nicholas's custard style ice cream.

The difference between frozen custard and ordinary ice cream is easy to see and taste! Scratch-made frozen custard offers a thick, creamy texture and a much smoother consistency than ice cream. Made with eggs, cream, sugar and natural flavors, combined with our signature recipes, frozen custard is produced without the addition of air, limiting the formation of ice crystals during churning. Nicholas's processes results in an ultra-smooth texture that is packed with flavor.

Our ice cream is purely chef-driven and supremely elevated. With 35 craft flavors incorporating some of our highest signature recipes and 10 fully vegan, lactose and soy free flavors featuring imported Belgian Callebaut NXT chocolate, we have something for everyone. Fried chicken caramel sauce, bacon jam, toasted black pepper peanut butter, chocolate truffles, fish sauce caramel, salted butterscotch sauce, along with our belgian chocolate, blueberry, peppermint chocolate ganaches, are just some of the signature scratch recipes on our menus. We bake all of our graham cracker crumbles, granola, brownies and cakes from scratch in house.

Our ice cream is crafted with only the highest quality grass fed organic milk + eggs from local dairy farmers and the finest imported Belgian Callebaut Chocolates. Northern Nevada favorites, including The Cheese Board, Doughboy's Donuts, Hub Coffee Roasters, El Sativo Tequila and Frey Ranch Bourbon are signature ingredients in some of our highest quality ice creams, shakes, desserts, sauces + jams. All of our fruits and herbs are hand picked by our team of disciplined chefs, no detail is ever overlooked.
