<td>Level II, III and Level IV NICU</td>
<td>≥600 Hours</td>
<td>600 Hours</td>
<td>Certified NP or Perinatal Neonatal Board-Certified MD</td>
</tr>
</tbody>
</table>

**Rotations Must Include:**

- Primary Care: Developmental Follow-up; pulmonary with CLD/BPD; ENT with Aero-digestive and tracheostomy; Cardiology and PPHN f/u; NBN rotation as well as time in lactation and General primary care (see patients up to age 2 for well child checkups)
- Level II NICU (N609 only) moderate risk infants with respiratory support such as CPAP or HFNC O2.
- Level III NICU (DR resuscitation; ELBW/VLBW management; TPN ordering and Ventilator management)
- Level IV NICU (complex surgical care- heart/Neuro/GI; subspecialty care; long term chronicity)

**Students Participation in Clinical Rotations:**

The neonatal NP program is built based on progression from well-newborns to surgical and complex critically ill infants. Our national competency outcomes mandate clinical experiences across the continuum of care and across the scope of practice for the neonatal NP.
