Adjust the lighting yourself to your needs and circadian rhythm. Most of our mirrors and mirror cabinets have adjustable light. Adjust brightness and colour temperature from cold to warm on the built-in touch panel.

Choose your washbasin

GET AN OVERVIEW OF THE OPTIONS

GENUINE SANITARY PORCELAIN

Washbasins in genuine porcelain have a strong and easy to clean surface finish. Furthermore the material will remain beautiful for years to come. Due to the glaze the basins in porcelain have gentle, soft shapes and curves adding a touch of luxury.

	60 CM	80 CM	100 CM	100 CM DOUBLE
AZURE Porcelain				
KARAT Porcelain				
AURA Marble cast				
FACET Glass				
MICCA Solid surface				

AZURE / PORCELAIN

Genuine sanitary porcelain
The design is rounded and traditional with a long curved course and a spacious bowl.

KARAT / PORCELAIN

Genuine sanitary porcelain
A timeless and minimalistic washbasin in a modern, slim design with easy lines and good surround.

AURA / MARBLE CAST

Modern designs with sharp, straight edges define the bowl and the straight lines of the counter top.

MARBLE CAST

These washbasins have surfaces that are easy to clean and warm to the touch. The marble cast design allows washbasins with dramatic long lines. Unlike regular marble, solid marble has no internal stress and therefore retains its shape indefinitely.

GLASS

The low iron glass basins are thin and light in their design expression and have highly polished edges completing the look and appearance. The bowl with its soft shapes and curves adds a beautiful contrast to the stringent lines of the basin surround itself.

SOLID SURFACE

This ultra-slim Solid Surface material has a matt white finish. Unlike the distinctly slim, sharp lines of the exterior design, the washbasin interior has a characteristically soft, easy-to-clean design.

120 CM

120 CM RIGHT

120 CM LEFT

120 CM DOUBLE

**FACET / GLASS**

The glass washbasins have a light and thin design with stunningly polished edges as well as a large deep bowl.

**FACET / GLASS LEFT AND RIGHT**

Facet basins also come in left and right versions as well as double basins.

**MICCA /SOLID SURFACE**

The washbasin has a slim, light design and a matt white finish. The deep bowl has rounded corners.

Please note: Facet basins have no overflow, therefore we recommend to use either a free-flowing basin waste or concealed overflow waste.

Choose a mirror solution and lighting

Find precisely the right mirror solution for your bathroom. All lighting is energy efficient and has a long working life. All mirrors are also IP44 approved, so they are especially suitable for bathrooms.

Mirror with softly curved corners. Additional lighting options, Venus, Jupiter or Stratos LED-lights. Widths 60, 80, 100, 120 cm

Circular LED back-lit mirror, Ø 60, 75, 90 cm

Mirror with integrated vertical LED illumination. Width 60, 80, 100, 120 cm

Solo mirror with integrated LED lighting. Can be fitted in any direction.

MIRRORS

Selected mirrors have an optional anti-mist pad - that assists in keeping the mirror from steaming up. Prices from 51.-

Many mirrors and mirror cabinets have a built-in adjustable light system, so you can control the light temperature and brightness with a touch-switch. You can adapt the lighting to your own needs and circadian rhythm.

MIRROR CABINETS

A mirror cabinet provide you with ample benefits like:

- Extra storage space
- A practical shaver point inside the cabinet
- Extra accessories like a magnifying mirror, magnetic strip and metal shelf with selected models
- Movable glass shelves
- Soft close doors and mirrors on both sides
- Strong, adjustable metal clip hinges for perfect installation, so doors open and shut smoothly

Mirror cabinets with functional accessories

In the Delta range you can choose from a variety of designs each with its own individual expression. The mirror cabinets come with a practical internal shaver point. The double sided mirror doors are adjustable and come equipped with soft close for easy everyday use. Please note our mirror cabinets are IP44 approved and suitable for installation in the bathroom.

Adjust the light yourself

Now the lighting colour and brightness is up to you.

Lights for your mirror solution

Choose between three individual external light designs, all with high quality light and colour reproduction.

Superb accessories

The mirror cabinets come with a magnifying mirror, movable hanging metal shelf, and a magnetic rail for your scissors and nail file etc.

A neat little detail

Concealed recessed handle in the mirror cabinet. You can also fit the accompanying chrome handles.

Possibilities galore...

