that is placed on other ratepayers in the Shire.

Officer Response:

Investigation into alternate access options to Raymond Island was undertaken in 2019 which included discussions with Gippsland Ports, modelling of various bridges and comparative access options. This review was collaborated with previous investigations conducted by Council and Gippsland Ports to ensure previous assessments and views were still relevant.

Summary of Submissions on Draft Budget 2020/21 Post Hearing Consideration

In 2012, Gippsland Ports provided the following advice:

“McMillan Strait is one of, if not the busiest recreational boating waterways in Victoria given the scope and concentration of boating activity and is arguably the focal point of recreational boating activity on the Gippsland Lakes. Any substantive change in navigable parameters in respect of height restrictions, waterway width and ability to make passage (i.e.; restrictions on times when the waterway is obstructed) is likely to have an effect on the configuration of vessels plying the Strait and / or the convenience or frequency of them doing so.”

In revisiting this investigation, Gippsland Ports gave verbal advice that its views of 2012 remain unaltered, and the provision of bridge access to Raymond Island is considered problematic, as it is likely to interfere with boat movement through McMillan Strait.

In addition to the above, Council has been in the process of investigating the foreseeable longevity of the current Ferry in consultation with an accredited Marine Engineer Consultancy. Although this project is still ongoing, it is reasonable to suggest that we still have significant life left in the current Ferry providing Council continues to maintain its regimented maintenance regime.

Furthermore, the design and / or operation of all access options to Raymond Island, be it Ferry or fixed access, will impact in some way on the character of maritime activities in McMillan Strait. A significant increase in demand for access to the island, from a residential or commercial development perspective, is not expected.

Although this is not completely ruling out any potential change in access options into the future, the immediate access options is likely to be unchanged and until Council's final Ferry longevity report is complete and understood, the Ferry will continue to be the main access option from Paynesville to Raymond Island.

4. Omeo – Capital and Operating matters (Submission No 4.1)

The submission had a number of questions regarding projects and funding, mainly relating to projects for Omeo as summarised below:

1. Omeo Mountain Bike Trails
Where is the other \$1.1M of the \$4.5M in grants and announced Council funding?
2. Footpath Caravan Park to Livingstone Park
Is this going to be a shared path for pedestrian and MTB riders to be to the OMBC trail head?
3. Justice Precinct
Does the \$475K include the courthouse roof repairs?
4. Livingstone Park Playground renewal
Does this coordinate with Livingstone Park pump/skills track work?
5. Council Precinct Redevelopment
\$43K what is this for?
6. Caravan Park Renewal for Council Management
\$520K. Which park is it for? Are there any monies for placing current Omeo lessee's improvements?

Summary of Submissions on Draft Budget 2020/21 Post Hearing Consideration

7. Council to work with south-east councils.
Does this include Alpine and north east which abut East Gippsland Shire and are a huge source of visitors to us?
8. Advocate for funding to develop inbound tourist infrastructure.
Inbound from where?

Officer Response:

1. Omeo Mountain Bike Project Budget

The total budget for the Omeo Mountain Bike Project has comprised:

- i. \$1.52M of Council funding
- ii. \$1.50M of funding from the Commonwealth Government Building Better Regions Fund
- iii. \$1.0M from the Victorian Government Regional Tourism and Infrastructure Fund

The total of all previously budgeted funds is \$4.02M. Of this amount, \$3.40M remains available for implementation of the project within the 2020/21 and 2021/22 financial years. Expenditure to date has predominantly related to planning activities, including development of the Omeo Mountain Bike Trail Network Masterplan, Omeo Mountain Bike Destination Business Case, additional biodiversity assessment and consultancy services.

2. Footpath from Caravan Park to Livingston Park.

It is confirmed that the scope of this project is construction of a shared path link between the Caravan Park and Livingstone Park, suitable for both cyclists and pedestrians.

3. Omeo Justice Precinct

The Omeo Justice Precinct project includes a range of works assessed as being necessary for the conservation of the Old and New Courthouse buildings. These works will include roof repairs, in addition to stabilisation and salt-damp ingress proofing, brickwork stitch crack repairs, stainless steel bed joint reinforcement, damp proof course installation, solid plasterwork and joinery repairs.

4. Livingston Park Playground.

The project will be delivered separately to the Pump and Skills Track, however both projects are complimentary elements of the revised Master Plan for Livingstone Park. The Pump and Skills Track will be constructed by the end of 2020. The Playground project is programmed for delivery in the first half of 2021.

5. Council Precinct Redevelopment.

The \$43,000 listed within the capital works budget for Omeo Council Precinct Redevelopment is for design activities associated with future works to the Council Service Centre at 179 Day Avenue comprising the public toilets.

6. Caravan Park Renewal for Council Managed Parks

Works associated with \$510,000 allocated within the 2023/24 financial year for Caravan Park Renewal for Council Managed Parks are yet to be allocated to specific Caravan Park locations or activities, given the extended time frame until this amount is budgeted for expenditure. The amount will be allocated to specific projects in future budget iterations.

