- RAK-ProTek antibacterial and hygienic glaze
- Rimless hygienic flush
- Alpine white finish
- High quality, Geberit flush mechanism
- Super slim, soft close UF seat
- Hidden fixings – no lateral holes
- Concealed pan for easy cleaning
- Left or right rear inlet
- Available as P-Trap or S-Trap
- **WELS 4 Star rated, 4.5L/3L (3.4L average flush)**

RAK-PROTEK

Antibacterial and Hygienic Glaze

Standard
Glaze

RAK-
ProTek

RAK-ProTek is the innovative ceramic glaze developed to protect wash basins, toilets and urinals, to make them more hygienic and easier to clean. RAK-ProTek, which is baked into the ceramic during firing, results in a smoother surface, unlike standard ceramic with irregular surface. This feature allows the particles accumulating on the ceramic to easily slip away making cleaning more efficient and convenient. The silver ions contained in this revolutionary glaze, kill 99.9% of bacteria in 24 hours and prevent the bacterial growth, in comparison to conventional ceramic glazing. RAK-ProTek has been tested by Artest laboratory from the Italian Ceramic district in Modena.

Hidden fixings -
no lateral holes