Practical
behind the
door

With Delta you can choose from numerous styles of storage options. Ranging from base units to wall cabinets as well as full array of tall cupboards mirror fronts or colour matched fronts. Easy access to the things you need when you want them.

Tall
cupboard
with oak trays
on the rear of
the door

...and full overview

Wide cabinet with full length door. Internal glass shelves and handy oak trays and baskets.

Arrange the internal shelves as you require to make room for all your bathroom essentials like towels, creams, shampoos and the like. Each in the allocated space where everyone can find them, when needed.

Choose accessories and lighting

Extra comfort with elegant, functional accessories and lighting that makes a difference.

Keep washing out of sight

Stable washing basket. Hang it on the wall and put the space to practical and decorative use. Price 183.-

Movable laundry bag – a perfect fit in the tall cupboard. Price 58.-

Keep small items in solid, decorative woven baskets. They fit the high cabinet and the shelves, but can also hang on the wall. Price 67.-

Keep small items tidy

Smart metal insert and solid oak tray to keep your make-up tidy. Price from 45.-

Delta product information

SOLID SURFACE WASHBASINS

Solid Surface washbasins are made from a robust composite material with a waterproof surface that is easy to clean.

PORCELAIN WASHBASINS

Delta porcelain washbasins are manufactured from genuine sanitary porcelain, a strong, glazed ceramic material. When fired at approx. 1220°C, the glaze melts to form a hard, smooth and glossy surface which is easy to clean.

GLASS WASHBASIN

Delta glass washbasins are easy to clean and resistant to normal cleaning agents. The basins have white lacquer on the underside and are produced in a special crystal clear glass finish with a much clearer appearance than standard glass due to less iron oxides in the glass itself.

PLEASE NOTE CONCERNING FACET BASINS

These basins come without overflow. Unless a concealed overflow system is purchased we recommend that a free flowing waste should be installed.

MARBLE CAST WASHBASINS

The marble cast washbasins are made from mineral powder, polyester and binding agents. The washbasins are cast in solid moulds and surfacetreated with a clear gelcoat. For cleaning, we recommend Clean & Shine (see price list).

CABINETS/VANITY UNITS

16 mm plain, melamine-coated particle board with ABS edges. Rear panels and base panels are alu finish, and come rigid with adjustable hanging brackets. Tall cupboards, wall units and base units come with 5mm polished edge glass shelves you can place where required inside the furniture. A variety of additional accessories can be purchased individually to suit. This includes lighting profiles, oak trays and organisers, as well as baskets and laundry bags (see price list).

DOORS AND FRONTS

18 mm MDF wood fibre boards coated with foil and 16 + 3 mm MDF wood fibreboard coated with foil on frame. All doors are fitted with metal clip hinges that can be adjusted in 3 directions. The doors are fitted with exclusive dampers that ensure that the doors close softly and silently.

DRAWERS

The drawers have metal sides with concealed drawer runners. They are fully extendable, self-closing and have a soft-close function. The top drawer features a cut-out for waste fittings. The drawers are fully adjustable. Optional extras such as LED light profiles between washbasin and cabinet, rubber mats in drawers, wooden trays and handles. For more information on optional extras, please see the price list.

FLOATING SHELVES

The Floating shelves feature a concealed fixing system that allows for a truly elegant and light design. The shelf fixings are adjustable to form a perfect finish.

MIRRORS WITH DIFFERENT LIGHT SOURCES

The mirrors are available with integrated LED lighting, or with different external lights. All mirrors are delivered together with wall fittings. Optional extras such as heat panels to reduce mist on the mirror can be purchased for selected models. For further information about electrical specifications, optional extras and IP approvals see the price list and from page 138.

MIRROR CABINETS

All mirror cabinets come as standard with integrated shaver point and pull cord switch and double-sided mirror doors with adjustable hinges and dampers that ensure that the doors close softly and silently. Tops, bases and rear panels are in alu look finish. Our mirror cabinets come with either a recess for easy opening of the doors or some are supplied with optional Chrome plated handles that you can decide to fit or not. For further information about accessories and IP ratings etc please see the price list section as well page as 138.

Mirrors and mirror cabinets with adjustable light come with the 12 V lighting system that offers you the following options:

1. Light control that remembers the last settings.
 - On-off function
 - Variable dimming with 4 pre-sets
 - Variable colour temperature control of your light (2100 – 6500 K)* with 4 pre-sets

The electronic light adjustment function requires a 5 second interval between activating the off/on touch switch to remember its last setting.

