

LogiKal Guide Discount Groups

➤ System Discount Conversion April 2024 (version 002)

The below guide will allow you to easily convert your system discounts into LogiKal.

Please be aware that there are some discount groups that contain parts from multiple systems; the recommendations below are based on the system that contains the most components.

- **To add the discount rates into your LogiKal, please navigate to General > Estimation > Estimation Data Sets > Double click the data set you want to amend (the default is < STANDARD >) > Select Next > Right Click the relevant discount group > Edit Discounts > Add the value into the Discount Field.**
