BibliU

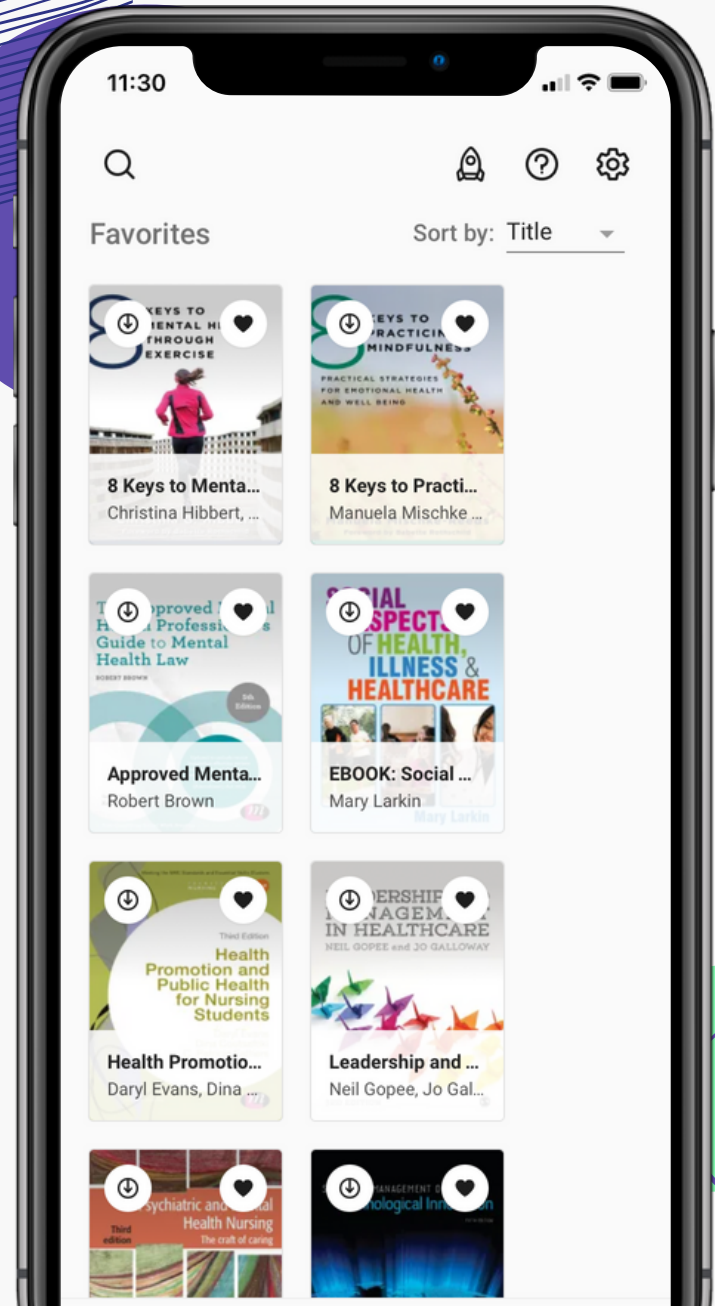

Your Learning Enablement Platform

We are BibliU.

DIGITAL CONTENT MADE EASY

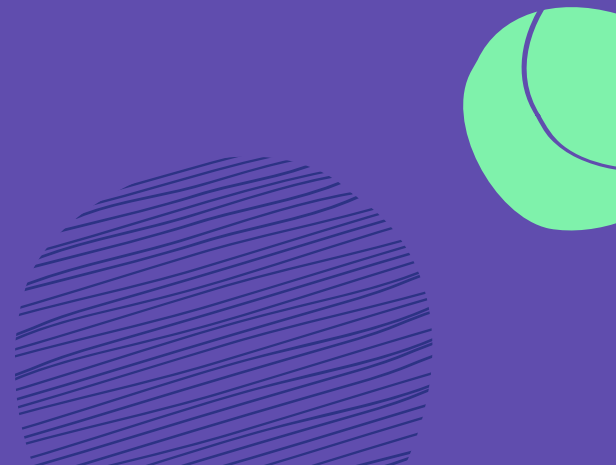

BibliU is a Learning Enablement platform that leverages digital content management, automation, and analytics to improve student outcomes through more efficient, effective, and engaging learning.

Lower your e-textbook costs.

