**Learn Ecosystemic Play Therapy Skills & P3 Model
for ethical Play Therapy Practice!**

Guest Presenter: Steven L. Parks, LCSW-S, MBA, RPT-S

Training Description

This continuing education event teaches participants the theory and skills of Ecosystemic Play Therapy. Participants will learn about the Ecosystemic assessment processes intervention selection processes used to conceptualize and treat clients. Participants will also review Play Therapy ethics through examination and application of the P3 ethical model. **Training will be live and in-person only.**

Learning Objectives

At the end of this workshop, the learner will be able to:

1. Recite the core theoretical concepts of Ecosystemic Play Therapy
2. Discuss how assessment of child's developmental level and needs informs the identification of appropriate interventions when working with children and their families
3. Identify when and how to apply an ethical decision-making model in practice of Play Therapy
4. Identify decision-making protocol for incorporating other professional into Play Therapy treatment and intervention plans
5. Assess when Ecosystemic Play Therapy be an effective intervention for a client