2. Excellent colour rendering (Ra 90+)

*) 2100K is a very warm, almost reddish light and 6500K is far colder, almost bluish.

BASKET

Sturdy wicker baskets in natural wicker built around a powder-lacquered steel frame.

TRAYS

Functional storage trays for drawers, which can also be moved elsewhere as required. The trays are made of solid oak. To maintain the wood we recommend our white pigmentation wood care oil. Shown in the pricelist section.

HANDLES

We supply a chrome handle with all cabinets as standard. This is included in the price shown. Delta comprises a number of different handles that you can order separately to create the look that is truly your choice.

FITTING INSTRUCTIONS

Are included with every order.

WARRANTY

There is a 5 year warranty against manufacturing defects. Regarding quality and tolerances - please visit www.dansani.co.uk for further information.

widths and 2 depths

Multo⁺

FLEXIBLE FUNCTIONAL ASSORTMENT – COMPETITIVELY PRICED

Our Multo⁺ range offers a multitude of quality furniture at attractive prices. Matching vanity units and washbasins in many different sizes and designs. Select between furniture depths of either 35cm or 44cm depending on the layout possibilities of your bathroom. For vanity units 44cm deep, you can also choose a double washbasin. Choose doors or drawers for all types of wallhung vanity units in five finishes.

Multo⁺ also includes smart and functional mirrors and mirror cabinet solutions with energy-saving LED lighting in integrated light panels or from external lamps. Several mirror solutions have adjustable light, so you can select brightness and colour temperature with an integrated touch panel.

Multo⁺ lives up to its name – and your expectations.

5 year
warranty

Choose colour

All cabinets are available in five popular colours that are particularly suited for bathrooms. All cabinets are supplied with standard handles in two lengths, depending on cabinet width.

Choose vanity unit

Do you prefer doors, or drawers in metal or wood?

Doors

Choosing doors gives you:

- Plenty of shelf space
- Soft close
- Solid metal clip hinges to ensure firm opening and closing – every time
- Perfect fit, with 3-way adjustable hinges

Metal drawers

When choosing drawers with metal sides, you get:

- The increased stability of metal drawers
- Soft close
- A perfect result with drawers adjustable in three directions – even if the wall is not perfectly even
- Integrated drawer runners, so drawers pull out perfectly smoothly
- Drawers that are easy to fit and remove
- Drawers that can take a load up to 40 kg
- A metal-covered cut-out for waste fittings in the top drawer, to ensure optimal use of space

Wooden drawers

When choosing drawers with wooden sides, you get:

- Solid drawers with wooden frame, melamine base and fitted front
- Soft close
- Drawers that withstand a maximum load of 20-30 kg depending on depth and size
- A cut-out for waste fittings in the top drawer, to ensure optimal use of space
- A practical, easy-to-clean plastic space divider to keep small things tidy
- A comfortable gliding movement on metal rails when drawers are opened. Two-way adjustable (up and down)

UNO / MARBLE CAST

Contemporary washbasin, spacious bowl and short projection in a stringent, geometric design.

LUDO / MARBLE CAST

Asymmetrical washbasin in a unique, slim design. Spacious bowl and good surround space.

DINA MINI / PORCELAIN

A washbasin with a small depth and a large basin in a timeless, minimalistic design combining a thin design with a concise geometric bowl.

LOTTO / PORCELAIN

Traditional washbasin in a soft, rounded design with a spacious bowl.

PORCELAIN

A real porcelain washbasin is robust and easy to clean. It will retain its beautiful appearance for years to come. Our washbasins have soft rounded edges and lines. Please note that genuine porcelain has a much stronger surface than ordinary porcelain.

MARBLE CAST

Marble cast washbasins have surfaces that are easy to clean and warm to the touch. We design attractive marble cast washbasins with long lines and sharp edges combined with soft pleasant curves.

100 CM

120 CM

120 CM DOUBLE

**MIKADO / MARBLE CAST**

Classic washbasin in a sleek, timeless design. Deep table top and spacious bowl. Available in both single- and double bowl version.

**LOTTO XL / PORCELAIN**

Conventional washbasin in a soft, rounded design with ample surround and spacious bowl.

**DINA / PORCELAIN**

Large washbasin in a timeless, minimalistic design combining a thin design with a concise geometric bowl. Available in both single- and double bowl version.

