**HumanTouch, LLC (HT)** works globally with public and private-sector customers to speed up product launches, optimize costs, and improve customer relationships. We strive to help our clients succeed by combining our deep functional expertise with the "human" element while also keeping an eye on the complex and dynamic political, economic, and technical environments. HT provides Information Technology (IT) Information Management (IM) solutions for Federal Government challenges in the areas of:

- Cloud Solutions
- Solutions Engineering
- Cybersecurity
- Cybersecurity Maturity Model Certification (CMMC) Advisory Services
- Software Development
- IT Strategy and Modernization
- Program Management
- Operations Management
- ADA/508 Compliance

Tuskegee University (TU) is a national, independent, and state-related institution of higher learning, located in the State of Alabama. TU has distinctive strengths in the sciences, architecture, business, engineering, health, and other professions. The College of Engineering offers four undergraduate programs in Aerospace Science, Chemical, Electrical, and Mechanical Engineering that are accredited by the Accreditation Board for Engineering and Technology (ABET). TU's Aerospace Engineering is the only ABET-accredited program at an HBCU. Graduate programs are available at the Masters level in Chemical, Electrical, and Mechanical Engineering. A Doctor of Philosophy and a Master are also offered in Materials Science and Engineering (MSEG). TU produces the most African American PhDs in MSEG, serving the academic, federal and industry arenas. TU's IT services include:

- Artificial Intelligence (AI)
- Big Data
- Machine Learning (ML)
- Computational Intelligence

- Data Analytics
- Cybersecurity and Data Privacy
- Wireless Networks
- Cyber Physical Systems

Together, BHT and TU have provided similar relevant services to Government clients, including:

- US Department of Health and Human Services
- National Aeronautics and Space Administration
- Centers for Disease Control
- US Food and Drug Administration
- National Science Foundation
- US Department of Energy
- Defense Information Systems Agency
- US Department of Homeland Security
- US Department of Agriculture
- Securities and Exchange Commission
- Federal Bureau of Investigation
- US Bureau of Engraving and Printing

- US Department of State
- US Census Bureau
- Nuclear Regulatory Commission
- Office of Personnel Management
- US Department of Defense
- US Navy
- US Air Force
- US Marine Corps
- US Army
- Army Research Laboratory
- Internal Revenue Service
- US Postal Service

HT has a proud history of innovation, excellent service and value with a long-standing commitment to standards, models and frameworks that began over a decade ago with our first certifications. Since then, we've achieved certifications in Capability Maturity Model Integration (CMMI)<sup>TM</sup> Maturity Level 3 in Software, Systems Engineering and Development; International Organization for Standardization (ISO) 9001:2015 for our

Collectively, the team of HT and TU bridges the gap between Technology Research, Innovation, Deployment and Sustainment.

quality management system; ISO 20000-1:2011 for our IT service management, and ISO 27001 for security management best practices.