There is currently no budgeted expenditure for improvements at the Omeo Caravan Park within the draft 2020/21 budget. The expenditure requirements for all caravan parks will be reviewed as part of future annual budget processes.

7. General Questions

- i. Query in relation to Initiative no. 32, Work with neighbouring councils to position the South-East region - from Canberra to East Gippsland - as a place of industry growth, experiences and opportunities.**

This initiative does incorporate working with all neighbouring municipalities in Victoria, including the Alpine Shire and neighbouring municipalities in New South Wales that broader with East Gippsland Shire in the North East and Far East of the municipality.

- ii. Query in relation to Initiative no. 42, Advocate for funding to develop inbound tourism infrastructure.**

Council continually advocates for funding from all levels of government to develop and support tourism infrastructure. One such example is the Omeo Mountain Bike Trail which was a result of Council's advocacy to other levels of government for funding.

8. Request for geographical reporting of council expenditure

Thank you for your suggestion with respect to the reporting of budgeted expenditure of a geographic basis. Place based budget reporting capability has been a focus area based on past community feedback and improvements have been made in this area. Council will endeavour to provide a geographic summary of expenditure within the final budget document and future iterations of Council's budget.

Do you wish to present to Councillors on your submission at a hearing to be held at the Corporate Centre, Bairnsdale commencing at 1.00pm - Tuesday 11 August 2020?

I wish to discuss the main points in my written submission at the hearing

I am completing this submission:

On behalf of a group or organisation.

If you are representing a group or organisation, how many people do you represent?

I am President of the Buchan Neighbourhood House COM and am representing our community in this capacity. We are responsible for our 5 year community planning in partnership with the East Gippsland Shire Council.

What issue(s)/topic(s) in the Draft document do you wish to comment on and what is it you would like Council to consider?

My main point of contention regarding the budget is as follows: In Key Planning Considerations under Service Level Planning it is stated that Councils should engage with communities to determine how to prioritise resources and balance service provision against other responsibilities such as asset maintenance and capital works. This does not happen at Buchan! Time and time again our 5 year community plans have had very minimal support in any form from the council. One example is the proposed waste dump station for the likes of grey nomads vehicles that council has supposedly committed to installing some 18 months ago. I notice that it has not been included in this budget. In fact, I endorse our Neighbourhood House Co-ordinator's remarks, Evelyn Schmidt, there are only two items mentioned in the draft for our district, upgrade of the Buchan Transfer Station and relocation of the Gelantipy Transfer Station. I also endorse her other comments. Once again I am very disappointed with the lack of Council engagement in our community regarding our needs and concerns. I would ask that the CEO and Councillors work towards addressing this situation. Was our last 5 year community plan even considered when doing this and previous budgets?

What issue(s)/topic(s) in the Draft document do you wish to comment on and what is it you would like Council to consider?

The draft budget does not address the needs of areas in East Gippsland most heavily impacted by the summers bushfires and in some cases continues to isolate those most disaffected communities in the shire. The Buchan Gelantipy and Districts Renewal Association would like to present on the need for amendments to the Budget to create a supportive environment for ongoing community recovery.

INFORMATION
MANAGEMENT

Dear Mr Basford,

**Submission to East Gippsland Shire Council re Draft 2020/2021 Budget
RAYMOND ISLAND ACCESS OPTIONS**

From the 2016 Federal Government Census

Raymond Island had:

548 residents; 479 private residences; 48.4% of those residences were unoccupied on census night

65 years was the median age of residents

There are reportedly 250 koalas on Raymond Island. It has been assessed as sustainably supporting 50 koalas. Dogs are allowed on Raymond Island which conflicts with it supposedly being a koala habitat. With starving chlamydia-ridden koalas it can hardly be seen as a good tourist attraction!!!

Operating Cost From the 2020/2021 EGSC Budget: \$'000's

Item	2019/2020	2020/2021	% change
Raymond Island Ferry Operating & Maintenance costs contracted	\$752	\$865	+15.03
Raymond Island User Fees	\$175	\$216	
Net Operating Cost p.a.	\$577	\$649	+12.49
Annual net cost per resident \$1000's	\$1.05	\$1.18	+12.49
Annual net cost per household \$1000's	\$1.20	\$1.35	+12.49

Renewal Capital Expenditure per Council Draft 2020/2021 Budget \$'000's

Item	2021/2022	2023/2024
Slipping	\$1,300	\$1,400
Chains & wheels replacement	\$377	\$350
Total reported renewal expenditure	\$1,677	\$1,750

Raymond Island Total Identified Spend \$'000's

Item	2020/2021	2021/2022	2022/2023	2023/2024	4 years
Operating Cost	\$649	\$649	\$649	\$649	\$2,596
Renewal		\$1,677	-	\$1,750	\$3,427
Total spend	\$649	\$2,326	\$649	\$2,399	\$6,023

(Assumes the 2020/2021 Net Operating Cost is static at \$649,000 p.a.)