Choose a mirror solution and lighting

With a Dansani Multo+ mirror solution, you know you have:

- Energy-efficient LED lighting with a long lifetime
- Safe installation of mirrors and cabinets which are IP44 approved for wet rooms.

MIRRORS

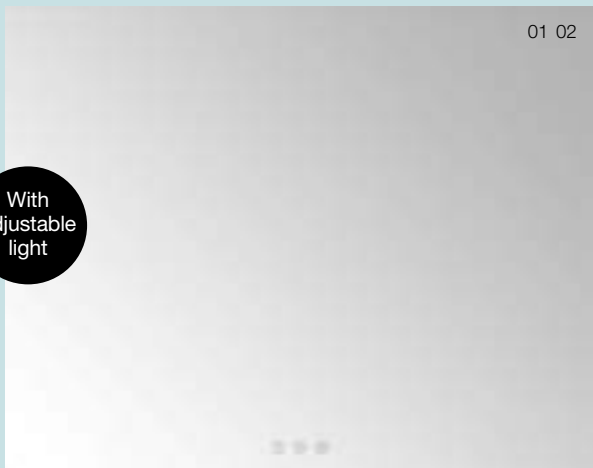

You can choose a mirror with a heated panel, so that the mirror does not steam up while you are in the bath.

Prices from £ 51.-

MIRROR CABINETS

A mirror cabinet provide you with ample benefits like:

- Extra storage space
- A practical shaver point inside the cabinet
- Movable glass shelves
- Soft-close doors and mirrors on both sides
- Strong, adjustable metal clip hinges for perfect installation, with smooth door opening and shutting

Mirror without lighting. Choose between Plano or Jupiter lights.
Available in widths 50 / 60 / 80 / 100 / 120

Mirror without lighting. Choose between Libra, Vela or Aquila lights.
Available in widths 50 / 60 / 80 / 100 / 120

Mirror with integrated LED light panels. The light effect from both sides gives you a good working light for applying make-up, for example. Available in widths 50 / 60 / 80 / 100 / 120

Mirror with integrated LED light panel at the top, which gives excellent mirror lighting.
Available in widths 50 / 60 / 80 / 100 / 120

Some of the mirror solutions have adjustable light, so that you can adjust the brightness and colour temperature from warm to cold light on a built-in touch switch.

The touch switch is on the shaver point inside the mirror cabinet with adjustable light.

Mirror cabinet with integrated LED lighting in the doors. The light has a decorative effect.

Available in widths 50 / 60 / 80 / 100 / 120

Mirror cabinet with wide LED lighting panels at the top along the entire width of the cabinet. Here, you get efficient lighting both inside the cabinet and in front of the mirror.

Available in widths 50 / 60 / 80 / 100 / 120

01 02

With
adjustable
light

Mirror cabinet without lighting.

Choose between Plano or Jupiter lights.

Available in widths 50 / 60 / 80 / 100 / 120

03 04 05

Mirror cabinet without lighting.

Choose between Libra, Vela or Aquila lights.

Available in widths 50 / 60 / 80 / 100 / 120

01

PLANO

Provides excellent task illumination right across the width of the mirror or mirror cabinet.

02

JUPITER

For optimal task illumination down over the mirror or mirror cabinet.

03

LIBRA

Provides clear, comfortable working light by concentrating light over the mirror or mirror

04

VELA

Good task lighting, and also creates atmosphere with warm, gentle light around the mirror or mirror cabinet.

05

AQUILA

Provides decorative and soft, comfortable lighting centred at the top of the mirror or mirror cabinet.

Choose extra cabinets and accessories

All tall cabinets are supplied with 4 stable, movable glass shelves and a fixed wooden shelf.

TALL CABINET, 30 CM WITH ONE DOOR

Tidy everything away behind the full-sized door, and see it all when you open the cabinet.

Price 374.-

TALL CABINET, 30 CM WITH TWO DOORS

Tidy your things away behind two doors. Use the open middle section decoratively or for instant access to the things you use most.

Price 374.-

TALL CABINET, 30 CM WITH THREE DOORS

Organise your things tidily behind three smaller doors.

