

Our Vision:

“To lead the transition to versatile and clean aviation.”

Our Mission:

“We combine the best of helicopters and fixed-wing planes with our game-changing tilt-wing technology to serve a myriad of present and future mission profiles.”

Our Values:

Expertise

We advance technology and safety.

Simplicity

We seek simple solutions to complex challenges.

Inclusivity

We believe a collaborative and diverse environment makes the difference.

Inspiration

We encourage everyone to promote their ideas.
