Course Description: This course is the continuance of Theology I which continues to look at the study of who God is and what He is like. Specifically in this course, we will be looking at Christology – Who is Christ? What do the Old Testament Scriptures say about the Christ? What is the incarnation? What will the future reign of Christ look like? We will be answering all of these questions and more in this essential study in Systematic Theology.

Credits: If you are enrolled for a Certificate of Completion **this course is worth 2 credits** toward the required 4 credits of Systematic Theology.