So combining the operating loss and renewal capital expenditure this comes to **\$6,023,000 for 4 years.**

Or \$12, 574 per household over 4 years or **\$3,143 per Raymond Island household per year!**

Raymond Island households receive or have access to all the services from Council that residents in other parts of the Shire get. Residents do not pay for the ferry as each household gets 2 free annual car passes.

This is a very unfair burden on all other ratepayers in the Shire. Anecdotally, many of the households are just holiday homes and this is supported by the Census finding that only 51.6% of homes were occupied. This burden on other ratepayers is continuing year after year. It is no one-off!

My 2018 & 2019 submissions on this topic suggested a combined bridge/adjoining marina complex be investigated by council. I was advised:

1. That I would be kept informed, then
2. On 27/2/19 that "a range of more detailed investigations were currently underway" was advised.
3. Last year I was advised that McMillan's Strait was "one of Victoria's busiest waterways". (Given the removal of commercial fishing this cannot be correct. It can only be busy sporadically with recreational craft. It is a small island which can be circumnavigated easily.)

RECOMMENDATION & REQUEST (mostly duplicates 2018 & 2019 requests)

- It is asked EGSC allocate funds in the 2020/2021 budget for an engineering costing of building a low-level bridge to replace the Raymond Island ferry, giving all the benefits of 24 hour access and minimising EGSC annual maintenance budget and giving a capital expenditure free period on this item of around 60 years.
- To allay mariners' objections, funding for an ancillary study is requested, to judge the economics of building commercial marina berths adjacent to the low-level bridge, with access points from the shores and /or from the proposed bridge.
- In the interim it is asked that a special rates levy per Raymond Island household be inaugurated to contribute to the \$3,143 pa. burden that is placed on other ratepayers of the Shire.

Yours sincerely,

Mr. Leigh Fulton

INFORMATION
MANAGEMENT

Dear Mr Basford,

Submission to East Gippsland Shire Council re Draft 2020/2021 Budget

1. Omeo Items

I have read the 128 pages of Information Sheet and Draft Budget 2020/2021.

I have questions on stuff identified as relating to expenditure planned for Omeo

(a) **Omeo Mountain Bike Trails (OMBC)** It is fantastic that this is moving along

Amounts in \$'000's

Page #	Item	2020/2021	2021/2022
68	OMBC project #11679	\$900	
62	OMBC Stage 2	\$1000	
72	OMBC Stage 2		\$1500

On OMBC this adds to only \$3.4million.

Request: Where is the other \$1.1 million of the \$4.5 million in grants and announced Council funding?

(b) Footpath from Caravan Park to Livingstone Park

On page 62 \$250k is shown for a footpath in 2020/2021.

Request: Is this going to be a shared path for pedestrians and MTB riders to get to the OMBC trail head?

(c) Justice Precinct #11718

On page 66 \$375k is shown for 2020/2021. Great to see!.

Request: Does this include the court house roof repairs?

(d) Livingstone Park Playground renewal

On page 64 \$100k is shown for 2020/2021. Terrific. (I have it on good authority, from several under 10year old's, that the old tyre swings are the best!!)

Request: Does this co-ordinate with the Livingstone Park pump/skills track work?

(e) Council Precinct Redevelopment

At page 74 \$43k is noted for this for 2021/2022.

Request: What's this for?

(f) Caravan Park Renewal for Council Management

On page 81 \$510k in 2023/2024 is noted for this.

Request: Which park is it for? (If for Omeo it's a bit late if 31/3/2021 is the quit date for existing lessees.) Are there any monies for replacing current Omeo lessee's improvements?

2. General Questions

(a) On page 20 at point #32, it is stated that “council is to work with south-east councils”

Request: Does this include Alpine Shire and the North-East which abut East Gippsland Shire and are a huge source of visitors to us?

(b) On page 20 point 42 “Advocate for funding to develop inbound tourism infrastructure”

Request: Inbound from where? (At 10% of Victoria someone from Genoa is an inbound for Omeo!)

3. Presentation Submission/Request

I have suggested this before. The last time was at the Council Meeting held in Omeo on 6th August 2019, where I was told it was a great idea. A letter arrived some months later saying it couldn't be done as it was too hard to make figures cross balance.

The request/submission is:

To break the budgeted project/capital expenditure into say 5 geographic areas within East Gippsland Shire. The idea is to give residents a snapshot of what is happening in their areas. I have been through 125 pages of stuff in the Draft 202/201 budget with figures relating to Omeo all over the place. That is fine in that the figures have to be presented by type of expenditure.

The geographic areas I would suggest are:

Bairnsdale Town, Lakesides, East High Country, West High Country and Mallacoota Region.

The idea is for it just to be indicative. The totals for the five areas do not need to add to the total capex of the Shire. There can always be a “not area specific” line.

I see it as a great way for EGSC to “sell” the budget.

Yours sincerely,
