

LA CATRINA®

SANGRIA

Flowing from 3000 year old traditions, the Day of the Dead celebration reflects on memories and reminds us all to embrace life now. As the flavors and sensations of La Catrina engulf you, let your past and future merge to toast this moment.

WINEMAKING NOTES

Sangrias are a summer favorite of our winemaking team when fresh fruit is often cut into pitchers of wine they bring up from the cellars, poured over ice and served in tumblers around our communal table. Our winemaker wanted to bring this tradition to everyone and worked with a number of fruits until he decided that the flavors of pomegranate brought out the best in his red blends. Serve chilled with friends for a delightful fun experience.
