September 6, 2022
6:30-8:00pm

Decision Minutes:

1. Question to the Group: Does the group want meeting minutes, meeting recordings, or both?
 - a. The group would like to continue to keep the past three meeting recordings on the website, but would like meeting action/decision minutes, which should be kept for the records forever.
 - b. AWC page on CCRCD's website:
<https://www.ccrd.org/alhambra-watershed-council>
2. MRP 3.0 may result in more mitigation projects
 - a. During the annual review of projects, we should be thinking about where and how we could have mitigation projects.
 - b. Additionally, AWC should come up with some locations for green infrastructure projects.