Price 419.-

Dimmable decorative LED light between the washbasin and cabinet. With touch switch.
Price from 131.-

Keep the washing tidy in a removable wire laundry basket in the tall cabinet.
Price from 44.-

TALL CABINET, 40 CM WIDE

Extra storage space, with smaller things neatly organised on three integrated shelves on the inner side of the door.
Price 464.-

WALL CABINET

Wall cabinets make use of space over the toilet or a radiator.
You can easily place them side by side.
Price 226.-

Multo⁺ product information

PORCELAIN WASHBASINS

Multo⁺ porcelain washbasins are manufactured from genuine Porcelain, a strong, glazed ceramic material. When fired at approx. 1220°C, the glaze melts to form a hard, smooth and glossy surface which is easy to clean.

MARBLE CAST WASHBASINS

The marble cast washbasins are made from mineral powder, polyester and binding agents. The washbasins are cast in solid moulds and surface-treated with a clear gelcoat. For cleaning, we recommend Clean & Shine.

CABINETS

16 mm melamine-coated particle board with melamine edging depending on the finish. Cabinets are shipped fully assembled, including rear panels and adjustment brackets for wall mounting. The vanity units come with alu-coloured top and base, rear panel and shelves. Tall cabinets and wall cabinets come with white rear panels for white cabinets, aluminium-coloured rear panels for other finishes and 5 mm glass shelves with polished edges. All cabinets come with stylish chrome handles.

DOORS AND FRONTS

18 mm film-coated MDF board for high-gloss white cabinets. Other finishes are available with 19 mm melamine-coated particle board fronts with ABS edges. All doors are fitted with metal clip-on hinges, adjustable in three directions. The doors are fitted with dampers to ensure a soft and silent close.

DRAWERS

We offer two types of drawers:

1. A stylish drawer with integrated draw pull and metal sides. This drawer also offers full extension and self-closing dampers for a comfortable close. It can be adjusted in three directions and has a maximum load of 40 kg. The top vanity drawer features a cut-out for waste fittings.

2. A solid wooden drawer with full extension and self-closing dampers to ensure a smooth and silent close. The drawer runners are located below the drawer-box and are adjustable up and down. The top drawer of the vanity comes with a plastic divider for keeping small items tidy and handy. Maximum loads are 15 kg for the top drawer and 20 kg for the bottom drawer. The top vanity drawer features a cut-out for waste fittings.

MIRRORS WITH DIFFERENT LIGHT SOURCES

Mirrors are available with integrated LED lighting or without lighting with the option of adding various external LED lights. Wall brackets are included with all mirrors. Mirror anti-mist pads to help eliminate steam build-up are also available. For further information about electrical specifications, optional items and IP approvals, please see the price list and page 138.

MIRROR CABINETS

All mirror cabinets come as standard with integrated shaver point and switch placed in the top, double-sided mirror doors with adjustable hinges and dampers that ensure that the doors close softly and silently. Tops, bases and rear panels are alu-look-finished. Various LED lights for mirror cabinets without lighting are also available. For further information about electrical specifications, optional items and IP approvals, please see the price list and page 138.

Mirrors and mirror cabinets with adjustable light come with the 12 V lighting system that offers you the following options:

1. Light control that remembers the last settings.
 - On-off function
 - Variable dimming with 4 pre-sets
 - Variable colour temperature control of your light (2100 – 6500 K)* with 4 pre-sets

The electronic light adjustment function requires a 5 second interval between activating the off/on touch switch to remember its last setting.

2. Excellent colour rendering (Ra 90+)

*) 2100K is a very warm, almost reddish light and 6500K is far colder, almost bluish.

FITTING INSTRUCTIONS

Are included with every order.

WARRANTY

There is a 5 year warranty against manufacturing defects. Regarding quality and tolerances - please visit www.dansani.co.uk for further information.

The furniture units in our ICE range have been clad with glass panels on the gables. This creates a beautiful new light and airy feel to the units as well as a timeless look. The soft contour of the glass bowl enhances the stringent lines of the vanity.

ICE 60	ART. NO.	PRICE
Furniture pack	BMB-0207	749.-
Mirror cabinet	SP-6160-GB	654.-

The vanity units in 60 cm and 80 cm come with a very practical pull out drawer including a divider with compartments at the top and a handy rail below. That's your storage needs taken care of!

The elegant LED Libra light completes the look and appearance of your chosen mirror solution.

ICE 60	ART. NO.	PRICE
Furniture pack	BMB-0219	749.-
Mirror	92860	343.-

The innovative asymmetrical ICE glass washbasin is designed with ample surround space for all your personal essentials. Comes complete with a free-flow chrome basin waste.

