We focus on sustainability

At Dansani we consider showing responsibility for the environment is a matter of course. That is why we continually take action in various ways to reduce our impact on the environment and climate.

Our main areas of focus are:

- Developing our products so that their environmental impact is minimised in production, during use, and, not least, when the products are disposed of
- Designing quality products based on Danish traditions of craftsmanship that we are proud of, which can really stand up to many years of use
- Using raw materials, water and energy efficiently to reduce our impact on the environment
- Limiting emissions, waste and effluents from our activities
- Maintaining high safety standards for our employees and promoting responsible attitudes to the environment
- Improving our efforts for the environment in collaboration with our suppliers, customers and other business partners

So when you buy a Dansani product, you can feel secure in the knowledge that we take responsibility for protecting the environment and reducing our climate impact in several different areas.

Caring for the climate is a common responsibility, and even though our initiatives are only a drop in the ocean, they are something we are proud of and will continue to optimise.

See more about our initiatives for the environment and sustainability at www.dansani.co.uk

Having a small room requires you to make the most of the available space

FURNITURE PACKS IN 3 SIZES WITH WASHBASIN AND DRAWER

Select from a range of single drawer furniture packs including the washbasin of your own choice. The drawer has full access and also comes with the soft closing feature. Combining generous storage with great function.

MIRROR OR MIRROR CABINET

Choose between mirror with attractive LED lighting upwards or select the mirror cabinet with mirror gables and a full-width light panel that emits light through frosted panels in the mirror doors. The result is a bright, pleasant light inside the mirror cabinet and in the bathroom. Both mirror solutions are IP44-approved for wet rooms which allows you to place them within 60 cm from the bath or shower, thus maximising the use of the space in the bathroom.

FURTHER STORAGE SPACE

Supplement with tall cabinets if you need more storage space. Utilise the area behind the door for example, or prioritise the space next to the washbasin.

CHOOSE YOUR FINISH

The Dansani Compact range features four finishes: From stylish matt grey or white gloss, to rustic wood in ash grey. All fronts come with a chrome handle. All finishes are adapted for bathroom use, they are durable and easy to clean.

Dansani Compact is lasting quality in every way. We therefore offer a 5-year warranty against manufacturing defects.

Mirror and mirror cabinets

Adjustable
LED-light

Mirror with adjustable LED-light. Integrated touch panel with an on-/off-function, dimming function as well as light adjustment function from warm and golden to the coolest white light.

Incl. high
quality
LED-light

TALL UNIT WITH 2 DOORS

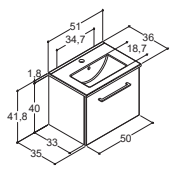

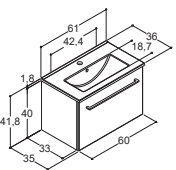

A technical line drawing of a tall, narrow cabinet unit. The unit has a total height of 160 cm, a width of 35 cm, and a depth of 33 cm. It features two doors on the front, each with a height of 80 cm. The interior of the unit is divided into three sections: a top section with a shelf, a middle section with a shelf, and a bottom section with a shelf. The doors are shown slightly open to reveal the interior shelves.

Width	Cupboard/front colour	Shelves	Art. no.	Price incl. VAT
35 cm	White gloss	4	LK90749	606.00
	Matt grey	4	LK70741	
	Ash grey	4	LK180741	

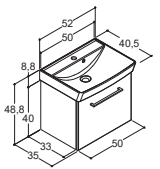

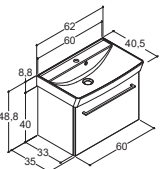

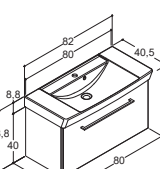

Incl. chrome handles

Fitting of any tall units on both sides of a washbasin is not recommended due to the tolerance in the size of the washbasin itself.

Our philosophy

Your bathroom is your personal breathing space, and no one can create it better than yourself. With Dansani, it is easy and inspiring to furnish your bathroom with functional and well thought-out solutions that adapt to the needs of the individual.

Danish design

The idea behind Danish design embraces functionality, simplicity, and naturalness, and is expressed in a timeless design. This is the starting point for every product embraced by the Dansani brand.

Functionality

Our products should be easy and comfortable to use, as well as being able to adapt to the size of the space through smart functions that are both practical and durable.

Craftsmanship

Both design and function must be supported by durable craftsmanship. The excellent cabinetry finish is consistent in all our products, evidenced by gorgeous materials and sustainable solutions.

Sustainability

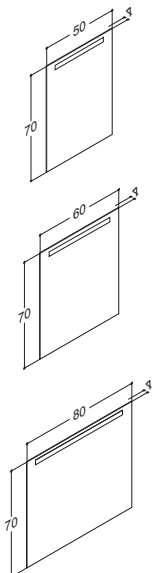

At Dansani, being environmentally responsible is a given. Therefore, we have implemented several measures to reduce our environmental impact. But we also focus on our own work environment, and that our suppliers offer ethically responsible working conditions.