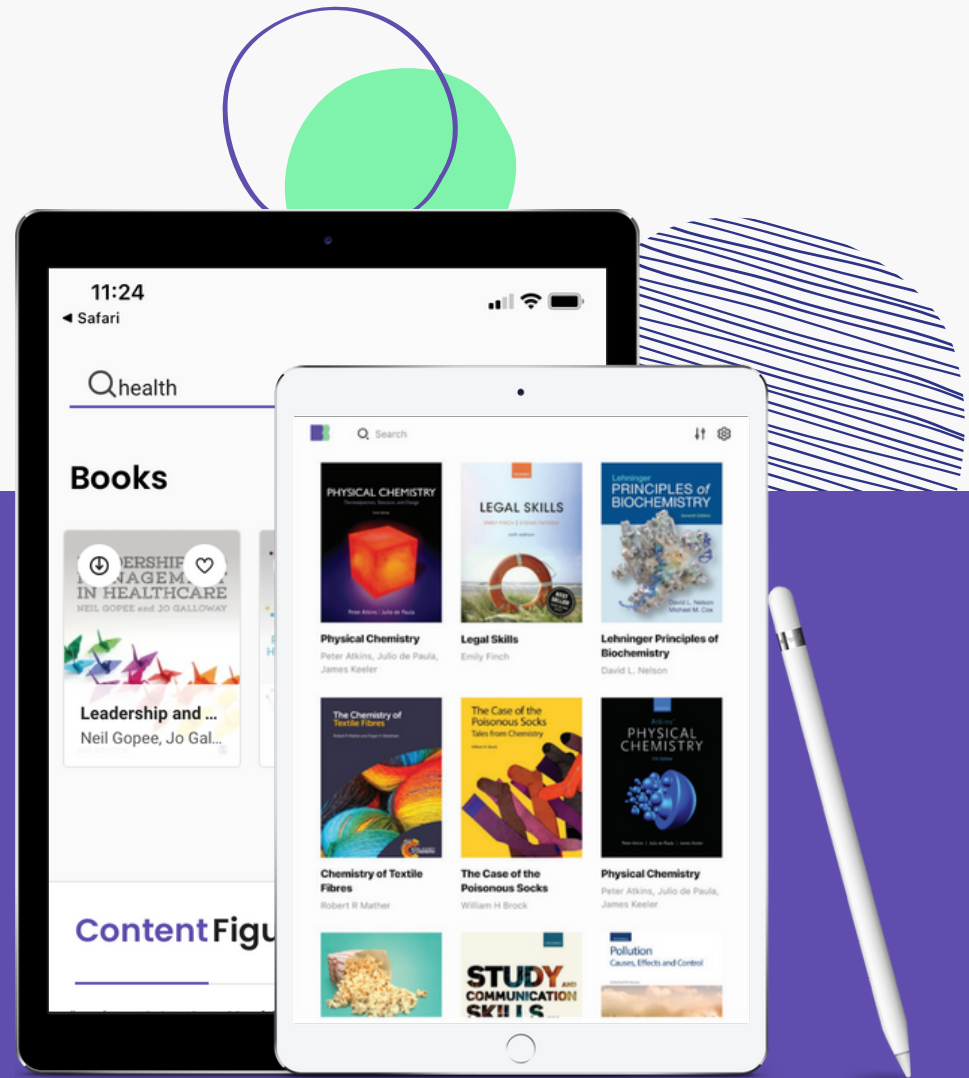

Make the most of limited budgets.
With the best prices on the market,
BibliU typically offers 20% savings on
current e-textbook spending.

