Actor Network
Worksheet (1/2)

You can fill in this online worksheet by downloading it as .pptx and typing in the text boxes, editing and moving around the different elements and adding new ones.

Step 1: Make a list of all the actors that have an influence in your context/problem (it can be a category "e.g. students" or specific people "e.g. government official John Malcom")

Step 2: Group the actors in the same category (e.g government) in clusters:

Cluster xxx:	Cluster xxx:	Cluster xxx:	Cluster xxx:	Cluster xxx:
