

PROFESSIONAL DEVELOPMENT SERIES

CREATING AN INCLUSIVE LEARNING AND WORKING ENVIRONMENT FOR INDIVIDUALS WITH INTELLECTUAL AND PHYSICAL DISABILITIES

WEDNESDAY, NOVEMBER 29, 2023

10:30 AM - 12:30 PM Hybrid Session (Lunch Provided)

Room 203 - Please *RSVP* your attendance *here!*

The topics of intellectual and physical abilities are often left out of diversity, equity, and inclusion conversations. In our organization, this can lead to further marginalization and alienation for these individuals in the classroom and workplace.

Through an intersectional perspective, we will explore ways to broaden our understanding, discourse, and advocacy for individuals that are neurodivergent and/or have physical disabilities.

Dr. Victoria Verlezza is a DEI educator and consultant who holds a doctorate in Human Development from Fielding Graduate University.

Sponsors: SON-Office of Diversity, Equity, and Inclusion and the Office of Academic Advancement.