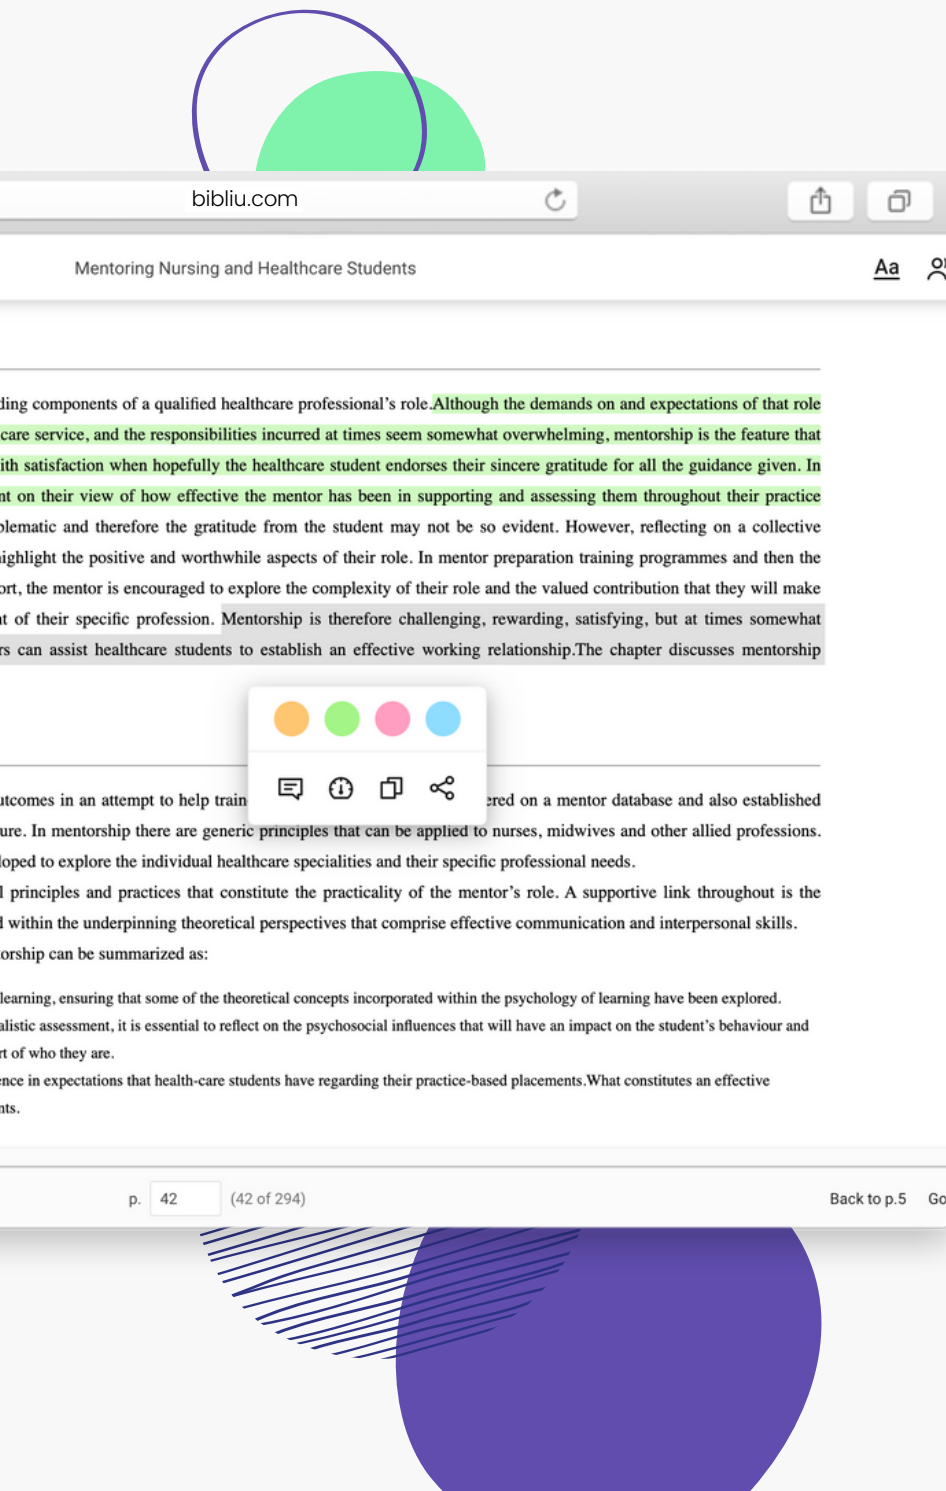

Reduce your workload.

BibilU removes the manual and time-consuming work associated with e-Textbook procurement.

With BibilU, you can review pricing for all e-textbooks, purchase with the click of a button, and instantly deploy content to students and academics.

Enable your students with the best.

IN A SIDE-BY-SIDE COMPARISON,
BIBLIU'S STUDENT INTERFACE
OUTPERFORMED THAT OF
ALTERNATIVE PROVIDERS.

BibliU is the only provider that doesn't require students to create an account. This, plus our intuitive student experience, means BibliU receives 90% fewer support queries from students than other providers.

BibliU's On Demand Learning Solution provides digital access to textbooks and monographs.

