

KUVA
GAS CLOUD IMAGING

REPUTATIONAL RISK MANAGEMENT AGAINST EMISSIONS

Cost-Effective Camera-To-Cloud Solution

90% Faster Root Cause Analysis

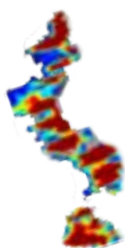

No unnecessary site visit or handheld OGI follow up

Trustworthy Alarms

Actionable alarms with zero false positives or alarm fatigue

ROI in Under 6 Months

Lowest total cost of ownership for emission monitoring technology

Fly-Over Protection

Find super-emitters before 3rd parties

Kuva
GAS CLOUD IMAGING

Continuous Methane & VOC Monitoring

Proactive Operations

Identify root causes and apply changes across the entire fleet of likely offenders

Simplified Compliance Oversight

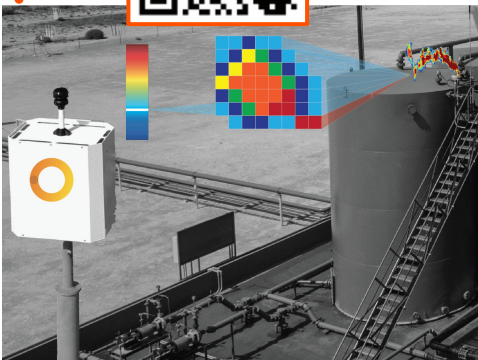

Validate super-emitter duration to minimize emissions fees

Trusted by the Industry

METEC validated performance

Detect More Emissions

Alarm at lower detection levels with proprietary SWIR technology
