Business Arising from the Minutes:

- Councillor Stockley asked for an update on funding for a Virtual Museum. The Town Clerk noted that there is information in the Action Required Correspondence regarding this matter.
- Councillor Stockley requested an update on the Track and Field lighting. It was noted that the land is currently still awaiting assessment by MAA. This assessment is expected to be received in December.

- Councillor P. Lush apologized for his misunderstanding regarding the Sensory Inclusion Trail Committee. He did not realize that it was a sub-committee of the trails committee of SEDCOR. Councillor Lush also clarified that the motion regarding SEDCOR made at the last Regular Meeting of Council did not dissolve SEDCOR; instead, the motion disbanded the current Board of Directors as they were not meeting the needs of Council and Council was overwhelmed. Councillor P. Lush further elucidated that this motion was not meant as an insult to the SEDCOR Board of Directors. As well, he indicated that communication was an issue and the Board was dysfunctional. He concluded by stating that he stood by the motion and didn't intend to change it.
- Councillor Stockley suggested reaching out to the Memorial University Archives to see if they are interested in any of the Joseph R. Smallwood artifacts at the Smallwood Interpretation Centre. Smallwood Academy has expressed interest in the Churchill Falls diorama and the Gambo Public Library may be interested in the books. It was suggested that any remaining items be taken to the Walsh House.

Councillor Oram joined the meeting at 6:37pm.
