"I read a statement just the other day which rather attracted my attention. It said Jesus is the only person who made an appointment beyond the grave and kept it. He is unique. In many, many ways, He's unique. And one of the unique features of His life is He died, He was buried, and He was resurrected. And because He was resurrected, all those who believe in Him and follow Him will also be resurrected. TESTIMONY – AZERBAIJAN

"I am very grateful to DPM for openly and freely issuing Derek Prince videos and books on the internet. Although I used to be a Muslim and became a Christian in 1992, my Christian life was hopelessly weak – more theology than Bible. But by God's grace, in 2016 we received a parcel of Derek Prince books and were able to translate these into Azeri. We started with Does Your Tongue Need Healing?. When I read it, I was surprised by the writer's bold statements. I started to search for information about Derek's life and watched the biographical film. I was very impressed. So, I started to pay attention to his words. Then we asked for prayer. 'Can your prayers change something?' I wondered. But today, I am giving this testimony of gratitude to everyone who prayed. After seven years of listening to Derek Prince's teaching, God healed me from a bad wound in my soul while I was listening to Blessing or Curse. I learned from Derek Prince to pray in faith. In 2017, I was praying at home, and a demon of darkness left our house. A big change came since that day, as a big cloud of a grey curse left our family. It was not easy to unlearn and learn anew. But I am very grateful." – Fatima
