WHY KWC?

Globally recognised as one of the finest tap makers, KWC achieves excellence through the constant pursuit of perfection in every step of the journey. Boasting functionality, innovation and design, KWC strives to enhance your kitchen with exclusive and premium product ranges.

Precise

We respond to our customers high expectations with precise solutions that encapsulates 140 years of experience in working with water. This promise applies both to the proven quality of our production processes and our commitment to Switzerland as a production location. It is also reflected in our well-established cooperation with employees, partners and customers in our reliable attention to detail and strong service philosophy.

Pure

KWC taps offer our customers extra value when it comes to comfort, care and investment security. Our solutions are developed in Switzerland and aim to fulfil the highest technological standards with intuitive and resource-friendly functions. This is because we share a long-term responsibility with our customers to use water, earth's key resource, in a respectful way.

Elegant

The design elements of KWC's taps symbolise the Swiss Alps and its pure refreshing water. Our designs have won awards from international expert juries for their unique aesthetics and user-friendly ergonomics, while the aesthetic appearance of our taps ensures our customers' trust in the KWC brand.

In 1957, the first pull-out was invented by KWC.

Pure brass is used to make the fittings.

In 1978, KWC developed the first low-pressure die casting machine in the world.

Using low pressure die casting, the brass is melted and then poured into sand moulds.

Blanks for fittings.

In 1978, KWC developed the first low-pressure die casting machine in the world.

Each part is machined to meet the highest standards.

KWC SwissSmartness

Intelligent design culminating in excellent performance: KWC SwissSmartness embodies superior product design that makes perfection and elegance not only visible, but also tangible.

KWC ServiceControl

A commitment to quality that extends long after delivery: KWC ServiceControl is backed by a well-trained team of tried-and-true KWC experts.

KWC CertificationGuarantee

Trust is good, certifications are better: our KWC CertificationGuarantee ensures that we have all of our products professionally inspected and certified across all markets.

KWC InnovationDrive

A tradition of innovation: Our innate passion for challenging the status quo, optimizing products and processes, and setting trends – that is KWC InnovationDrive. A unique spirit that has defined us since 1874.

KWC QualityControl

Exceptional quality from A to Z: with KWC QualityControl, we guarantee the utmost product reliability. KWC performs and continuously monitors all stages of the process: development, production, installation, and even the manufacture of the required tools.

KWC DetailPassion

Crafted with love, down to the last detail: KWC DetailPassion describes our legendary eye for subtle nuances and that special something. This valuable skill has made us a leading international supplier of superior quality faucets that continue to raise the industry standard.

KWC TimelessDesign

Designed for longevity: KWC TimelessDesign represents exacting aesthetic standards of elegance and perfection that are at once modern and timeless.

Zoe brings a whole new level of luxury to your kitchen. All of the latest trends in architecture and interior design have been incorporated into the development of Zoe.
