PRACTICES

Patent

BAR ADMISSIONS

United States Patent
and Trademark Office

BACKGROUND

Baha's practice is focused on electrical/electronic engineering and software patent procurement, and patent analysis and due diligence matters. He received a B.S. in Electrical Engineering (2002) from Temple University, and an M.S. in Electrical Engineering (2005) from Villanova University. He was honored as Valedictorian of the College of Engineering at Temple University.

EXPERIENCE

Baha focuses his practice on the drafting and prosecution of patent applications in the digital communications, processor and memory technology, cloud computing, and content distribution fields. He prepares provisional, non-provisional, and PCT patent applications for a variety of companies, ranging from small startups to multinational corporations, and prosecutes the applications in the U.S. and other jurisdictions. Baha is experienced in providing licensing and acquisition support to clients including performing technical due diligence on patent portfolios and preparing claim charts for products and standards. He has an extensive educational background in the technology industry, holding graduate and undergraduate degrees in electrical engineering.

Baha is a past reviewer for IEEE Transactions on Antennas and Propagation, IEEE Signal Processing Letters, and IEEE Antennas and Wireless Propagation Letters. Prior to joining Seed IP, Baha served as a patent agent at a law firm in Seattle as well as at a Philadelphia-area IP law firm. Baha also worked as a research assistant at the Center for Advanced Communications at Villanova University in Villanova, PA.

AFFILIATIONS

Baha is registered to practice before the U.S. Patent and Trademark Office. He is a member of the Washington State Patent Law Association.
