RICHARD PARILLON • CLUB CAPTAIN • AGE: 34 • A LIFETIME @ WEST LONDON

A one-club man, Richie is our record cap-holder and has been with us from 18 years of age: "People always say that rugby changes their life, and for me, West London RFC changed mine. From the honourable old boys that looked after me when I joined to the dynamism of youth now that makes this club truly special."

CHRIS AUCKLAND • 1ST XV • AGE: 24 • UNIVERSITY STUDENT

Chris is one of our college and university students at the club and a 1XV regular: "West London RFC welcomed me in from the first day and helped me to improve my overall rugby game. Not just good rugby but also great lads, socials, atmosphere and fantastic friendships, not to mention the cheap Wolfpack on tap."

JOSH BAKER • 1ST XV • AGE: 18 • NEW TO RUGBY

Josh had never played rugby before but has taken to the game quickly: "I was welcomed in from the get-go despite having never played rugby. The coaches and my teammates have helped me to develop and improve as a player making the transition from an ex-footballer to a rugby player. I'm now part of the first team."

ANDREA LORENZI • 1ST XV • AGE: 28 • A RETURN TO RUGBY

Andrea recently moved to London from Italy and wanted to play rugby again: "I could not wish to have found a better club. Amazing teammates, great coaches and a friendly and supportive environment throughout the club. You will struggle to find a better place to spend your Wednesdays and Saturdays."

BARRY DOYLE • 1ST XV • AGE: 24 • NEW TO LONDON

Barry joined soon after moving to London from Ireland: "I was keen to continue my rugby as a way to make London home and meet new friends. The lads and old boys welcomed me with open arms. One of the best decisions I've made since moving. Good friendships and lads to count on. Can't ask for more. Cowboys for life."