THE BENEFITS

PAY ONLY FOR WHAT STUDENTS USE

INTEGRATE FULLY WITH THE LIBRARY SYSTEM

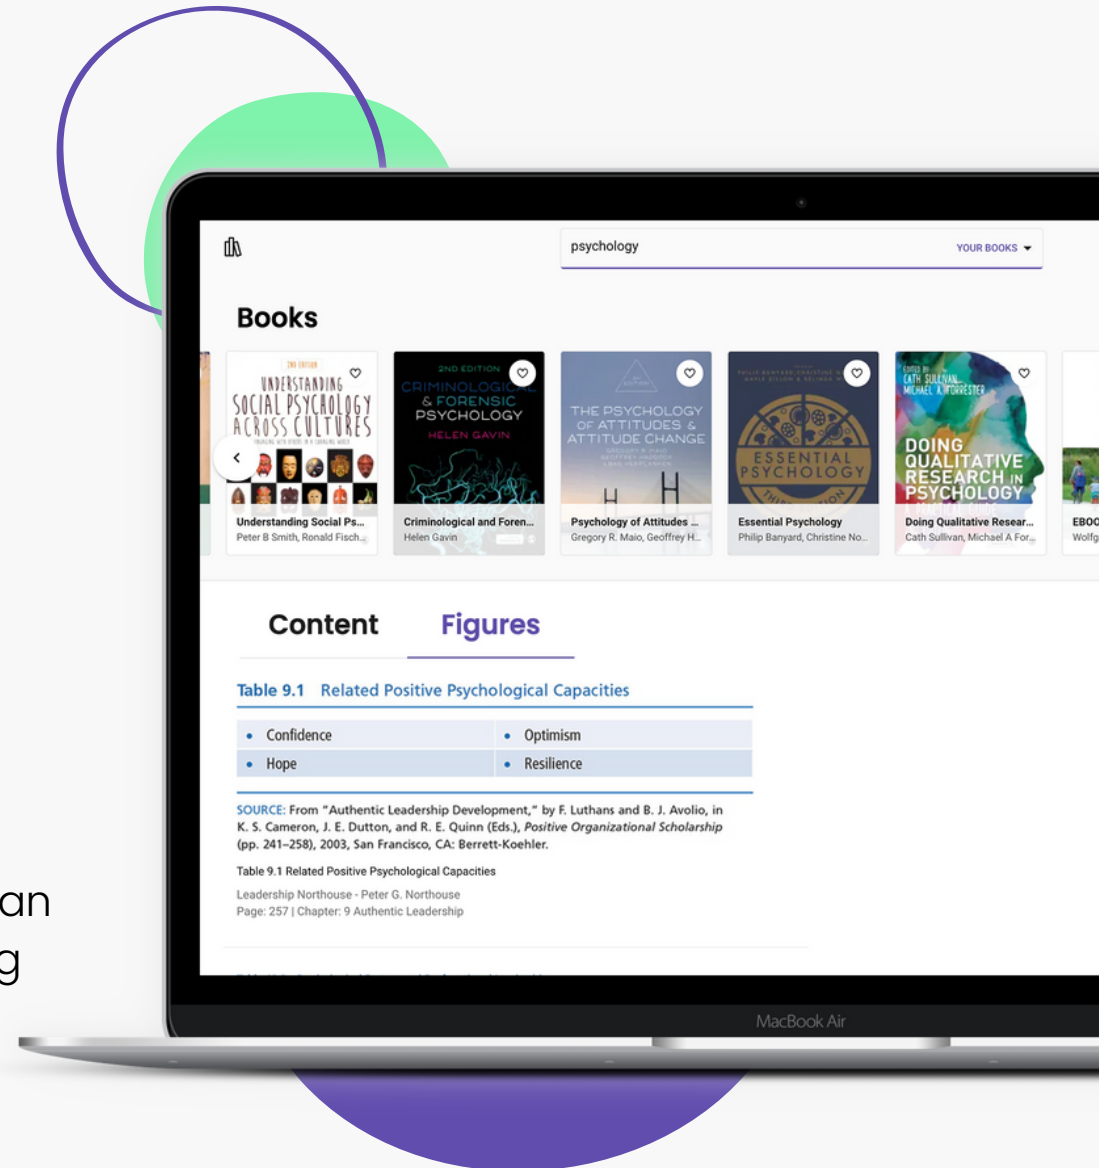

SAVE COSTS VIA PURCHASE AUTOMATION

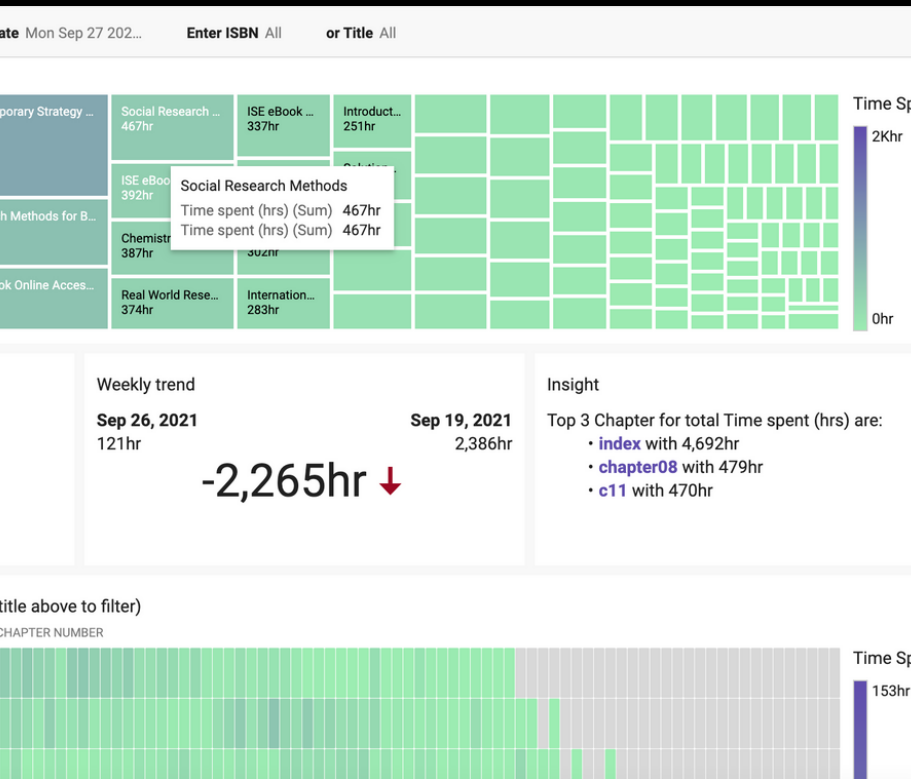

GAIN ANALYTIC INSIGHTS INTO CONTENT USAGE

Choice without compromise.

GET DIGITAL CONTENT AT A
LIBRARY-FRIENDLY PRICE.

BibliU guarantees certainty for your institution's budget through key title usage insights and