# supadü™

Automated ONIX metadata tool that feeds your website store & marketing pages daily

supafoliö

Publisher product data in title management ➡ Catalog import & product enrichment through Supafolio ➡ Feeds websites, stores, site search, social & marketing pages

No need to change your website to use Supafolio API as Supafolio integrates easily with:

shopify   **WORDPRESS**   **Drupal™**

sarah.arbuthnot@supadu.com | www.supadu.com

Supafolio API dynamically delivers automatically updated ONIX metadata from title management to your website, store & marketing sites, including book flyers. Your full catalog is updated daily for up-to date content across all your pages.