	ICE 80	ART. NO.	PRICE
Furniture pack	BMB-0318		953.-
Mirror cabinet	SP-6180-GB		696.-

The elegant mirror cabinets have white luxurious glass panels on the gables. The energy efficient Libra LED light is of course IP44 approved.

The 80 cm vanity units come with 2 soft closing doors below the basin and a practical pull out drawer with acrylic organizer and support rail.

Dansani a safe choice - your guarantee

Special requirements apply to electrical installations in your bathroom, as water may conduct electricity and cause electrical shocks. Depending on where in the bathroom you want your lighting or furniture with electrical components (shaver point or light), there are special requirements to the IP classification of the product. The IP code is an international standard that indicates the degree of protection provided against water and other foreign bodies. The first digit indicates the degree of protection against dust while the second digit indicates the degree of protection against ingress of water.

At Dansani your safety is our priority. All the electrical parts in our furniture have therefore been pre-fitted to guarantee safe installation. At the same time, we wish to give you an opportunity to maximise the use of the space in your bathroom. Consequently, we have a wide range of IP44-approved products so you can place your furniture as close as possible to water whilst retaining all the storage space you need.

The following illustrations show how furniture with electrical components can be placed in bathrooms with a bath tub or shower. Naturally, a sufficient shower screen should always be used to prevent moisture damage to your furniture. For more information, see "Products" at www.dansani.co.uk

Zone 0: The wettest part of the bathroom, i.e. the inside of the bath tub or the base of the shower, if applicable. There are strict requirements to electrical installations in this area. Always ask an authorised electrician.

Zone 1: From the outside of the bath tub or shower base to 2.25 m vertically above floor level. No mirrors or furniture with electrical components may be installed in this area.

Zone 2: A limited area covering a radius of 60 cm from the outside of the bath tub or shower base and areas more than 2.25 m above floor level. A minimum of IP44 classification is required in this area, and no 230V power points are permitted. Dansani has a range of IP44 mirrors that can be placed throughout zone 2, while IP44-approved mirror cabinets and washstands with shaver points can be placed in both zones provided the actual shaver point is placed in zone 3.

Zone 3: The rest of the room. This zone requires IP20 as a minimum, and 230V power points are permitted.

Our price lists show the IP classification of individual mirrors and mirror cabinets (IP21 or IP44).

All our furniture with electrical components is also CE-certified with indication of classification.

We recommend that you have the installation carried out by an authorised electrician in compliance with current legislation.

We focus on sustainability

At Dansani we consider showing responsibility for the environment is a matter of course. That is why we continually take action in various ways to reduce our impact on the environment and climate.

Our main areas of focus are:

- Developing our products so that their environmental impact is minimised in production, during use, and, not least, when the products are disposed of
- Designing quality products based on Danish traditions of craftsmanship that we are proud of, which can really stand up to many years of use
- Using raw materials, water and energy efficiently to reduce our impact on the environment
- Limiting emissions, waste and effluents from our activities
- Maintaining high safety standards for our employees and promoting responsible attitudes to the environment
- Improving our efforts for the environment in collaboration with our suppliers, customers and other business partners

So when you buy a Dansani product, you can feel secure in the knowledge that we take responsibility for protecting the environment and reducing our climate impact in several different areas.

Caring for the climate is a common responsibility, and even though our initiatives are only a drop in the ocean, they are something we are proud of and will continue to optimise.

See more about our initiatives for the environment and sustainability at www.dansani.co.uk

Our philosophy

Your bathroom is your personal breathing space, and no one can create it better than yourself. With Dansani, it is easy and inspiring to furnish your bathroom with functional and well thought-out solutions that adapt to the needs of the individual.

Danish design

The idea behind Danish design embraces functionality, simplicity, and naturalness, and is expressed in a timeless design. This is the starting point for every product embraced by the Dansani brand.

Functionality

Our products should be easy and comfortable to use, as well as being able to adapt to the size of the space through smart functions that are both practical and durable.

Craftsmanship

Both design and function must be supported by durable craftsmanship. The excellent cabinetry finish is consistent in all our products, evidenced by gorgeous materials and sustainable solutions.

Sustainability

At Dansani, being environmentally responsible is a given. Therefore, we have implemented several measures to reduce our environmental impact. But we also focus on our own work environment, and that our suppliers offer ethically responsible working conditions.