data so that you can get the titles you need without worrying about going over budget.

HOW IT WORKS

1

You give us your book list and set up a deposit with us based on expected usage.

2

We deliver the content — from thousands of publishers and OER sources — via the Bibliu platform.

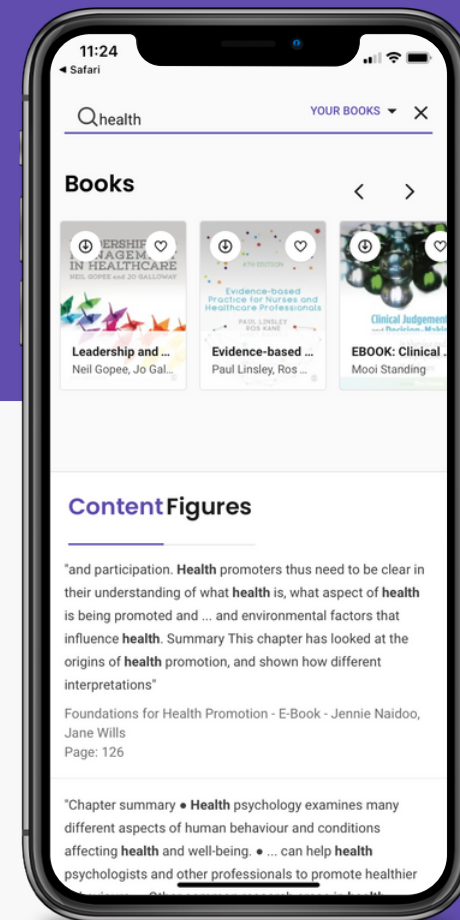

3

Students access the content, drawing down the deposit once they pass the preview allowance.
